Maine Forms of American Architecture, 1976 **Homelands** Richard L. Nostrand, Lawrence E. Estaville, 2003-05-01

What does it mean to be from somewhere If most people in the United States are from some place else what is an American homeland In answering these questions the contributors to *Homelands A Geography of Culture and Place across America* offer a geographical vision of territory and the formation of discrete communities in the U S today *Homelands* discusses groups such as the Yankees in New England Old Order Amish in Ohio African Americans in the plantation South Navajos in the Southwest Russians in California and several other peoples and places *Homelands* explores the connection of people and place by showing how aspects of several different North American groups found their niche and created a homeland A collection of fifteen essays *Homelands* is an innovative look at geographical concepts in community settings It is also an exploration of the academic work taking place about homelands and their people of how factors such as culture settlement and cartographic concepts come together in American sociology There is much not only to study but also to celebrate about American homelands As the editors state Underlying today s pluralistic society are homelands large and small strong and weak that endure in some way The mosaic of homelands to which people bonded in greater or lesser degrees affirms in a holistic way America s diversity its pluralistic society The authors depict the cultural effects of immigrant settlement The conviction that people need to participate in the life of the homeland to achieve their own self realization within the traditions and comforts of that community *Homelands* gives us a new map of the United States a map drawn with people s lives and the land that is their home *Architecture and Town Planning in Colonial North America* James D. Kornwolf, Georgiana Wallis Kornwolf, 2002 Incorporating more than 3 000 illustrations Kornwolf s work conveys the full range of the colonial encounter with the continent s geography from the high forms of architecture through formal landscape design and town planning From these pages emerge the fine arts of environmental design an understanding of the political and economic events that helped to determine settlement in North America an appreciation of the various architectural and landscape forms that the settlers created and an awareness of the diversity of the continent s geography and its peoples Considering the humblest buildings along with the mansions of the wealthy and powerful public buildings forts and churches Kornwolf captures the true dynamism and diversity of colonial communities their rivalries and frictions their outlooks and attitudes as they extended their hold on the land **Catalog of Copyright Entries. acknowledged and her gardens are being studied restored and opened to the public A long awaited updated edition of the 2009 definitive monograph *Beatrix Farrand Garden Artist Landscape Architect* chronicles the life and work of one of the most important figures in American landscape architecture Born into a prominent New York family she was Edith Wharton's niece Farrand designed lavish gardens for the leaders of society including the Harknesses the Rockefellers and the Blisses Ultimately her portfolio extended to college and university campuses including Princeton Yale and the University of Chicago and public gardens the Santa Barbara Botanic Garden and the Rose Garden at the New York Botanical Garden among them Her best known design is the landscape at Dumbarton Oaks in Washington D C originally a private residence with extensive grounds and now a research center for Harvard University surrounded by a naturalistic park restored and maintained by the National Park Service Deeply influenced by the English garden designer Gertrude Jekyll Farrand was known for broad expanses of lawn with deep swaths of borders planted in a subtle palette of foliage and flowers In her public work she adapted this design strategy to create paths and plantings that define the character of the space and the circulation through it Heavily illustrated with archival images and photographs of her gardens at their peak many taken especially for this book *Beatrix Farrand Garden Artist Landscape Architect* also displays beautiful watercolor wash renderings of her designs now preserved at College of Environmental Design of the University of California at Berkeley The new edition includes updated images that reflect the current state of gardens including the Peggy Rockefeller Rose Garden at the New York Botanical Garden the International House Courtyard at the University of Chicago Garland Farm Farrand's last home and garden which has recently been restored Dumbarton Oaks Dumbarton Oaks Park which was not included in the first edition among others The book concludes with a comprehensive list of Farrand's commissions and the gardens open to the public providing direction for further study and exploration It also features a new preface outlining the milestones in research since the first edition's publication updated details about ownership and renovations of many properties and a revised bibliography including articles and books published over the past ten years Published to coincide with the 150th anniversary of Farrand's birth and written by landscape historian and preservation consultant Judith B Tankard *Beatrix Farrand Garden Artist Landscape Architect* takes readers on a tour of Farrand's finest works celebrating her influence on succeeding generations of women landscape architects

The Steeples of Old New England Kirk Shivel, 1998 The church steeple was one of the first art forms to be cultivated in this new land becoming one of early America's principal artistic achievements The backstory of this distinctive art form is a fascinating one The Yankees a homogenous group emerged in New England in the early 18th century Their artistic abilities in design are also prevalent in silverwork and furniture craft however it was in their steeples that they excelled and in which they were best expressed In *The Steeples of Old New England* Kirk Shivel traces both the history of these steeples and the Yankee society that built them including many examples and anecdotes covering the period between 1701 through 1860 This book provides a wealth of information students of history architecture and religion or

anyone else interested in reading about or visiting these historical landmarks These magnificent edifices rose up everywhere on the newly settled New England landscape the earliest built only a half century before the American Revolution and the last built right before the Civil War There are over 115 exquisitely beautiful illustrations some full color and others taken from documents of the period A comprehensive directory and bibliography are also included **Historic and**

Commission,1976 **Paradise Planned** Robert A.M. Stern,David Fishman,Jacob Tilove,2013-12-03 Paradise Planned is the definitive history of the development of the garden suburb a phenomenon that originated in England in the late eighteenth century was quickly adopted in the United State and northern Europe and gradually proliferated throughout the world These bucolic settings offered an ideal lifestyle typically outside the city but accessible by streetcar train and automobile Today the principles of the garden city movement are once again in play as retrofitting the suburbs has become a central issue in planning Strategies are emerging that reflect the goals of garden suburbs in creating metropolitan communities that embrace both the intensity of the city and the tranquility of nature Paradise Planned is the comprehensive encyclopedic record of this movement a vital contribution to architectural and planning history and an essential recourse for guiding the repair of the American townscape *Charlevoix* Philippe Dubé,Jacques Blouin,1990 When asked Where is Murray Bay US

President Taft always replied Murray Bay is a state of mind For over two hundred years the Charlevoix region has played host to some of the world s most famous and adventurous travellers Considered the Newport of Canada Charlevoix has been

a meeting place for rural French Canadians and urban English speaking visitors Carson Site and the Late Ceramic Period in Passamaquoddy Bay, New Brunswick David Sanger,1987-01-01 In 1969 the Carson site BgDr 5 on the eastern side of Digdeguash Harbor on the northern side of Passamaquoddy Bay is one of several shell middens excavated as part of an investigation into the nature of prehistoric adaptations to the environment of southwestern New Brunswick Published in English *To Live in the New World* Judith K. Major,1997 While most historians and critics have focused on the treatise Judith Major gives equal emphasis to Downing s spirited monthly editorials in the Horticulturist In the journal Downing spoke American and encouraged his countrymen and women to practice economy to use America s rich natural resources wisely yet artfully to be content with a little cottage and a few fine native trees *Pietro Belluschi* Meredith L. Clausen,1994 Meredith Clausen reveals the enormous power that Belluschi wielded as an arbiter of taste and decision maker in the 1950s and 1960s his role in shaping the policy of the State Department in its overseas building program and his role in securing major commissions for favored architects such as I M Pei Equally important is Clausen s discussion of Belluschi s role in the development of regionalism in the Pacific Northwest and its impact on the definition of modernism as it was emerging in the United States Our Days Are Like Full Years Harriet Pattison,2020-10-27 An intimate glimpse into the professional and romantic relationship between Harriet Pattison and the renowned architect Louis Kahn On a winter day in 1953 a mysterious man in a sheepskin coat stood out to Harriet Pattison then a theater student at Yale She would later learn he was the architect Louis Kahn 1901 1974 This chance encounter served as preamble to a fifteen year romance with Pattison becoming the architect s closest confidante his intellectual partner and the mother of his only son Here for the first time Pattison recounts their passionate and sometimes searing relationship Married and twenty seven years her senior Kahn sent her scores of letters many from far flung places until his untimely death This book weaves together Pattison s own story with letters postcards telegrams drawings and photographs that reveal Kahn s inner life and his architectural thought process including new insight into some of his greatest works both built and unbuilt What emerges is at once a poignant love story and a vivid portrait of a young woman striving to raise a family while forging an artistic path in the shadow of her famous partner *Down East* ,2009-08

The Top Books of the Year Maine Forms Of American Architecture The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have enthralled audiences this year. Maine Forms Of American Architecture : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Maine Forms Of American Architecture : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Maine Forms Of American Architecture : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
