beautifully designed and crammed with stunning photography this is an inspiring and practical guidebook *American Book Publishing Record*, 1997-09 [The Cotswold Country Cookbook](#) Mollie Harris, 1986 **Books in Print**, 1991 **The Cotswold Way Companion** Cotswold Voluntary Wardens, 2022-05-10 The book will help you to get the most out of walking the Cotswold Way perhaps the best loved of the UK's sixteen designated national trails. It's special for two reasons: it focuses on the Cotswold Way's natural environment and its archaeology and history, and it's the work of people with great knowledge and experience of the trail: members of the Cotswold Way Association (CWA), the charity set up in 2016 to promote its conservation and protection, and Cotswold Voluntary Wardens who patrol the trail and lead walks on it. Proceeds from the book, available as paperback and eBook, will go towards the trail's upkeep and improvement. Chapter 1 spells out the book's aims and illustrates the types of trail improvement the Cotswold Way Association funds. Chapter 2 introduces you to the Cotswolds that are the trail's setting, in particular their geology, grasslands and woodland, distinctive settlement patterns of small towns and villages, vernacular architecture and historical monuments ranging from Neolithic barrows and Iron Age hill forts to Roman villas, medieval castles, manor houses and wool churches, along with several notable towers and beacons. Chapters 3-12 deal with the typically ten-mile or so long stages of the annual Cotswold Way walks that Cotswold Voluntary Wardens lead. Each one draws attention to the stage's main points of interest and beauty, highlighting a major theme such as outstanding flora and fauna, or grand estates, or impact of the wool trade and cloth making. *The British National Bibliography* Arthur James Wells, 2006 **Book Review Index**, 1987 Every 3rd issue is a quarterly cumulation **Walking the Great North Line** Robert Twigger, 2020-04-23 Robert Twigger, poet and travel author, was in search of a new way up England when he stumbled across the Great North Line. From Christchurch on the South Coast to Old Sarum to Stonehenge to Avebury to Notgrove barrow to Meon Hill in the Midlands to Thor's Cave to Arbor Low stone circle to Mam Tor to Ilkley in Yorkshire and its three stone circles and the Swastika Stone to several forts and camps in Northumberland to Lindisfarne plus about thirty more sites en route. A single dead straight line following 1 degree 50 West up Britain. No other north-south straight line goes through so many ancient sites of such significance. Was it just a suggestive coincidence or were they built intentionally? Twigger walks the line which takes him through Birmingham, Halifax and Consett as well as Salisbury Plain, the Peak District and the Yorkshire moors. With a planning schedule that focused more on reading about shamanism and beat poetry than hardening his feet, up he sets off ever hopeful. He wild camps along the way, living like a homeless bum with a heart that starts stifled but ends up soaring with the beauty of life. He sleeps in a prehistoric cave, falls into a river, crosses a suicide viaduct and gets told off by a farmer's wife for trespassing, but in this simple life he finds woven gold. He walks with others and he walks alone, ever alert to the incongruities of the edgelands he is journeying through. **The Cotswolds** Jane Bingham, 2010-02-18 With its gentle hills and timeless villages, the Cotswold countryside is a vision of natural beauty and rural calm, but it is also a region rich in history. In this new addition to the Landscapes of the Imagination series, Jane Bingham

offers an intriguing portrait of the Cotswolds over the centuries ranging from ancient stone circles and ruined Roman villas to the Cotswolds today a picturesque destination spot popular with country weekenders tourists and celebrities Readers will visit fine churches and manor houses that have survived from the Middle Ages and tour a landscape still bearing the scars of the Civil War The home of kings and nobles since Saxon times the region is famous for its elegant estates such as Blenheim Palace England s grandest stately home while signs of the early industrial age can be seen in its mills and factories Artists musicians and writers were also drawn to this rural paradise from William Shakespeare and William Morris to T S Eliot and Ralph Vaughn Williams Bingham captures it all in her charming portrait of this glorious spot in the heart of southern England
