Murder in Pastiche, Etc Marion MAINWARING, 1962 Murder by the Book? Sally Rowena Munt, 2003-09-02 Murder by the Book is a thorough and thoroughly enjoyable look at the blossoming genre of the feminist crime novel in Britain and the United States Sally Munt asks why the form has proved so attractive as a vehicle for oppositional politics whether the pleasures of detective fiction can be truly transgressive and when exactly it was that the dyke detective appeared as the new super hero for today Along the way Munt poses some critical questions about the relations between fiction and activism politics and representations the writer and the reader This will be an enticing book both for addicts of the genre and for teachers and their students *The Misadventures of Nero Wolfe* Josh Pachter, 2020-04-14 Stories that pay tribute to Rex Stout s legendary private detective by Lawrence Block Loren D Estleman John Lescroart Robert Goldsborough and more If imitation is the sincerest form of flattery then Nero Wolfe and Archie Goodwin have been widely flattered almost from the moment Rex Stout first wrote about them in 1934 The Misadventures of Nero Wolfe collects two dozen literary tributes to one of crime fiction s best loved private detectives and his Man Friday Included are A 1947 pastiche by award winning crime writer Thomas Narcejac Rollicking new stories written especially for this collection by Michael Bracken and Robert Lopresti Stories by bestselling authors including Lawrence Block and Loren D Estleman Chapters from Robert Goldsborough s authorized continuation of the Wolfe series Marion Mainwaring s 1955 tour de force Murder in Pastiche and John Lescroart s Rasputin s Revenge which reimagines a young Wolfe as the son of Sherlock Holmes Also featuring a reminiscence from Rex Stout s daughter this is a treasury of witty and suspenseful crime writing for every fan of the portly private detective

Pastiche and Prejudice Arthur Bingham Walkley, 1921 *The Alternative Sherlock Holmes* Peter Ridgway Watt, Joseph Green, 2017-03-02 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock Holmes phenomenon are known to have been published most of them historical and

critical studies In addition however almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that attempted to copy or rival the great detective himself As the field widened there was hardly a year in the twentieth century in which new short stories or novels did not appear Many hundreds are now known to have been published some of them written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field
