A DOOR TO THEIR HEARTS Jeannine Miceli Martin,2018-07-21 Growing up in a Sicilian family with most of its members born and raised in America Jeannine was eager to grasp a deeper understanding of her true heritage not the Americanized version She d known that her maternal grandparents Giuseppe Ferro and Angela Luca had

immigrated to the United States to Waltham Massachusetts where her mother was raised but she hadn't known from where why or when they'd arrived. She'd begun her quest for answers on Ellis Island and from there her grandparents' journey had become her journey as she'd traced their paths by going to Sicily herself to learn about their lives there and what made them leave. To her surprise Jeannine found more than their childhood villages of Ucria and Bronte. She'd discovered more Ferro cousins in Ucria. When Jeannine found a door, she'd enlisted the help of the New England Historic Genealogical Society for a quick lesson in ancestry research which led her as far back as her three times great grandparents. From that point she built her family tree and returned to her cousins in Ucria to experience her true authentic heritage. Through legal documents she'd followed her grandparents and other Ferro ancestors who emigrated to Waltham with them and chronicled the changes in their family lives in America not necessarily for betterment. She'd learned from medical transcripts of a dramatic twist in her grandfather's life as a patient in an insane asylum. While Jeannine had opened the door to her ancestry, she'd bridged a gap between the Ferro family of the past and present and the miles between Ucria and Waltham.

Talking to Strangers
Malcolm Gladwell, 2019-09-10 Malcolm Gladwell host of the podcast Revisionist History and author of the #1 New York Times bestseller *Outliers* offers a powerful examination of our interactions with strangers and why they often go wrong now with a new afterword by the author. A Best Book of the Year The Financial Times Bloomberg Chicago Tribune and Detroit Free Press. How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? *Talking to Strangers* is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland, throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.
