Maine A History Through Selected Readings:

Maine David Clayton Smith, Edward O. Schriver, 1985-01-01 *Maine* David C. Smith, 1985 Selected Readings in American Military History Infantry School (U.S.), 1953 Selected Readings in American History Theodore Calvin Pease, Ashbel Selwells Roberts, 1928 Prayers in the Precincts John C. Green, Mark J. Rozell, Clyde Wilcox, 2000-04-04 In the wake of the Clinton Lewinsky scandal the Christian Right expected major victories in the 1998 elections Instead many of its allies lost close contests and the movement was seen as a liability in some high profile campaigns In the only in depth study of the Christian Right s role in these races leading scholars analyze the role of the movement in fourteen key states from Maine to California and address speculations that the movement is fading from the American political scene The book focuses on elections on the state and local levels where the Christian Right is most influential and it describes the movement s niche in some detail Although each campaign described in the book had its unique characteristics the editors have drawn some broad conclusions about the 1998 elections While the movement was weak in the areas of candidate recruitment and fundraising they say the outcome may have also been related to external factors including a broader turnout of typically Democratic constituencies and the country s boredom with the scandal that conservatives had made the centerpiece of their campaign Despite the setbacks of 1998 the contributors argue the Christian Right continues to have an enormous influence on the political dialogue of the country Written from an unbiased nonpartisan perspective this volume sheds light on a topic that is too frequently mired in controversy *Summer by the Seaside* Bryant Franklin Tolles, 2008 A sweeping richly illustrated architectural study of the large historic New England coastal resort hotels The New Larned History for Ready Reference, Reading and Research Josephus Nelson Larned, 1923 Paintbrush for Hire Frederick C. Moffatt, 2024-01-12 I was pulled into the story and read every word Randolph Delehanty author of *Art in the American South* Works from the Odgen Collection Throughout the nineteenth century itinerant painters traveled the length and breadth of Europe and America in search of patronage In the company of the his crupulous wife Emma S Cameron 1825 1907 the Scots born James Cameron 1816 1882 sought to fulfill his ambitious dream of becoming an artist Working primarily as a landscapist and portraitist he was also an inventor a missionary an ordained minister a land agent farmer clothing merchant and Sunday school teacher Cameron produced a small collection of paintings during the ten year period the couple resided in East Tennessee and the American South Driven by the wife s lively journals correspondence and Civil War diary Moffatt s narrative details the couple s marriage their extended honeymoon in revolutionary Italy and following a brief excursion in the Adirondacks their subsequent residencies in Knoxville Chattanooga Memphis Nashville Augusta central Mississippi and New Orleans between 1856 and 1868 While in Chattanooga they settled near Col James A Whiteside s fashionable summer resort Lookout Mountain Hotel where James reigned as resident artist and Emma reluctantly served as the house nurse and social entertainer In the late 1860s they lived in Maine and after 1874 in California where they founded separate Presbyterian

churches The book emphasizes Cameron s painting career the patrons who supported it and discusses his best known works all of which are reproduced here The study demonstrated how persisted while working under a cultural cloud that often devalued artistic achievement Emma s journals reveal her to be a perceptive observer of Protestant middle class life on the run and yields insight into historic events in the making including the Italian Risorgimento the American Civil War and the settlement of America s Western frontier Moffatt s detailed joint biography provides a valuable contribution to women s studies art history nineteenth century frontier expansionism and social history Frederick C Moffatt is emeritus professor of art history at the School of Art University of Tennessee Knoxville He is the author of *Arthur Wesley Dow 1857 1922 Errant Bronzes* George Grey Barnard s *Statue of Abraham Lincoln and The Life Art and Times of Joseph Delaney 1904 1991* **New England** Joseph E. Coduri, Committee for a New England Bibliography, 1989 **Studies in History, Economics, and Public Law** ,1908 **The History of Cook County, Illinois** Weston A. Goodspeed, In this book the author Weston A Goodspeed and the editor Juergen beck offer a general survey of Cook County history including a condensed history of Chicago and special account of districts outside the city limits from the earliest settlement to the time of the turn of the 20th century There is hardly a book that contains more information and is more complete than this edition with more than 540 pages full of facts and data *The Chautauquan* ,1883 **Auditor's ... Annual Report ...** Portland (Me.),1888 Report of the Mayor on the Financial Concerns of the City of Portland Portland (Me.),1884 **Introduction to Agricultural Economics** Lewis Cecil Gray,1924 Suggested readings at end of each chapter **Old-time New England** ,1995 **SNI Documents** National Criminal Justice Reference Service (U.S.),1978 **The Best Reading: Hints on the Selection of Books** Frederic Beecher Perkins,1877 Catalogue of Yale University ,1887 *A World History of War Crimes* Michael S. Bryant,2015-12-17 A World History of War Crimes provides a truly global history of war crimes and the involvement of the legal systems faced with these acts Documenting the long historical arc traced by human efforts to limit warfare from codes of war in antiquity designed to maintain a religiously conceived cosmic order to the gradual use in the modern age of the criminal trial as a means of enforcing universal norms this book provides a comprehensive one volume account of war and the laws that have governed conflict since the dawn of world civilizations Throughout his narrative Michael Bryant locates the origin and evolution of the law of war in the interplay between different cultures While showing that no single philosophical idea underlay the law of war in world history this volume also proves that war in global civilization has rarely been an anarchic free for all Rather from its beginnings warfare has been subject to certain constraints defined by the unique needs and cosmological understandings of the cultures that produce them Only in late modernity has law assumed its current international humanitarian form The criminalization of war crimes in international courts today is only the most recent development of the ancient theme of constraining when and how war may be fought
