Memoir In Two Voices:

Memoir in Two Voices Rancois Mitterrand, 2011-09-29 Near the end of his second term as president of France François Mitterrand decided to talk openly about his life both personal and political President for fourteen years longer than anyone else in the history of the French Republic Mitterrand was interested not in constructing an elaborate memorial to himself in words but in leaving behind a living testament He therefore turned to someone whom he knew and trusted Nobel laureate Elie Wiesel a close friend of many years to join him in a vibrant vigorous exchange The topics they discuss in these pages are childhood faith war power writing and those moments however and whenever they arrive that shape and sometimes define us as people Mitterrand and Wiesel's dialogue is spontaneous thoughtful lyrical blunt far reaching and candid whether it involves controversial moments in Mitterrand's political career Wiesel's memories of Auschwitz the importance of family and religion in their lives or simply their favorite books and walks Here is an unobstructed view into the lives and times of two of the greatest figures of conscience of our century an inspiring memoir in two voices

of twentieth century autobiography and life writing Theme and Symbol in Tennyson's Poems to 1850 Clyde de L. Ryals, 2016-11-11 One of Keats finest sonnets begins Much have I traveled yet Keats traveled very little only to Italy where he died Shelley also an introspective and intellectual dabbled in politics often with a comic effect and although he could not swim he was devoted to sailing Wordsworth marched to France praising the Revolution which he later regretted Coleridge wandered to Germany and German metaphysics Later he created the Ancient Mariner which is the mythic centerpiece of the Romantic period Each of these poets feels that the occupation of a poet demand a dedication to a life of action as well as inward discovery Consequently the image of the journey with its double reference to natural and psychic realities is one of the unifying motifs of nineteenth century poetry Alfred Tennyson the author claims was one of the last poets able to make both voyages but he could only do so with great effort and at great expense By nature introspective he found the life of the mind far more appealing than the life of action yet he knew like Milton and Keats before him that great poetry demands the voyage without as well as the voyage within His early poetry then is concerned with the pull of the two voyages and thus it becomes in Arnold s worlds the dialogue of the mind with itself There is for modern readers something intensely interesting about such a divided personality for we see in Tennyson almost the same dilemma that faces contemporary artists Often when we read his poems we feel that Tennyson is of our age But then at times he seems as remote from us as Bishop Wilberforce and his anti Darwin fulminations What then is there about Tennyson that makes him appear so modern and yet so dated The answer is not easily given although this has been one of the primary concerns of Tennyson s critics In this book the author shows how Tennyson became the mental voyager exploring both the inner and outer worlds and further how in making the two voyages he followed the pattern of development of other Romantic artists of the nineteenth century He examines certain themes and images in Tennyson s early verse which in their frequent recurrence attain symbolic status and by doing so he shows that there is a very clear cut pattern in Tennyson s poetry one which is repeated time and again throughout the poet s work to 1850 **Auto/Biography in the Americas** Ricia Chansky, 2018-02-02 Auto Biography in the Americas Relational Lives brings together scholars from disparate geographic regions cultural perspectives linguistic frameworks and disciplinary backgrounds to explore what connects narrated lives in the Americas By interweaving scholarship on Afro diasporic subjectivities gendered narratives lives in translation celebrity auto biographies and pedagogical approaches to teaching auto biographical narratives this volume argues that connections between the contrasting locations of the Americas may be found in a shared history of diasporic movement that causes a heightened awareness of the need to belong and to thereby define the self in relation to others Read together the essays in this collection suggest that identities across the Americas are constructed with an emphasis on intersubjectivity and relationality This transnational approach to reading life writing beyond the borders of the Americas pertinent to comparative American studies and hemispheric studies as well as life writing and auto biography studies also demonstrates an interdisciplinary

international and multilingual model for collaborative research in the humanities and social sciences The scholars included in this volume work in the fields of anthropology sociology history literature and education and furthermore this book marks the first time that many of these scholars have had their work translated into and published in English This book was originally published as a special issue of a b Auto Biography Studies

Licensing Entertainment William B. Warner, 1998-09-10 Novels have been a respectable component of culture for so long that it is difficult for twentieth century observers to grasp the unease produced by novel reading in the eighteenth century William Warner shows how the earliest novels in Britain published in small format print media provoked early instances of the modern anxiety about the effects of new media on consumers Warner uncovers a buried and neglected history of the way in which the idea of the novel was shaped in response to a newly vigorous market in popular narratives In order to rein in the sexy and egotistical novel of amorous intrigue novelists and critics redefined the novel as morally respectable largely masculine in authorship national in character realistic in its claims and finally literary Warner considers early novelists in their role as entertainers and media workers and shows how the short erotic plot driven novels written by Behn Manley and Haywood came to be absorbed and overwritten by the popular novels of Defoe Richardson and Fielding Considering these novels as entertainment as well as literature Warner traces a different story one that redefines the terms within which the British novel is to be understood and replaces the literary history of the rise of the novel with a more inclusive cultural history

Fictions of Femininity Edith Sarra, 1999 The history of Japanese memoir literature began over a thousand years ago its greatest practitioners being women of the middle ranks whose literary

talents won many of them positions as ladies in waiting at the Heian imperial court As female writers they both inhabited and helped create a discursive world obsessed with the arts of concealment and self display the perils and possibilities erotic political and literary of real and metaphorical peepholes As memoirists they were virtuosos in the exacting art of feminine self representation *Fictions of Femininity* explores the Heian memoirists creations of themselves in four texts *Kagero nikki* The *Kagero* Memoir after 974 *Makura no soshi* The *Pillow Book* after 994 *Sarashina nikki* The *Sarashina* Memoir after 1058 and *Sanuki no suke nikki* The *Memoir of the Sanuki Assistant Handmaid* after 1108 Essays on the individual memoirs pursue a dual interest asking how each text works as a rhetorical construct and how it reflects the author s negotiations with Heian fictions about women and writing Letting the memoirs themselves set the terms for exploring gender constructions *Fictions of Femininity* addresses a spectrum of related issues The reading of The *Kagero* Memoir probes two traditional avenues of feminine expression the writing of *waka* and the discourse of Buddhist nunhood Two essays on The *Sarashina* Memoir reveal a fine weave of literary religious and autoerotic fantasies highlighting the intellectual gifts of a memoirist long misread as naive and girlish The essay on The *Memoir of the Sanuki Assistant Handmaid* examines the use of spirit possession as metaphor for commemorative writing tracing the balancing act its author performed in the midst of political intrigues at court The relationship between the memoir and voyeurism takes center stage in the closing essay on The *Pillow Book* which compares its author s treatment of the thematics of seeing and being seen with that of her chief rival Murasaki Shikibu creator of *The Tale of Genji* Taken together the essays in this book underscore the diversity of the Heian memoirists responses to their roles as women and as writers in one of the most unusual epochs of Japanese history
