Melungeons The Last Lost Tribe In America:

Melungeons Elizabeth Caldwell Hirschman, 2005 Most of us probably think of America as being settled by British Protestant colonists who fought the Indians tamed the wilderness and brought democracy or at least a representative republic to North America To the contrary Elizabeth Caldwell Hirschman's research indicates the earliest settlers were of Mediterranean extraction and of a Jewish or Muslim religious persuasion Sometimes called Melungeons these early settlers were among the earliest nonnative Americans to live in the Carolinas Tennessee Kentucky Virginia and West Virginia For fear of discrimination since Muslims Jews Indians and other persons of color were often disenfranchised and abused the Melungeons were reticent regarding their heritage In fact over time many of the Melungeons themselves forgot where they came from Hence today the Melungeons remain the last lost tribe in America even to themselves Yet Hirschman supported by DNA testing genealogies and a variety of historical documents suggests that the Melungeons included such notable early Americans as Daniel Boone John Sevier Abraham Lincoln Jefferson Davis and Andrew Jackson Once lost but now forgotten no more

Ancestors and Enemies Donald N. Yates, Phyllis E. Starnes, 2014-03-01 As the twentieth century drew to an end and the millennium approached a new ethnic category was invented in the South The Melungeons were born thrashing and squawling into the American consciousness They were a tri racial clan hidden away in the hills and hollers of Lower Appalachia with a genetic predisposition to six fingers and Mediterranean diseases and an unsavory reputation for moonshining counterfeiting and secret cults DNA studies showed they were probably descended from Portuguese colonists and had connections with Jews Muslims Africans Native Americans and Romani Gypsies Were they the country's oldest indigenous people They soon got on the radar of the Bureau of Indian Affairs Office of Recognition which fought the nascent identity movement tooth and nail This collection by two researchers involved in the explosive controversy tells the story of the Melungeon Movement in a coherent chronological fashion for the first time Fourteen original illustrations ranging from Granny Dollar the last Cherokee Indian in Northeast Alabama to Luis Gomez builder of the oldest standing Jewish residence in the United States add interest to the portrayal of this mysterious and exotic ethnic community

The Devil's Dance V. J. Banis, 1997-05-01 THE DEVIL'S DANCE A ring of evil buried in an ancient forest the Devil's Dance belongs to the country of the Melungeons that strange race of outcasts whose prehistoric origin is unknown People believe that they worship the Devil himself practicing obscene rites and drinking the blood of their victims during their debauched rituals When Christine arrives at the ancient mansion where her sister's staying she hears all the lurid stories about the curious country folk Then she discovers she has a Melungeon name herself Will this be her ticket to a final dance with death Another great read by a master storyteller Banis brings to life another world and another way of living and makes us believe we're there ourselves First rate entertainment Robert Reginald V J BANIS is the author of 150 books including classic gothic romances and major historical novels many of them being reprinted or published by the Borgo Press imprint of Wildside Press He currently lives

The Dawning of the Apocalypse Gerald Horne, 2020-06-30

Acclaimed historian Gerald Horne troubles America's settler colonialism's creation myth August 2019 saw numerous commemorations of the year 1619 when what was said to be the first arrival of enslaved Africans occurred in North America Yet in the 1520s the Spanish from their imperial perch in Santo Domingo had already brought enslaved Africans to what was to become South Carolina The enslaved people here quickly defected to local Indigenous populations and compelled their captors to flee Deploying such illuminating research *The Dawning of the Apocalypse* is a riveting revision of the creation myth of settler colonialism and how the United States was formed Here Gerald Horne argues forcefully that in order to understand the arrival of colonists from the British Isles in the early seventeenth century one must first understand the long sixteenth century from 1492 until the arrival of settlers in Virginia in 1607 During this prolonged century Horne contends whiteness morphed into white supremacy and allowed England to co-opt not only religious minorities but also various nationalities throughout Europe thus forging a muscular bloc that was needed to confront rambunctious Indigenous and Africans In retelling the bloodthirsty story of the invasion of the Americas Horne recounts how the fierce resistance by Africans and their Indigenous allies weakened Spain and enabled London to dispatch settlers to Virginia in 1607 These settlers laid the groundwork for the British Empire and its revolting spawn that became the United States of America

When Scotland Was Jewish Elizabeth Caldwell Hirschman,Donald N. Yates,2015-05-07 The popular image of Scotland is dominated by widely recognized elements of Celtic culture But a significant non Celtic influence on Scotland s history has been largely ignored for centuries This book argues that much of Scotland s history and culture from 1100 forward is Jewish The authors provide evidence that many of the national heroes villains rulers nobles traders merchants bishops guild members burgesses and ministers of Scotland were of Jewish descent their ancestors originating in France and Spain Much of the traditional historical account of Scotland it is proposed rests on fundamental interpretive errors perpetuated in order to affirm Scotland s identity as a Celtic Christian society A more accurate and profound understanding of Scottish history has thus been buried The authors wide ranging research includes examination of census records archaeological artifacts castle carvings cemetery inscriptions religious seals coinage burgess and guild member rolls noble genealogies family crests portraiture and geographic place names **Old World Roots of the Cherokee** Donald N. Yates,2014-01-10 Most histories

of the Cherokee nation focus on its encounters with Europeans its conflicts with the U S government and its expulsion from its lands during the Trail of Tears This work however traces the origins of the Cherokee people to the third century B C E and follows their migrations through the Americas to their homeland in the lower Appalachian Mountains Using a combination of DNA analysis historical research and classical philology it uncovers the Jewish and Eastern Mediterranean ancestry of the

Cherokee and reveals that they originally spoke Greek before adopting the Iroquoian language of their Haudenosaunee allies while the two nations dwelt together in the Ohio Valley American Heart of Darkness Robert Kirkconnell, 2013-05 These days most Americans know that the country has serious problems Problems that will have to be addressed before the country can move forward What are these problems Where did they come from Before we can move forward we have to know where we are and how we got there American Heart of Darkness paints an unvarnished picture of the seeds of destruction that were sown into the foundations of the Republic from the very beginning How did slavery come about in the land of the free How did a pre Columbian native population in North America alone of over eighteen million yes you heard it right native peoples dwindle down to about two hundred thousand Was it really Small Pox Why has a people who constantly talk about freedom democracy equality human rights life liberty and the pursuit of happiness continually practiced racism genocide and war How do drugs come into the country and who is really behind the most profitable product sold in the world There are also other unanswered questions that need to be explored Why were thousands of the worst Nazi war criminals given refuge in the U S Who financed Hitler Where did Hitler get his master race and genocidal ideas from Was Lee Harvey Oswald a C I A agent Were Oswald Sirhan Sirhan Ted Kaczynski Timothy McVey and the Peoples Temple all mind control MKULTRA subjects What really happened in the Jeffery MacDonald so called Fatal Vision case How does hundreds of billions of dollars come into the United States every year without detection The answers to these questions and many more will surprise you They are not in the History books although they should be American Heart of Darkness Volume I explores the ugly side of America that has been hidden for far too long and it is literally killing us This book is not for the reader looking for an uplifting story to escape everyday life for a few hours It is for true patriots who are sick and tired of being lied to and stolen from It is for those who know they need to do something but do not know where to start It is for those who feel powerless and that America s problems are far too big for little ol me to handle It is for those with the courage to go from darkness to light As comedian and activist Dick Gregory once said If you been in the DARK for so long LIGHT will hurt your eyes This book will hurt your eyes The reader will be shocked then angry then motivated and finally in the author s next two books empowered and liberated It is better to see where we are and where we need to go right now before it is too late Congratulations If you have read this far this book is probably for you Please keep in mind the universal truth that with any form of government the leaders only have the power that the people allow them have This was true in India when a little skinny guy named Gandhi with no money and only a rag wrapped around his middle took on the British Empire and won There is no question that the American people have the power to reclaim a government that is clearly not being run for them We have to empower ourselves to take this government back from only a handful of selfish and greedy individuals who have proven that they only care about making more and more money Let us all stop giving them the power that belongs to us Reading this book is a beginning and then we will talk about what to do about it in the author s next two books **Border Crossings** Kathleen Sue
