Shared Characters in Jain, Buddhist and Hindu Narrative Naomi Appleton, 2016-11-25 Taking a comparative approach which considers characters that are shared across the narrative traditions of early Indian religions Brahmanical Hinduism Jainism and Buddhism Shared Characters in Jain Buddhist and Hindu Narrative explores key religious and social ideals as well as points of contact dialogue and contention between different worldviews The book focuses on three types of character gods heroes and kings that are of particular importance to early South Asian narrative traditions because of their relevance to the concerns of the day such as the role of deities the qualities of a true hero or good ruler and the tension between worldly responsibilities and the pursuit of liberation Characters including character roles and lineages of characters that are shared between traditions reveal both a common narrative heritage and important differences in worldview and ideology that are developed in interaction with other worldviews and ideologies of the day As such this study sheds light on an important period of Indian religious history and will be essential reading for scholars and postgraduate students working on early South Asian religious or narrative traditions Jain Buddhist and Hindu as well as being of interest more widely in the fields of Religious Studies Classical Indology Asian Studies and Literary Studies **Bookseller's catalogues** Thornton J. and son, 1883 **Early Buddhist Narrative Art** Patricia E. Karetzky, 2000-04-26 Early Buddhist Narrative Art is a pictorial journey through the transmission of the narrative cycle based on the life of the historical Buddha Karetzky while demonstrating the various evolutions that the image of the Buddha underwent maintains that there is an underlying homogeneity of the tradition in the cultures of India Central Asia China and Japan The author while focusing on the visual representation of the Buddhist narrative goes into some detail regarding the importance of scriptures in each society and how the written tradition informed the pictorial Over seventy photos fill this book which will be of interest to scholars of art history Eastern religion and Buddhism in particular Stars at Dawn Wendy Garling, 2016-08-30 In this retelling of the ancient legends of the women in the Buddha's intimate circle lesser known stories from Sanskrit and Pali sources are for the first time woven into an illuminating coherent narrative Interspersed with original insights fresh interpretations and bold challenges to the status quo these stories invite us to open our minds to a new understanding of women's roles in the Buddha's life and in early Buddhism *Dreamworlds of Shamanism and Tibetan Buddhism* Angela Sumegi, 2008-05-08 Explores shamanic and Tibetan Buddhist attitudes toward dreams Roaming Free Like a Deer Daniel Capper, 2022-03-15 By exploring lived ecological experiences across seven Buddhist worlds from ancient India to the contemporary West Roaming Free Like a Deer provides a comprehensive critical and innovative examination of the theories practices and real world results of Buddhist environmental ethics Daniel Capper clarifies crucial contours of Buddhist vegetarianism or meat eating nature mysticism and cultural speculations about spirituality in nonhuman animals Buddhist environmental ethics often are touted as useful weapons in the fight against climate change However two formidable but often overlooked problems with

this perspective exist First much of the literature on Buddhist environmental ethics uncritically embraces Buddhist ideals without examining the real world impacts of those ideals thereby sometimes ignoring difficulties in terms of practical applications Moreover for some understandable but still troublesome reasons Buddhists from different schools follow their own environmental ideals without conversing with other Buddhists thereby minimizing the abilities of Buddhists to act in concert on issues such as climate change that demand coordinated large scale human responses With its accessible style and personhood ethics orientation *Roaming Free Like a Deer* should appeal to anyone who is concerned with how human beings interact with the nonhuman environment A Survey of Vinaya Literature Charles S. Prebish, 2013-01-11 The most important research tool for vinaya studies Covers both primary and secondary sources in Sanskrit Pali Tibetan and Chinese as well as modern sources in English French German and Japanese *The Buddhist Theory of Self-Cognition* Zhihua Yao, 2012-09-10 This highly original work explores the concept of self awareness or self consciousness in Buddhist thought Its central thesis is that the Buddhist theory of self cognition originated in a soteriological discussion of omniscience among the Mahasamghikas and then evolved into a topic of epistemological inquiry among the Yogacarins To illustrate this central theme this book explores a large body of primary sources in Chinese Pali Sanskrit and Tibetan most of which are presented to an English readership for the first time It makes available important resources for the study of the Buddhist philosophy of mind Skilful Means Michael Pye, 2004-08-02 Skilful means is the key principle of Mahayana one of the great Buddhist traditions I illuminates a core working philosophy essential for any complete understanding of Buddhism Eternal Legacy Sangharakshita, 2013-09-27 An invaluable guide and reference book to Buddhist sacred texts The Eternal Legacy gives students of Buddhism an unparalleled overview of texts from canonical Pali works to Mahayana sutras together with their doctrinal and historical context and significance It brilliantly and concisely summarizes the essence of core Buddhist teachings such as the Diamond Sutra Lotus Sutra Flower Ornament Sutra and Perfection of Wisdom scriptures The author also addresses the question of what actually constitutes Buddhism s authentic canonical literature Approaching the Dhamma Anne M. Blackburn, PhD, Jeffrey Samuels, 2016-05-15 Eleven eminent Buddhist studies scholars have contributed essays to this collection assembled to celebrate the life of the late Sri Lankan scholar social worker and meditation master Godwin Samararatne *Garland of the Buddha's Past Lives (Volume 1)* Aryashura, 2017-04-01 The Garland of Past Lives is a collection of thirty four stories depicting the miraculous deeds performed by the Buddha in his previous rebirths Composed in the fourth century C E by the Buddhist monk Aryashura the text s accomplished artistry led Indian aesthetic theorists to praise its elegant mixture of verse and prose The twenty stories in this first volume deal primarily with the virtues of giving and morality Ascetics sacrifice their lives for hungry tigers kings open their veins for demons to drink their blood helmsmen steer their crew through perilous seas and quail chicks quench forest fires by proclaiming words of truth The experience is intended to arouse astonishment in the audience inspiring devotion through the future Buddha s transcendence of

conventional norms in his quest to acquire enlightenment and save the world from suffering The importance of such stories of past lives in traditional Buddhist culture throughout Asia and up to today cannot be overestimated **The A to Z of**

Buddhism Carl Olson,2009-09-02 In the early 21st century Buddhism has become ubiquitous in America and other western nations moving beyond the original bodhi tree in India to become a major global religion During its journey westward it has changed adapted to new cultures and offered spiritual help to many people looking for answers to the problems of life It is being studied in institutions of higher education being practice by many people and having its literature translated and published The A to Z of Buddhism covers and clarifies Buddhist concepts significant figures movements schools places activities and periods This is done through a chronology an introductory essay a bibliography and over 700 cross referenced dictionary entries *Power, Wealth and Women in Indian Mahayana Buddhism* Douglas Osto,2008-11-19 This book presents

the most detailed and theoretically sophisticated study of the important Mahayana Buddhist scripture Gandavyuha sutra The author puts forward a new approach to the study of Mahayana Buddhist sources the systems approach by which literature is viewed as embedded in a social system and he analyses the key themes of power wealth and women to its social context in ancient India **Tantric Traditions in Transmission and Translation** David B. Gray,Ryan Richard Overbey,2016-03-14

Tantric traditions in both Buddhism and Hinduism are thriving throughout Asia and in Asian diasporic communities around the world yet they have been largely ignored by Western scholars until now This collection of original essays fills this gap by examining the ways in which Tantric Buddhist traditions have changed over time and distance as they have spread across cultural boundaries in Asia The book is divided into three sections dedicated to South Asia Central Asia and East Asia The essays cover such topics as the changing ideal of masculinity in Buddhist literature the controversy triggered by the transmission of the Indian Buddhist deity Heruka to Tibet in the 10th century and the evolution of a Chinese Buddhist Tantric tradition in the form of the True Buddha School The book as a whole addresses complex and contested categories in the field of religious studies including the concept of syncretism and the various ways that the change and transformation of religious traditions can be described and articulated The authors leading scholars in Tantric studies draw on a wide array of methodologies from the fields of history anthropology art history and sociology Tantric Traditions in Transmission and Translation is groundbreaking in its attempt to look past religious linguistic and cultural boundaries **Garland of the**

Buddha's Past Lives (Volume 2) Aryashura,2017-04-01 In this second volume of the Garland of Past Lives Aryashura applies his elegant literary skill toward composing fourteen further stories that depict the Buddha's quest for enlightenment in his former lives Here the perfection of forbearance becomes the dominant theme as the future Buddha suffers mutilations from the wicked and sacrifices himself for those he seeks to save Friendship too takes on central significance with greed leading to treachery and enemies transformed into friends through the transformative effect of the future Buddha's miraculous virtue The setting for many such moral feats is the forest Portrayed as home for the future Buddha in his lives as

an animal or ascetic the peaceful harmony of this idyllic realm is often violently interrupted by intrusions from human society Only the future Buddha can resolve the ensuing conflict influencing even kings in the stories but also throughout Asian history to express wonder and devotion at the startling demonstrations of virtue they encounter Mahāyāna Buddhism Paul Williams,1989 This book aims to provide in one volume an up to date and accurate account of the principles of Mahayana Buddhism as they are found in both the Indo Tibetan and East Asian forms of Mahayana Originating in India Mahayana Buddhism spread to Central Asia Tibet Mongolia China Japan and other countries of East Asia In Tibet and East Asia Mahayana eventually became the prevalent form of Buddhism Western interest in Mahayana has increased considerably over the last twenty five years reflected both in the quantity of scholarly material produced and also in the attraction of Westerners towards Tibetan Buddhism and r aug This book aims to provide in one volume an up to date and accurate account of the principles of Mahayana Buddhism as they are found in both the Indo Tibetan and East Asian forms of Mahayana It seeks to introduce and reflect some of the recent scholarly work in the field and in particular the book is concerned to convey the diversity and richness of Mahayana Buddhism a diversity which prevents any attempt at simple definition **Historical Dictionary of Buddhism** Carl Olson,2021-07-15 Moving beyond the original bodhi tree where the historical Buddha attained enlightenment Buddhism spread throughout Asia and in more recent history has become ubiquitous in America and other Western nations as it marches into the status of a major global religion During its history westward it has changed adapted to new cultures and offered spiritual help to those looking for answers to the problems of life Buddhism is studied in institutions of higher education practice by many people worldwide and its literature is translated in numerous languages Historical Dictionary of Buddhism Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 900 cross referenced entries on important personalities as well as complex theological concepts significant practices and basic writings and texts This book is an excellent resource for students researchers and anyone wanting to know more about Buddhism **The Concept of the Buddha** Guang Xing,2005 Guang Xing gives an analysis of one of the fundamental Mahayana Buddhist teachings namely the three bodies of the Buddha the trikaya Theory which is considered the foundation of Mahayana philosophy He examines how and why the philosophical concept of three bodies was formed particularly the Sambhogakaya which is the Buddha to be worshipped by all Mayahanists Written in an accessible way this work is an outstanding research text for students and scholars of Mayahana Buddhism and anyone interested in Buddhist philosophy *Four Illusions* Candrakirti,2003-02-27 This book provides the first English translation of Candrakirti s commentary ca 6 7th century C E on four illusions that prevent us from becoming Buddhas Lang s translation captures the clarity of Candrakirti s arguments and the lively humor of the stories and examples he uses Lang s introduction explores the range of Candrakirti s interests in religion philosophy psychology politics and erotic poetry
