Magic Phrase Critical Essays On Christina Stead:

The Magic Phrase Margaret Harris,2000 This is the first volume of essays by various hands on the work of the great Australian novelist Christina Stead 1902-83 It provides an overview of Stead criticism including pioneering classic essays together with a selection from the burgeoning critical literature of the 1980s and 90s and several articles not previously published Gender, Madness, and Colonial Paranoia in Australian Literature Laura Deane,2017-05-31 This book offers an original and compelling analysis of women's madness, gender and the Australian family Taking up Anne McClintock's call for critical works that psychoanalyze colonialism this radical re-assessment of novels by Christina Stead and Kate Grenville provides a sustained account of women's madness and masculine colonial psychosis from a feminist postcolonial perspective This book rethinks women's madness in the context of Australian colonialism Taking novels of madness by Christina Stead and Kate Grenville as its point of critical departure it applies a post-Reconciliation lens to the study of Australia's gender and racial codes to place Australian sexism and misogyny in their proper colonial context Employing madness as a frame to rethink postcolonial theorizing in Australia Gender, Madness, and Colonial Paranoia in Australian Literature psychoanalyses colonialism to argue that Australia suffers from a cultural pathology based in the strategic forgetting of colonial violence This pathology takes the form of colonial paranoia about race and gender producing distorted gender codes and ways of being Australian This book maps the contours of Australian colonial paranoia weaving feminist literary theory, psychoanalysis and postcolonial theory with poststructuralist approaches to reassess the traditional canon of critical madness scholarship and the place of women's writing within it This provocative work marks a radical departure from much recent feminist cultural and postcolonial criticism and will be essential reading for students of Australian literature, cultural studies and gender studies wanting a new insight into how the Australian psyche is shaped by settler colonialism Christina Stead and the Matter of America Fiona Morrison,2019-10-01 Although Christina Stead is best known for the mid-century masterpiece set in Washington D.C. and Baltimore *The Man Who Loved Children* it was not her only work about the America Five of Christina Stead's mid-career novels deal with the United States capturing and critiquing American life with characteristic sharpness and originality In this examination of Stead's American work Fiona Morrison explores Stead's profound engagement with American politics and culture and their influence on her restlessly experimental style Through the turbulent political and artistic debates of the 1930s, the Second World War and the emergence of McCarthyism *The Matter of America* provoked Stead to continue to create new ways of writing about politics, gender and modernity This is the first critical study to focus on Stead's time in America and its influence on her writing Morrison argues compellingly that Stead's American novels reveal the work of the greatest political woman writer of the mid-twentieth century and that Stead's account of American ideology and national identity remains extraordinarily prescient even today Contemporary Australian Literature Nicholas Birns,2015-12-01 Australia has been seen as a land of both punishment and refuge Australian literature has explored these

controlling alternatives and vividly rendered the landscape on which they transpire Twentieth century writers left Australia to see the world now Australia's distance no longer provides sanctuary But today the global perspective has arrived with a vengeance In *Contemporary Australian Literature A World Not Yet Dead* Nicholas Birns tells the story of how novelists poets and critics from Patrick White to Hannah Kent from Alexis Wright to Christos Tsiolkas responded to this condition With rancour concern and idealism modern Australian literature conveys a tragic sense of the past yet an abiding vision of the way forward Birns paints a vivid picture of a rich Australian literary voice one not lost to the churning of global markets but in fact given new life by it Contrary to the despairing of the critics Australian literary identity continues to flourish And as Birns finds it is not one thing but many In this remarkable bold and fearless book Nicholas Birns contests how literary cultures are read how they are constituted and what they stand for In examining the nature of the barriers between public and private utterance and looking outside the absurdity of the rules of genre Birns has produced a redemptive analysis that leaves hope for revivifying a world not yet dead John Kinsella

Speculative Time Paul Crosthwaite, 2024 *Speculative Time* examines how a climate of financial and economic speculation and disaster shaped the literary culture of the United States in the early to mid twentieth century It argues that speculation's risk laden and crisis prone temporalities had major impacts on writing in the period and on important aspects of visual representation

A Critical Introduction to Law and Literature Kieran Dolin, 2007-03-15 Despite their apparent separation law and literature have been closely linked fields throughout history Linguistic creativity is central to the law with literary modes such as narrative and metaphor infiltrating legal texts Equally legal norms of good and bad conduct of identity and human responsibility are reflected or subverted in literature's engagement with questions of law and justice Law seeks to regulate creative expression while literary texts critique and sometimes openly resist the law Kieran Dolin introduces this interdisciplinary field focusing on the many ways that law and literature have addressed and engaged with each other He charts the history of the shifting relations between the two disciplines from the open affiliation between literature and law in the sixteenth century Inns of Court to the less visible links of contemporary culture Originally published in 2007 this book provides an accessible guide to one of the most exciting areas of interdisciplinary scholarship
