own pieces nearly half written during the pandemic lockdown of 2020-2021 when live music was forced off stage. Creativity didn't take a break for Marilyn though, and soon compositions began to sprout from those quiet days: works for solo and duo mandolin, mandolin guitar duets, and pieces for plucked string ensembles. They fill the pages of this book with fresh ideas, playful melodies, quirky harmonies, and romantic visions. There are scores and parts for her Fantasia, Nocturnes, tudes, Choro, and Ensembles, most of the music published here for the first time. Besides sheet music, the book also includes downloads of over an hour and a half of Marilyn's performances of the music, brand new recordings of her recent works, some pieces from her earlier CDs, and a few recordings previously made but never released. This book opens the door to a new musical vision from a musician who has already proven herself a masterful interpreter of classical and Brazilian repertoire. In her own words, I had friends and students in mind as I wrote, creating pieces to pass on my unique perspective on what makes classical mandolin cool. Dive in and see what treasures you may find. Includes access to online audio. *Complete Mandolin Method* Mel Bay, 2010-10-07. With the thoroughness of a book by Mel Bay, this method presents mandolin technique and note reading in a progressive step-by-step fashion. Given the diverse applications of this versatile instrument, this method was carefully written to build the musicianship and technique needed to play both classical and contemporary mandolin styles. Music theory concepts and additional playing techniques are introduced as needed. Exercises and tunes are presented in all keys, many in duet format to be played by teacher and student. In notation only. **The Purchaser's Guide to the Music Industries**, 1973. **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1972.
