Emery, Katharine G. Brewster, 1927 *The Major Victorian Poets: Reconsiderations (Routledge Revivals)* Isobel Armstrong, 2013-06-17 First published in 1969 this edition collection brings together a series of essays offering a re evaluation of Victorian poetry in the light of early 20th Century criticism The essays in this collection concentrate upon the poets whose reputations suffered from the great redirection of energy in English criticism initiated in this century by Eliot Richards and Leavis What theses poets wrote about the values they expressed the form of the poems the language they used all these were examined and found wanting in some radical way One of the results of this criticism was the renewal of interest in metaphysical and eighteenth century poetry and corresponding ebb of enthusiasm for Romantic poetry and for Victorian poetry in particular Most of the essays in this book take as their starting point questions raised by the debate on Victorian poetry both earlier in this century and in the more recent past There are essays on the poetry of Tennyson Browning and Arnold on that of Clough who until recently has been neglected and Hopkins because of rather than in spite of the fact that he is usually considered to be a modern poet The volume is especially valuable in that it will give a clearer understanding of the nature of Victorian poetry concentrating as it does on those areas of a poet's work where critical discussion seems most necessary **The Æneid, ... with English Notes, by C. Anthon ... Edited by J. R. Major. Lat** Virgil, 1845 **Cyclopedia of Chronology** George Palmer Putnam, 1860 **The Romaunt of the Rose** Charles Dahlberg, 1999 The Romaunt of the Rose translates in abridged form a long dream vision part elegant romance part rollicking satire written in France during the thirteenth century The French original *Le Roman de la Rose* had a profound influence on Chaucer who says he translated the work From the sixteenth century to the mid nineteenth scholars assumed that the Romaunt comprised large fragments of that translation Subsequent debates have divided the Romaunt into two or three segments and proffered arguments that Chaucer was responsible for one or more of them or for none The current consensus is that he almost certainly wrote the first 1 705 lines Charles Dahlberg's edition of the Romaunt provides a full summary of scholarship on the question of authorship as well as other important topics including a useful survey of the influence of the French poem on Chaucer *The World's Progress: a Dictionary of Dates. With Tabular Views of General History, and a Historical Chart. Edited by G. P. Putnam. (1850-51 Supplement to the World's Progress. Ten Years [1851-60])*

Shumway,Craig Dionne,2012-02-01 These provocative essays explore the unwritten often unacknowledged codes conventions and ideologies overseeing the evolution and current practice of English as a discipline The first section of the book offers historical perspectives how composition became distinguished from literature how key intellectuals shaped the discipline and how various specialties Renaissance literature American literature theory became subfields The second section focuses on how certain aesthetic categories of art and universal experience persist today in the actual teaching and writing of English While it is fashionable to say that we are living in the age of poststructuralism or that literary theory has delivered us from idealized conceptions of authorship and inherent meaning these essays examine how these conceptions nevertheless remain and are transmitted in different types of classroom settings in textbooks and in the self fashioning of academic careers At a time when the role and function of English departments have become matters of both academic and public debate this book will be a welcome resource for students professionals and anyone interested in the Culture Wars of the past two decades **Ten Years of the World's Progress**
