Buch,2009-08-01 Drawing on hundreds of operas singspiels ballets and plays with supernatural themes *Magic Flutes and Enchanted Forests* argues that the tension between fantasy and Enlightenment era rationality shaped some of the most important works of eighteenth century musical theater and profoundly influenced how audiences and critics responded to them David J Buch reveals that despite and perhaps even because of their fundamental irrationality fantastic and exotic themes acquired extraordinary force and popularity during the period pervading theatrical works with music in the French German and Italian mainstream Considering prominent compositions by Gluck Rameau and Haydn as well as many seminal contributions by lesser known artists Buch locates the origins of these magical elements in such historical sources as ancient mythology European fairy tales the Arabian Nights and the occult He concludes with a brilliant excavation of the supernatural roots of Mozart s *The Magic Flute* and Don Giovanni building a new foundation for our understanding of the magical themes that proliferated in Mozart s wake *My Own Magic* Anna Kloots,2023-05-16 For every woman searching for her voice Anna Kloots shares her story of starting over by trusting the magic that was always within Despite what appeared to be a glamorous existence full of globetrotting adventures behind the scenes Anna felt invisible in her own life Consumed by a marriage that left no space for her own desires and creativity she chose to reframe the failure of her marriage as an opportunity to begin again It was Anna s innate sense of adventure and love for the unknown that led her to move abroad travel around the world visiting 80 countries start her own business and marry a magician all before her mid twenties From the outside her jet setting lifestyle alongside her

Giants of the Seas Aaron Saunders,2013-10-01 The cruise ship market is a 30 billion dollar industry and in 2013 it is estimated that it will carry more than 20 million passengers nor is there any sign of a slow down in the seven percent annual growth What keeps the passengers coming in such huge numbers isn t the food the ports or the entertainment They come for the magnificent floating palaces themselves the giants of the sea In this new book the author showcases the most influential cruise ships of the last three decades beginning with Royal Caribbean s ground breaking Sovereign of the Seas When she was launched in 1988 she was the largest passenger ship constructed since Cunard s Queen Mary entered service some 48 years earlier and her entry into service sparked a fiercely competitive building boom that continues to this day The reader is taken aboard thirty of the most spectacular ships to reveal how their innovative designs changed the landscape of modern cruising By employing original and archival photographs deck plans cruise programmes as well as the author s intimate knowledge of many of these vessels a unique picture is built up of these great ships and it becomes clear that the true Golden Age of Cruising is not in some distant past but exists right now and that its origins can be traced back to one ship launched in 1988 A truly sumptuous and fascinating book for all those drawn to the world of the modern cruise ship As seen in Ships Monthly Magazine

Permanent Liminality and Modernity Arpad Szakolczai,2016-10-04 This book offers a comprehensive sociological study of the nature and dynamics of the modern world through the use of a series of anthropological concepts including the trickster schismogenesis imitation and liminality Developing the view that with the theatre playing a central role the modern world is conditioned as much by cultural processes as it is by economic technological or scientific ones the author contends the world is to a considerable extent theatrical a phenomenon experienced as inauthenticity or a loss of direction and meaning As such the novel is revealed as a means for studying our theatricalised reality not simply because novels can be understood to be likening the world to theatre but because they effectively capture and present the reality of a world that has been thoroughly theatricalised and they do so more effectively than the main instruments usually employed to analyse reality philosophy and sociology With analyses of some of the most important novelists and novels of modern culture including Rilke Hofmannsthal Kafka Mann Blixen Broch and Bulgakov and focusing on fin de si cle Vienna as a crucial threshold chronotope of modernity *Permanent Liminality and Modernity* demonstrates that all seek to investigate and unmask the theatricalisation of modern life with its progressive loss of meaning

and our deteriorating capacity to distinguish between what is meaningful and what is artificial Drawing on the work of Nietzsche Bakhtin and Girard to examine the ways in which novels explore the reduction of human existence to a state of permanent liminality in the form of a sacrificial carnival this book will appeal to scholars of social anthropological and literary theory
