George Yancey, University of North Texas, How multiracial people identify themselves can have major consequences on their positions in their families, communities, and society. Even the U.S. Census has recognized the rapidly increasing numbers of those who consider themselves multiracial, adding a new racial category to the 2000 Census form: two or more races. *New Faces in a Changing America: Multiracial Identity in the 21st Century* examines the multiracial experience, its history, and the political issues and consequences surrounding biracial and multiracial identity, bringing together top names in the field to give readers cutting-edge views and insights gained from contemporary research. This important new text follows the trail blazed by Maria Root, who contributes its opening chapter. An introduction places the issues of multiracial identity into context via a discussion of U.S. Census data and debates, providing an overview of the varied readings to come. Covering such topics as Race as a social rather than biological construction, The Multiracial Movement, Racial Ethnic Groups in America, and Beyond Race, Gender, and Human Service Professionals, including psychologists, counselors, social workers, and school personnel, and importantly, multiracial individuals themselves. *Philosophy and the Mixed Race Experience* Tina Fernandes Botts, 2016-01-21. *Philosophy and the Mixed Race Experience* is a collection of essays by philosophers about the mixed race experience. Each essay is meant to represent one of three possible things: 1) what the philosopher sees as the philosopher's best work; 2) evidence of the possible impact of the philosopher's mixed race experience on the philosopher's work; or 3) the philosopher's philosophical take on the mixed race experience. The book has two primary goals: 1) to collect together for the first time the work of professional academic philosophers who have had the mixed race experience, and 2) to bring these essays together for the purpose of adding to the conversation on the question of the degree to which factual identity and philosophical work may be related. The book also examines the possible relationship between the mixed race experience and certain philosophical positions. ***Border Terrains: World Diasporas in the 21st Century*** Allyson Eamer, 2020-05-06. *Border Terrains* examines 21st-century diasporas through the lenses of identity, negotiation, religious faith, language, media, and representations in fiction. *Race Talk and the Conspiracy of Silence* Derald Wing Sue, 2016-02-01.
