Magistrates Tale:

The Magistrate's Tale Trevor Grove, 2012-08-07 When Trevor Grove was called up for Jury service he became so intrigued with the justice system that he wrote a successful book about it *The Juryman's Tale* Now he's joined the magistracy and gives a fascinating funny and insightful account of just how the magistracy works at a time of great change Lay magistrates deal with more than 95 per cent of all criminal cases in England and Wales yet they are all volunteers drawn from local communities with no legal training or special qualifications and are not paid a penny for what they do Astonishingly little is known about what it is like to serve as a magistrate Each year 5 000 people apply to become magistrates only 25 per cent are successful This book is the first for many years to shed light on the experience Interweaving his own personal experience of becoming a magistrate in north London with general observations relevant interviews and a little history Trevor Grove takes us on a fascinating journey into this extraordinary and unique institution He has visited courts all over the country to talk to magistrates and observe how crimes and criminals differ from region to region and how the benches dealing with them differ too He has visited jails and Young Offenders Institutions and he has interviewed all of the principal players from the Lord Chief Justice and Home Secretary to more integral characters such as justices clerks ushers probation officers local police and offenders His journey uncovers a remarkable act of national faith in the good sense of ordinary people which says a great deal more about the strength and health of our democracy than is sufficiently appreciated *Tales of Magistrate Bao and His Valiant Lieutenants*, 1998-01-15 Murder Mystery and Courtroom Drama Chinese Style Sanxia wuyi later revised and called Qixia wuyi is a semi historical narrative of adventure crime detection and courtroom drama It revolves around the famed Song dynasty magistrate Bao Zheng 999 1072 who is more commonly known as Magistrate Bao Bao Gong and is the quintessential incorruptible government official This novel derived from the oral narrative attributed to the Qing storyteller Shi Yukun fl 1870s was first published in 1879 after undergoing a complex and fascinating textual evolution The non historical component of narrative which represents the creative genius of the storyteller and his tradition revolves around a group of compelling heroes and gallants foremost among them are Zhan Zhao Hero Par Excellence Jiang Ping Diplomat Supreme and Unparalleled Underwater Genius Ai Hu Youngest of the Tried and True and the beloved Bai Yutang Gallant of Incomparable Elegance and Passion *The English Legal System* Alisdair Gillespie, 2013-04-18 *The English Legal System* provides a lively and approachable introduction for those new to the study of law The textbook presents the main areas of the legal system and encourages students to critique the wider aspects of how law is made and reformed Clearly structured in five parts Sources of Law Courts and Practitioners Criminal Justice System Civil Justice System and The Future of ELS the text is designed to reflect the content of legal system courses and provides thorough and informative coverage of all main topics The author's engaging writing style brings the subject to life and questions for reflection encourage students to engage with and debate the controversial aspects of the legal system Real life

in day to day life and in current affairs **Access to Justice in Magistrates' Courts** Lucy Welsh,2022-01-27 This book examines access to justice in summary criminal proceedings by considering the ability of defendants to play an active and effective role in the process Access to justice refers not just to the availability of legally aided representation but also to the ability of defendants to understand and effectively participate in summary criminal proceedings more generally It remains a vital principle of justice that justice should not only be done but should also be seen to be done by all participants in the process The book is based on socio legal research The study is ethnographic based on observation conducted in four magistrates courts in South East England and interviews with both defence lawyers and Crown prosecutors Setting out an argument that defendants have always been marginalised through particular features of magistrates court proceedings such as courtroom layout and patterns of behaviour among the professional workgroups in court the political climate in relation to defendants and access to justice that has persisted since 2010 has further undermined the ability of defendants to play an active role in the process Ultimately this book argues that recent governments have demanded ever more efficiency and cost saving in criminal justice In that context principles that contribute to access to justice for defendants have been seriously undermined **G. Transforming Summary Justice Jenni Ward, 2016-11-10 Sweeping changes are being introduced into the lower tier magistrates courts in England and Wales in efforts to modernise the system and speed up case processing They concentrate on delivering prompt justice within a modern efficient and technologically advanced system But these transformations are fundamentally changing the way justice is delivered This book analyses criminal court streamlining processes and argues that there are areas where due process protections are being undermined Transforming Summary Justice reports empirical research carried out with lay magistrates and criminal justice professionals Views and experiences drawn from magistrates are valuable because of the central role they perform in lower court justice Further magistrates provide a wider understanding of the context in which the lower criminal courts operate and enable a critical appraisal of this unique style of lay justice This book is directed at students of criminology criminal justice and socio legal studies who will find the debates stimulating and useful to engage with in contemporary analyses of criminal court justice It will also be of interest to justice and legal professionals who are seeing swingeing alterations to the field in which they work The book will have appeal in other common law jurisdictions where similar modifications to lower court justice are occurring and also across Europe
