Maine State Constitution A Reference Guide:

The Maine State Constitution, 1992 **The Maine State Constitution** Marshall J. Tinkle, 2013-04-11 The Maine State Constitution traces the history of Maine's constitution from its statehood in 1820 to the present day highlighting major trends and developments in constitutional revision and interpretation In it Marshall J Tinkle summarizes the meaning of each constitutional provision in a section by section analysis of the constitution outlining the intent historical development and interpretation of each provision This treatment which includes a list of cases index and bibliography makes this guide indispensable for students scholars and practitioners of Maine's constitution In this second edition Marshall Tinkle updates his study of the Maine Constitution as part of The Oxford Commentaries on the State Constitutions of the United States This volume updates the history and development of constitutionalism in Maine including the complete text of the state's current constitution with each section accompanied with commentary that explains the provision and traces its origins and its interpretation by the courts and by other governmental bodies The Oxford Commentaries on the State Constitutions of the United States is an important series that reflects a renewed international interest in constitutional history and provides expert insight into each of the 50 state constitutions Each volume in this innovative series contains a historical overview of the state's constitutional development a section by section analysis of its current constitution and a comprehensive guide to further research Under the expert editorship of Professor G Alan Tarr Director of the Center on State Constitutional Studies at Rutgers University this series provides essential reference tools for understanding state constitutional law Books in the series can be purchased individually or as part of a complete set giving readers unmatched access to these important political documents State Constitutions for the Twenty-first Century, Volumes 1, 2 & 3 G. Alan Tarr, Frank P. Grad, Robert F. Williams, 2007-06-01 State Constitutions for the Twenty first Century Volume 1 The Politics of State Constitutional Reform State Constitutions for the Twenty first Century Volume 2 Drafting State Constitutions Revisions and Amendments State Constitutions for the Twenty first Century Volume 3 The Agenda of State Constitutional Reform **State Constitutions of the United States** Robert Maddex, 2005-09-23 Newly updated and reflecting the diversity of state policies and the issues that are important to them State Constitutions of the United States collects explains and offers comparison of each of the fifty state constitutions Its in depth explorations and easy to follow structure reveal individual state priorities the significance of state constitutions and their impact on issues that affect the day to day lives of citizens This major revision incorporates specific details and describes trends and patterns in state constitutions drawing on over 380 amendments passed since the first edition of this resource was published in 1998 These amendments address at the state level important issues that are also being debated on the national level such as freedom of religion Alabama tobacco Arizona death penalty Florida and same sex marriage in a number of states The new edition addresses all of these issues and more in well organized state by state chapters including a new chapter on Washington DC Beyond the extensive state by state coverage this resource provides

further insights through supplemental materials including an overview of state constitutions comparative tables new rights such as privacy and victim s rights special provisions such as the environment and home rule and much more This is the only one volume resource on state constitutions designed to inform non specialists including students non constitutional scholars and interested citizens about the variety influence and continual revision and innovation that define state constitutions in the U S A wide range of libraries including those that serve college students AP high school students and the general public will want to update their collections with this unique and essential reference work

Understanding State Constitutions G. Alan Tarr,2018-06-05 For many Americans the word constitution means just one thing the national Constitution According to a recent survey almost half do not know that individual states also have constitutions Scholars have also paid little attention to state constitutions favoring the apparently more dynamic and significant federal scene G Alan Tarr seeks to change that in this landmark book A leading authority on state legal issues he combines history law and political science to present a thorough and long needed account of the distinct and important role of state constitutions in American life Tarr shows that state constitutional politics are dominated by three crucial issues with little salience at the national level the distribution of power among groups and regions within states the scope of state and local governmental authority and the relation of the state to economic activity He explains how state constitutions differ from the national Constitution in treating not only matters of high principle but also such mundane subjects as ski trails and motor vehicle revenues He also explores why state constitutions unlike their federal counterpart have been so frequently amended and replaced Tarr concludes that the United States not only has a system of dual constitutionalism but also has dual constitutional cultures Powerfully argued and meticulously researched the book fills an important gap in political and legal studies and finally gives state constitutions the scholarly attention they richly deserve

State Constitutions for the Twenty-first Century, Volume 3 G. Alan Tarr,Robert F. Williams,2012-02-01 This third and final volume in a series devoted to state constitutions analyzes how these documents address major constitutional issues such as the protection of rights voting and elections constitutional change the legislature the executive the judiciary taxing spending and borrowing local government education and the environment Contributors identify the strengths and weaknesses of current state constitutions highlight the major issues confronting the states and assess various approaches for reform

The Constitution of the State of Maine Timothy Ball,2018-03-12 This book is intended as a Quick Reference Guide It presents the text of the state s constitution as of 2018 For citizens students legislators judges or merely the curious this guide has been edited with large font and a clear table of contents

The American State Constitutional Tradition John J. Dinan,2006-04-14 For too long the American constitutional tradition has been defined solely by the U S Constitution drafted in 1787 Yet constitutional debates at the state level open a window on how Americans in different places and at different times have chosen to govern themselves From New Hampshire in 1776 to Louisiana in 1992 state constitutional conventions have served not only as instruments of democracy but also as forums for

revising federal principles and institutions In *The American State Constitutional Tradition* John Dinan shows that state constitutions are much more than mere echoes of the federal document The first comprehensive study of all 114 state constitutional conventions for which there are recorded debates his book shows that state constitutional debates in many ways better reflect the accumulated wisdom of American constitution makers than do the more traditional studies of the federal constitution Wielding extraordinary command over a mass of historical detail Dinan clarifies the alternatives considered by state constitution makers and the reasons for the adoption or rejection of various governing principles and institutions Among other things he shows that the states are nearly universal in their rejection of the rigid federal model of the constitutional amendment process favoring more flexible procedures for constitutional change they often grant citizens greater direct participation in law making they have debated and at times rejected the value of bicameralism and they have altered the veto powers of both the executive and judicial branches Dinan also shows that while the Founders favored a minimalist design and focused exclusively on protecting individuals from government action state constitution makers have often adopted more detailed constitutions sometimes specifying positive rights that depend on government action for their enforcement Moreover unlike the federal constitution state constitutions often contain provisions dedicated to the formation of citizen character ranging from compulsory schooling to the regulation of gambling or liquor By integrating state constitution making with the federal constitutional tradition this path breaking work widens and deepens our understanding of the principles by which we've chosen to govern ourselves

Legal Information Buyer's Guide and Reference Manual
 Kendall F. Svengalis, Rhode Island Law Press, 2008

The Constitutionalism of American States George E. Connor, Christopher W. Hammons, 2008 This comparative study of state constitutions offers insightful overviews of the general and specific problems that have confronted America's constitution writers since the country's founding Each chapter reflects the constitutional theory and history of a single state encompassing each document's structure content and evolution

Exploring Initiative and Referendum Law Beth Williams, 2013-10-18 Researching ballot measures can be one of the most daunting types of legal research *Exploring Initiative and Referendum Law* Selected State Research Guides offers legal researchers an easy to use guide that provides thorough overviews of I R initiative and referendum laws within twenty three states This unique resource provides state specific guidance about both forms of I R law those state laws permitting I R and those state laws enacted as a result of the I R process Any legal researcher beginning a project or needing to know just where to go for the right resources will get helpful general and specific information on practical research strategies and resources Up to now finding the literature to research the state specific history of a law passed by initiative or referendum has been extremely difficult This book fills this gap by providing top researchers with brief overviews of the individual state processes while providing important primary and secondary sources including Web sites The guide's chapters are separated alphabetically by state for fast and easy reference Annotated bibliographies of books articles and Web

sites are provided along with instructions about what documents one can expect to find on the Web and how to use free databases Because of this useful volume s unique focus the book may well become an essential resource for law librarians attorneys law faculty law students and Political Science scholars This book was published as a special issue of Legal Reference Services Quarterly

American Sovereigns Christian G. Fritz,2007-10-29 *American Sovereigns* The People and America s Constitutional Tradition Before the Civil War challenges traditional American constitutional history theory and jurisprudence that sees today s constitutionalism as linked by an unbroken chain to the 1787 Federal constitutional convention *American Sovereigns* examines the idea that after the American Revolution a collectivity the people would rule as the sovereign Heated political controversies within the states and at the national level over what it meant that the people were the sovereign and how that collective sovereign could express its will were not resolved in 1776 in 1787 or prior to the Civil War The idea of the people as the sovereign both unified and divided Americans in thinking about government and the basis of the Union Today s constitutionalism is not a natural inheritance but the product of choices Americans made between shifting understandings about themselves as a collective sovereign

Hidden Laws Robinson Woodward-Burns,2021-06-29 How state constitutional reform guides and stabilizes American constitutional and political development State constitution reform guides and stabilizes American constitutional and political development Using data sets and historical case studies Robinson Woodward Burns shows how the federal government has repeatedly deferred to state constitutional reform to manage or address difficult national constitutional controversies including conflicts over the regulation of slavery banking and taxation women s suffrage labor and welfare rights voting and civil rights and gender discrimination

State Names, Seals, Flags, and Symbols Benjamin F. Shearer,Barbara S. Shearer,2001-10-30 This must have third revised and newly expanded edition of the only single reference source for information about state symbols features over 300 information updates plus three new chapters updated license plate illustrations and a newly formatted design for ease of use Libraries that hold earlier editions of this work need this edition to keep their information on the states and territories current With the addition of new chapters on state and territory universities state and territory governors throughout U S history state professional sports teams and a complete revision of the chapter on state and territory fairs and festivals the work now totals 17 chapters of essential information that is a treasure trove for students This completed redesigned reference work features chapters on state and territory names and nicknames mottoes seals flags capitals flowers trees birds songs legal holidays and observances license plates postage stamps miscellaneous designations fairs and festivals universities governors professional sports teams and a bibliography of state and territory histories The work features full color illustrations of every state and territory seal flag flower tree bird commemorative postage stamp and license plate updated for this edition

State of Maine Notary Public Handbook and Resource Guide Matthew Dunlap Maine Secretary of State,2019-11-21 Notaries Public have duties and responsibilities that confer upon them the trust and faith of the public Notaries Public are authorized

to perform certain official duties that are critical to those who need them Because the work of Notaries Public is so important please make sure you take the time to review this guide carefully It is critical for you to understand the obligations of being a Notary Public and for you to perform those duties in a manner that merits the trust confidence and respect appropriate to the office **Law Books in Print: Publishers** ,1997 Ballot Battles Edward B. Foley,2024-05-10 Perhaps the truest test of a nation s ability to govern itself democratically is its ability to count ballots fairly and accurately in competitive high stakes elections Yet from the founding on America s adherence to this ideal has been distinctly uneven Edward Foley s Ballot Battles is a sweeping synthesis of the subject tracing how election controversies evolved over time from the 1780s to the present

A Doubtful and Perilous Experiment Mel A. Topf,2011-09-23 In A Doubtful and Perilous Experiment Advisory Opinions State Constitutions and Judicial Supremacy author Mel A Topf provides readers with a comprehensive treatment of the history concept jurisprudence and controversies relating to state Supreme Court advisory opinions A Doubtful and Perilous Experiment is the only comprehensive treatment of the history and controversies the law and theories about state supreme court advisory opinions This is a significant area of state constitutional law that has no parallel in federal law which bars advisory opinions from federal courts Though just ten states have adopted such advisory opinions many others have debated but rejected them they have been implicated in major issues regarding American judicial power The book explains the so far unexplained first appearance of advisory authority in 1780 and address the persistent aura of illegitimacy that has always shadowed this authority The frequent attacks on the legitimacy of advisory opinions have been triggered by their clash with basic doctrines of our legal system including separation of powers due process judicial review judicial independence and judicial supremacy A Doubtful and Perilous Experiment shows how law of state supreme court advisory opinions in fact arose in response to the attacks resulting in an elaborate jurisprudence of advisory opinions centering on a remarkable but not entirely successful attempt to justify when the justices will advise and when they will not The book tells the story of attempts to defend advisory authority including several attempts to amend the U S Constitution to require the Supreme Court to issues them It tells the story also of the uneasy relation between advisory opinions and judicial review as well as the expansion of judicial power Political Encyclopedia of U.S. States and Regions Donald P.

Haider-Markel,Michael A. Card,2009 Providing expert analysis of government and politics in all 50 states and the U S territories this innovative two volume reference fills the critical need for information and analysis of the roles and functions of state government through accessible state by state and regional overviews of government and politics The Law of American State Constitutions Robert Williams,2009-10-22 The Law of American State Constitutions provides complete coverage of the legal doctrines surrounding applying to and arising from American state constitutions and their judicial interpretation Using specific examples Professor Williams provides legal analysis of the nature and function of state constitutions by contrast to the federal Constitution including rights separation of powers policy based provisions the judicial

interpretation issues that arise under state constitutions and the processes for their amendment and revision Reference is made to history and political theory but legal analysis is the primary focus The Law of American State Constitutions provides an important analytical tool that explains the unique character and the range of judicial interpretation of these constitutions together with the specialized techniques of argument and interpretation surrounding state constitutions This is the first book to present a complete picture of the current body of state constitutional law and its judicial interpretation
