Something Sensational William Guy, 2008-09-10 This is a book of travel essays but it is not about what is commonly meant today by travel e g package tours for middle aged middle class tourists who pile in and out of airconditioned buses around the world for their hour at the obligatory sights passive entertainment These essays are about travel warts and all the agony and the ecstasy of a do it yourself process from traffic jams in southern Italy to swiftly gliding dream trains in northern Germany and quite a bit in between They depict a passionate quest for art music beauty journeys to that realm of supreme aesthetic experience which is to be found in front of paintings by the masters and at great performances of operas in Tyrolian villages epiphanies in dusty Italian squares or in Imperial palaces They describe an immersion in the history the landscape and the daily life of other countries They also describe the complex fate of being an American in strange lands They sometimes toy with the Jamesian question where can Americans possibly truly belong
