**Possession and Spirit Mediumship in Africa and Afro-America** Irving Zaretsky, Cynthia Shambaugh, 2019-06-19 Originally published in 1978, *Spirit Possession and Spirit Mediumship in Africa and Afro America* is an incredibly diverse and comprehensive bibliography on published works containing ethnographic data on and analysis of spirit possession and spirit mediumship in North and Sub-Saharan Africa and in some Afro-American communities in the Western Hemisphere. The sources on Western Afro-American communities were chosen to shed light on the African continent and the Americas. The bibliography, while not exhaustive, provides extensive research on the area of research in spiritualism in Africa and Afro-America. The bibliography also provides unique sources on spirit cults, ritual, or ethnic groups and will be of especial interest to researchers. Although published in the late 70s, this book will still provide an incredibly useful research tool for academics in the area of religion with a focus on spiritualism and non-western religions. **Why People Believe in Spirits, God and**

Dennis, 2016-02-08 An erudite, lively compendium of Jewish magical beliefs, practices, texts, and individuals, superb, comprehensive, belongs in every serious library. Richard M. Golden, Director of the Jewish Studies Program, University of North Texas, and editor of *The Encyclopedia of Witchcraft: The Western Tradition*. Jewish esotericism is the oldest and most influential, continuous occult tradition in the West. Presenting lore that can spiritually enrich your life, this one-of-a-kind encyclopedia is devoted to the esoteric in Judaism: the miraculous and the mysterious. In this second edition, Rabbi Geoffrey W. Dennis has added over thirty new entries and significantly expanded over one hundred other entries, incorporating more knowledge and passages from primary sources. This comprehensive treasury of Jewish teachings, drawn from sources spanning Jewish scripture, the Talmud, the Midrash, the Kabbalah, and other esoteric branches of Judaism, is exhaustively researched yet easy to use. It includes over one thousand alphabetical entries, from Aaron to Zohar Chadash, with extensive cross-references to related topics and new illustrations throughout. Drawn from the well of a great

spiritual tradition the secret wisdom within these pages will enlighten and empower you Rabbi Dennis has performed a tremendously important service for both the scholar and the novice in composing a work of concise information about aspects of Judaism unbeknownst to most and intriguing to all Rabbi Gershon Winkler author of *Magic of the Ordinary* Recovering the Shamanic in Judaism **Witchcraft, Demonology and Magic** Marina Montesano, 2020-05-20 Witchcraft and magic are topics of enduring interest for many reasons The main one lies in their extraordinary interdisciplinarity anthropologists folklorists historians and more have contributed to build a body of work of extreme variety and consistence Of course this also means that the subjects themselves are not easy to assess In a very general way we can define witchcraft as a supernatural means to cause harm death or misfortune while magic also belongs to the field of supernatural or at least esoteric knowledge but can be used to less dangerous effects e g divination and astrology In Western civilization however the witch hunt has set a very peculiar perspective in which diabolical witchcraft the invention of the Sabbat the persecution of many thousands of mostly female and sometimes male presumed witches gave way to a phenomenon that is fundamentally different from traditional witchcraft This Special Issue of Religions dedicated to Witchcraft Demonology and Magic features nine articles that deal with four different regions of Europe England Germany Hungary and Italy between Late Medieval and Modern times in different contexts and social milieus Far from pretending to offer a complete picture they focus on some topics that are central to the research in those fields and fit well in the current cumulative concept of Western witchcraft that rules out all mono causality theories investigating a plurality of causes *The ^AMagic Lantern* Jose Tomas de Cuellar, 2000-11-16 Jos Tomas de Cuellar 1830 1894 was a Mexican writer noted for his sharp sense of humor and gift for caricature Having a Ball and Christmas Eve are two novellas written in the costumbrista style made popular in the mid nineteenth century by the periodical press in which these sketches of contemporary manners were first published The stories are a sensitive reflection of the effects of modernization brought by an authoritarian regime dedicated to order and progress Christmas Eve describes a volatile middle class in which people pursue pleasure and entertainment without regard to morality Having a Ball depicts women and their dedication to fashion It is through them that Cuellar examines a society susceptible to foreign values the importation of which radically altered the face of Mexico and its traditional customs

*Spirit Possession in Judaism* Matt Goldish, 2003 Goldish has edited an extremely important collection of essays that promises to radically transform the way many people view Judaism One of the volume s most useful features is its wide historical scope This collection explores different forms of possession including dybbuk malevolent possession the best known phenomenon and lesser known types such as ibbur impregnation gilgul reincarnation and maggid angelic mentor

Jewish Magic and Superstition Joshua Trachtenberg, 2012-10-08 Alongside the formal development of Judaism from the eleventh through the sixteenth centuries a robust Jewish folk religion flourished ideas and practices that never met with wholehearted approval by religious leaders yet enjoyed such wide popularity that they could not be altogether excluded from

the religion According to Joshua Trachtenberg it is not possible truly to understand the experience and history of the Jewish people without attempting to recover their folklife and beliefs from centuries past Jewish Magic and Superstition is a masterful and utterly fascinating exploration of religious forms that have all but disappeared yet persist in the imagination The volume begins with legends of Jewish sorcery and proceeds to discuss beliefs about the evil eye spirits of the dead powers of good the famous legend of the golem procedures for casting spells the use of gems and amulets how to battle spirits the ritual of circumcision herbal folk remedies fortune telling astrology and the interpretation of dreams First published more than sixty years ago Trachtenberg's study remains the foundational scholarship on magical practices in the Jewish world and offers an understanding of folk beliefs that expressed most eloquently the everyday religion of the Jewish people

shamans use to achieve altered states of consciousness communicate with spirits travel in the spirit world and retrieve souls Unlike most Western books on shamanism which focus narrowly on the individual's experience of healing and trance Shamanism also examines the function of shamanism in society from social political and historical perspectives and identifies the ancient continuous thread that connects shamanistic beliefs and rituals across cultures and millennia

**Jesus and Magic** Richard A Horsley, 2015-04-30 It has become standard in modern interpretation to say that Jesus performed miracles and even mainline scholarly interpreters classify Jesus's healings and exorcisms as miracles Some highly regarded scholars have argued more provocatively that the healings and exorcisms were magic and that Jesus was a magician As Richard Horsley points out if we make a critical comparison between modern interpretation of Jesus's healing and exorcism on the one hand and the Gospel stories and other ancient texts on the other hand it becomes clear that the miracle and magic are modern concepts products of Enlightenment thinking Jesus and Magic asserts that Gospel stories do not have the concepts of miracle and magic What scholars constructed as magic turns out to have been ritual practices such as songs incantations medicines potions and appeals to higher powers for protection Horsley offers a critical reading of the healing and exorcism episodes in the Gospel stories This reading reveals a dynamic relationship between Jesus the healer the trust of those coming for healing and their support networks in local communities Horsley's reading of the Gospel stories gives little or no indication of divine intervention Rather the healing and exorcism stories portray healings and exorcisms

**Capitalism Magic Thailand** Peter A Jackson,2021-12-13 By studying intersections among new cults of wealth ritually empowered amulets and professional spirit mediumship which have emerged together in Thailand's dynamic religious field in recent decades *Capitalism Magic Thailand* explores the conditions under which global modernity produces new varieties of enchantment Bruno Latour's account of modernity as a condition fractured between rationalizing ideology and hybridizing practice is expanded to explain the apparent paradox of new forms of magical ritual emerging alongside religious fundamentalism across a wide range of Asian societies In Thailand novel and increasingly popular varieties of ritual now form a symbolic complex in which originally distinct cults centred on Indian deities Chinese gods and Thai religious and royal figures have merged in commercial spaces and media sites to sacralize the market and wealth production Emerging within popular culture this complex of cults of wealth amulets and spirit mediumship is supported by all levels of Thai society including those at the acme of economic and political power New theoretical frameworks are presented in analyses that challenge the view that magic is a residue of premodernity placing the dramatic transformations of cultic ritual centre stage in modern Thai history It is concluded that modern enchantment arises at the confluence of three processes neoliberal capitalism's production of occult economies the auraticizing effects of technologies of mass mediatization and the performative force of ritual in religious fields where practice takes precedence over doctrine
