Stryker, 1990 This is the only modern political biography of De Witt Clinton 1769-1828 which spans his entire career The study places his career within the context of sectional politics and the ideological debate over republicanism In particular De Witt Clinton and the American Political Economy demonstrates that a practical republicanism characterized Clinton's approach to politics Refuting a traditional republican tenet he believed commerce manufacturing and agriculture were equally important for the economic growth and prosperity of New York and the nation Clinton's reinterpreted republicanism primarily developed from the special social and economic conditions of New York and was at variance with the country ideology of southern Republicans

Dominion of Memories Susan Dunn, 2007-07-30 For decades the Commonwealth of Virginia led the nation The premier state in population size and wealth it produced a galaxy of leaders Washington Jefferson Madison Monroe Mason Marshall Four of the first five presidents were Virginians And yet by the middle of the nineteenth century Virginia had become a byword for slavery provincialism and poverty What happened In her

remarkable book *Dominion of Memories* historian Susan Dunn reveals the little known story of the decline of the Old Dominion While the North rapidly industrialized and democratized Virginia's leaders turned their backs on the accelerating modern world Spellbound by the myth of aristocratic gracious plantation life they waged an impossible battle against progress and time itself In their last years two of Virginia's greatest sons Thomas Jefferson and James Madison grappled vigorously with the Old Dominion's plight But bound to the traditions of their native soil they found themselves grievously torn by the competing claims of state and nation slavery and equality the agrarian vision and the promises of economic development and prosperity This fresh and penetrating examination of Virginia's struggle to defend its sovereignty traditions and unique identity encapsulates in the history of a single state the struggle of an entire nation drifting inexorably toward Civil War
