Sacraments, 2004 *Meeting Christ in the Sacraments* Colman E. O'Neill (O.P.), 1964 **Sacrifice and Community** Matthew Levering, 2008-04-15 This book explores the character of the Eucharist as communion in and through sacrifice It will stimulate discussion because of its controversial critique of the dominant paradigm for Eucharistic theology its reclamation of St Thomas Aquinas's theology of the Eucharist and its response to Pope John Paul II's *Ecclesia de Eucharistia* Argues that the Eucharist cannot be separated from sacrifice and rediscovers the biblical connections between sacrifice and communion Timed to coincide with the Year of the Eucharist proclaimed by Pope John Paul II Reclaims the riches of St Thomas Aquinas's theology of the Eucharist which had recently been reduced to a metaphysical defence of transubstantiation *The Mystery of*

Marriage: A Theology of the Body and the Sacrament Perry J. Cahall, 2014-12-01 This remarkable study offers a comprehensive explanation of the Catholic Church's teaching on the sacrament of marriage. Incorporating the rich insights found in St John Paul II's Theology of the Body, Dr Cahall presents a theology of marriage that incorporates the biblical, systematic, pastoral, and historical traditions which have shaped our understanding of this sacrament. *Sacraments of Initiation, Second Edition* Liam G. Walsh OP, 2022-01-07 This title is no longer available. The original edition of this book presented a theology of sacraments that emerged out of a Church stirred into new life by the Second Vatican Council. It is a theology that can claim to have been continuously received in the Catholic Church since then. It is the theology that has been widely practiced and preached in pastoral life. It has been given catechetical shape in the Catechism of the Catholic Church. However, during the past 23 years, some trends developed in pastoral theology and practice that were taking directions that seemed hard to reconcile with the decisions of the Council. This new edition examines the way some theological counter-currents have developed over those years, both in theory and in practice. The sacramental theology contained in this study maintains the broad ongoing agreement between what it proposes and mainstream Church teaching and practice. The book examines the tradition of sacramental practice and teaching. Biblical and historical studies continue to uncover new riches of the tradition, and recent findings are discussed. A careful listening to the tradition of rite and word is truly indispensable for sacramental theology. It was out of such listening that Vatican II teaching on sacraments emerged, and provision was made for recovering the full richness of the tradition. Not all of the recent theological speculations and pastoral strategies given an equally serious acknowledgement to the tradition. The liturgies that are studied in this book have been given to the Church in the wake of Vatican II. The historical chapters will show the liturgies to be a contemporary expression of fidelity to core values of the Apostolic Tradition. The chapters on the rite of each sacrament are mainly descriptive and historical but also include anthropological reflections that unveil the human significances of the various rites. The chapters on the word examine the biblical and traditional word spoken in the churches about each sacrament and conclude with what is called a systematic essay. The bibliography has been updated to reflect the development in the field. 101 Questions & Answers on the Sacraments of Healing, The Seven Sacraments of the Catholic Church Romanus Cessario, 2023-06-20 There are seven sacraments administered in the Catholic Church. What are they and what do they do? Why do human beings require sacramentalized visible realities to seal their confession of faith in Jesus Christ? Why does the Catholic Church administer the sacraments in the way that it does? Leading Catholic theologian Romanus Cessario OP offers an in-depth explanation of the seven sacraments celebrated in the Catholic Church. He addresses the rationale for the sacraments and provides detailed exposition of each one, highlighting the importance of the Catholic tradition and of Thomas Aquinas in particular for contemporary reflection on the sacraments. This book examines why participation in the sacramental life of the Church is required for the believing Christian and helps readers understand the role the sacraments play in the sanctification of the world. **Christ**

To Die Is Gain: A Theological (Re-)Introduction to the Sacrament of Anointing of the Sick for Clergy, Laity, Caregivers, and Everyone Else Roger W. Nutt,2022-05-05 The Anointing of the Sick is possibly the most underappreciated and understudied sacrament In *To Die Is Gain* Roger Nutt seeks to bring greater attention to and appreciation for the Anointing of the Sick Beginning with an examination of cultural perceptions of dying death and burial *To Die Is Gain* exposes the ways in which contemporary atheism and physicalism mark a clear divergence from ancient attitudes In contrast to contemporary hopelessness the Anointing of the Sick is a powerful counter witness that highlights the great dignity of the human person and the depth of Christian hope Unlike the cures to particular ailments facilitated by modern medical science in Holy Anointing Jesus gives his dying followers the healing graces that they need to pass from this life to the next in loving union with Him As Nutt exposes the biblical and traditional foundations of this sacrament he corrects common misconceptions and malpractice of this sacrament especially the ways in which Vatican II is often misleadingly enlisted to support a broadening of the sacrament from end of life situations to non life threatening illnesses Finally Nutt carefully describes the graces and effects of the Anointing of the Sick and richly expounds the theological depth of the rite of the Anointing of the Sick The result is that readers can confidently say with St Paul that To die is gain Philippians 1 21

Vatican II Matthew L Lamb,Matthew Levering,2008-04-30 In book title an international team of theologians offers a different reading of the documents from Vatican II The Council was indeed putting forth a vision for the future of the Church but that vision was grounded in two millennia of tradition Taken together these essays demonstrate that Vatican II s documents are a development from an established antecedent in the Roman Catholic Church Back cover

The God Who Is Given Chris Dodson,2021-05-03 Dietrich Bonhoeffer s notions of religionless Christianity have provoked a great deal of theological inquiry much of which has hindered evangelical reception of Bonhoeffer s work By setting religionless Christianity in the context of Bonhoeffer s Lutheran sacramental theology Chris Dodson furthers Bonhoeffer s belief that receiving the God given in the sacraments both resists Christians proclivity towards religious self serving ends and draws Christians into a life of robust faith and love Receiving Christ in baptism the Eucharist and confession serves to instill sustain locate and vitalize the form of life that Bonhoeffer calls religionless The church and its core practices are not abandoned in Bonhoeffer s prison letters they are reengaged with a more proper disposition faithful love of God and neighbor In this way common evangelical skepticisms about Bonhoeffer s later theology can be assuaged Bonhoeffer s theology rightly construed provokes evangelicals and particularly American evangelicals to reconsider and restructure their worship along the lines of a religionless Christianity that promotes a deeper faith resulting from a more vigorous encounter with Christ as he gives himself over to his people

Chaucer's Church Edward Foster,2020-08-26 This title was first published in 2002 The purpose of Chaucer s Church is to provide clear concise and reliable explanations of every term Chaucer uses that has a religious liturgical or ecclesiastical meaning It uses a dictionary format arranged according to Chaucer s spellings to make

information readily accessible for students teachers critics and the general reader The shorter entries present brief definitions which are more lively and illuminating than those in standard dictionaries or glossaries the longer entries are in fact short essays with suggestions for further reading on broader or more complex topics In all cases the entries concentrate on lucid and accurate presentation of the meanings that the terms had or could have had for Chaucer and a 14th century audience The book is a compact but precise reference for readers of all levels of experience on the vocabulary of fourteenth century religion which is often unfamiliar or only hazily understood A careful system of cross references guides the reader to related terms so that individual entries can be further explored in related or larger contexts The book may also be browsed or read on its own for the entries taken together especially the brief essays provide a coherent introduction to the Christian world of the late fourteenth century In Chaucer s Church the editors have succeeded in compiling a volume that combines ease of use with readability and rigorous accuracy This book provides convenient and trustworthy access to Chaucer s religious world

Dust Bound for Heaven Reinhard Hütter, 2012-10-01 In *Dust Bound for Heaven* Reinhard Hütter shows how Thomas Aquinas s view of the human being as dust bound for heaven weaves together elements of two questions without fusion or reduction Does humanity still have an insatiable thirst for God that sends each person on an irrepressible religious quest that only the vision of God can quench Or must the human being living after the fall become a new creation in order to be readied for heaven Hütter also applies Thomas s anthropology to a host of pressing contemporary concerns including the modern crisis of faith and reason political theology the relationship between divine grace and human freedom and many more The concluding chapter explores the Christological center of Thomas s theology

God Loves You Infinitely! Andrew Keogh, 2010-06-11 This book may be said to approach the conveying of the truth of the Catholic faith to newcomers on the basis of the Creeds that have stood the test of time In the final analysis conviction and conversion are the work of the Holy Spirit the spirit of Divine Love Therein lies a process of growth in which the goal is to be an aroma of Christ for God's sake St Paul Conversion is like the growth of a flower in which we rejoice when we see it in full bloom However without being rooted in good soil and nourished it will die Therein lies the importance and value of a catechesis and the emphasis on the Creed which has survived the onslaughts of two millennia
