Michel De Certeau In The Plural:

Culture in the Plural Michel de Certeau, 1997 From the late Michel de Certeau comes an essential engagement with multiculturalism and identity politics De Certeau stresses that anyone attempting to understand contemporary societies in the West must grasp the already existing diversity that outflanks elitist conceptions of the national group He argues compellingly that old ideas of social unity have no relevance in the diverse societies of today *Michel de Certeau* Ian Buchanan, 2001-03 French philosopher Michel de Certeau wrote about seventeenth century mysticism religion and pluralism architecture everyday life and the history of anthropology But because critics of his works have tended to fragment it into hermetic compartments dealing only with what is relevant to their own fields the expansiveness of his oeuvre has suffered damaging distortions in the secondary literature This special issue of South Atlantic Quarterly provides the first comprehensive view of his complete work with contributors evaluating his weaknesses as well as his strengths With articles that engage directly as well as theoretically with de Certeau this collection corrects a long standing imbalance in the criticism by covering works from two periods about which little is known in anglophone circles his early books on religious history and his midlife histories of mysticism and possession It also includes critiques from queer theory and feminist theory as well as comparative readings that assess de Certeau alongside his famous contemporary Michel Foucault With articles by an international array of scholars who address both the secular and the religious thinker this special issue is the most definitive study to date of this important twentieth century thinker Contributors Jeremy Ahearne Frederick C Bauerschmidt Ian Buchanan Philippe Carrard Claire Colebrook Tom Conley Verena Andermatt Conley Catherine Driscoll Carla Freccero John Frow Richard Terdiman Timothy Tomasik Marie Claire Vallois Graham Ward **The Rhetorical Surface of**

Democracy Scott Welsh, 2012-10-18 Citizens political theorists and politicians alike insist that political or partisan motives get in the way of real democracy Real democracy we are convinced is embodied by an ability to form collective judgments in the interest of the whole The Rhetorical Surface of Democracy How Deliberative Ideals Undermine Democratic Politics by Scott Welsh argues instead that it is our easy rejection of political motives individual interests and the rhetorical pursuit of power that poses the greatest danger to democracy Our rejection of politics understood as a rhetorical contest for power is dangerous because democracy ultimately rests upon the perceived public legitimacy of public political challenges to authority and the subsequent reconstitution of authority amid the impossibility of collective judgment Hence rather than searching for allegedly more authentic democracy rooted in the pursuit of ever illusive collective judgments we must find ways to come to terms with the persistence of rhetorical political contests for power as the essence of democracy itself Welsh argues that the impossibility of any kind of public judgment is the fact that democracy must face Given the impossibility of public judgment rhetorical competitions for political power are not merely poor substitutes for an allegedly more authentic democratic practice but constitute the essence of democracy itself The Rhetorical Surface of Democracy is an iconoclastic

investigation of the democratic process and public discourse Post-Christian Religion in Popular Culture Andrew D. Thrasher, 2024-09-05 Post Christian Religion in Popular Culture Theology through Exegesis analyzes several theological exegeses of contemporary popular culture as post Christian scripture It includes analyses of the Marvel Cinematic Universe The Lion King and Cloud Atlas the television shows Lucifer and Shameless and contemporary pop punk and alternative music Through an application of three hermeneutical methods re enchantment resourcement and rescription a prophetic and apocalyptic critique of modernity and an analysis of the late modern human condition Andrew D Thrasher argues how popular culture recites post Christian religious and theological messages marked by a post disenchantment theology constituted by the consumption of these messages shapes and informs what the contemporary world finds believable credible and desirable in a post Christian context French Historians 1900-2000 Philip Daileader, Philip Whalen, 2010-03-16 French Historians 1900 2000 The New Historical Writing in Twentieth Century France examines the lives and writings of 40 of France's great twentieth century historians Blends biography with critical analysis of major works placing the work of the French historians in the context of their lifetimes Includes contributions from over 30 international scholars Provides English speaking readers with a new insight into the key French historians of the last century Automobilities Mike Featherstone, Nigel Thrift, John Urry, 2005-07-12 Mobility flows movement and migration in social life has emerged as a central area of sociological debate yet one of its most dominant forms automobility has remained largely ignored Automobilities presents one of the first examinations of the car and its promise of autonomy and mobility Philosophy of Culture as Theory, Method, and Way of Life , 2022-05-16 The idea of culture comprises almost all human activities from science to art from music to microscopy Does anything important escape the limits of this idea The authors of this collection argue that all philosophy is really the philosophy of culture since in some way each and every discipline and subdiscipline is foremost a manifestation of our collective cultural effort Further they argue that by engaging with philosophy as a cultural activity and as a discipline to meaningfully engage with all dimensions of intercultural life we can live more meaningful flourishing and wisely guided lives **Critical Theory for Library and Information Science** Gloria J. Leckie, Lisa M. Given, John E. Buschman, 2010-07-26 This text provides an overview of major critical theorists from across disciplines including the humanities social sciences and education that discusses the importance of these critical perspectives for the advancement of LIS research and scholarship The practical application of library and information science is based upon 75 years of critical theory and thought Therefore it is essential for students and faculty in LIS to be familiar with the work of a wide range of critical theorists The aim of Critical Theory for Library and Information Science Exploring the Social from Across the Disciplines is to provide a comprehensive introduction to the critical theorists important to the LIS audience and to give insights into how such theory can be incorporated into actual LIS research and practice This book consists of chapters on individual critical theorists ranging from Aglietta to Habermas to Spivak written by an international group of library and

information science scholars Each chapter provides an overview of the theoretical stance and contributions of the theorist as well as relevant critical commentary This book will be particularly valuable as a reference text of core readings for those pursuing doctoral or masters level degrees in LIS

Storia della storiografia ,2001 *The Folk* Ross Cole,2021-09-07

Who were the folk This question has haunted generations of radicals and reactionaries alike The Folk traces the musical culture of these elusive figures in Britain and the US during a crucial period from 1870 to 1930 and beyond to the contemporary alt right It follows an insistent set of disputes surrounding the practice of collecting ideas of racial belonging the poetics of nostalgia and the pre history of European fascism It is the biography of a people who exist only as a symptom of the modern imagination and the archaeology of a landscape directing the flow of global politics today
