Nuns And Mothers:

Reclaiming the Canon Herman L. Sinaiko, 1998-03-30 Herman Sinaiko is renowned for his gifts as a guide to exploring and appreciating the humanities This book brings to general readers Sinaiko's thoughts on and invitations to read or reread a wide selection of major literary and philosophical works from ancient Greek to Chinese to modern Taking a conversational approach he deals with the perennial questions that thinking people have always raised and investigates how works of great art may provide answers to these questions Sinaiko reestablishes the notion that there is a canon of great works from the great traditions of the world and argues for the existence of permanent standards of excellence He rejects most contemporary critical views of classical literature and philosophy including those of experts who seek to monopolize access to great works academics whose extreme emphasis on historical context disallows any current relevance and theorists whose lenses distort with personal bias rather than sharpening focus on the works they discuss Sinaiko reclaims the canon for all of us opening up discussion on texts ranging from Plato to Tolstoy Confucius to Mary Shelley and encouraging each reader to listen and respond to the rich diversity of powerful views on the human condition that such great works offer

The Nuns of Port Royal Mary E. Lowndes, 1909 **Mother Teresa's General Letters to Her Sisters** Kolodiejchuk MC Brian, 2024-06-21 Mother Teresa's General Letters to Her Sisters is a collection of Mother Teresa's circular letters to the members of her religious congregation the Missionaries of Charity Sisters Not intended for those outside her community they were written informally and spontaneously often with little editing It was for Mother Teresa a way of being present to the members of her rapidly expanding religious order Seemingly of little interest except for those to whom they were addressed the letters reveal the spiritual depth and pragmatic leadership of one of the most popular modern saints as well as the inner dynamics underlying one of the most flourishing religious congregations of the last century At the same time and perhaps surprisingly these letters may also prove to be worthwhile reading for a wider audience Something of God's wisdom and love seems to shine through Mother Teresa's guidance and counsels giving the reader light and help even though he or she is not living the same religious life as one of the Sisters Mother Teresa's unpolished statements are at times humble and at times humbling They inspire confidence and encourage generosity Many a time they are humorous but more often challenging They are sprinkled with serene joy but also permeated with deep pain She delighted in her Sisters accomplishments yet did not shy away from correcting even the smallest flaw which didn't escape her very observant eye Sometimes she sounded just like a mother full of tender loving care and at other times more like a commander in chief exhibiting an iron will and uncompromising determination In either case her followers seemed to have been drawn into the mystery of her charism endeavoring to keep pace with her Was it the attraction of what could be termed as her leadership style in the unremitting service of the poorest of the poor or the perceived love of a mother's heart that made her so unanimously loved and admired by the members of her congregation Or was it both The letters will reveal the answer Inspiring in their simplicity the letters

may well serve as a treasure trove where anyone from a reflective scholar to a caring mother of a family may find satisfaction for their spiritual palate The attractiveness of perennial truth often makes Mother Teresa's presentation of traditional spiritual themes likewise relevant for contemporary needs In the context of Mother Teresa's statement that we are created for greater things to love and to be loved these letters will help the reader discover and experience God's presence through the little miracles of His love in one's daily life They will inspire us to put our love into living action sharing His love with all those we meet and so make our lives something beautiful for God

Women's Voices in Ireland Caitriona Clear, 2015-12-17 *Women's Voices in Ireland* examines the letters and problems sent in by women to two Irish women's magazines in the 1950s and 60s discussing them within their wider social and historical context In doing so it provides a unique insight into one of the few forums for female expression in Ireland during this period Although in these decades more Irish women than ever before participated in paid work trade unions and voluntary organizations their representation in politics and public and their workforce participation remained low Meanwhile women who came of age from the late 1950s experienced a freedom which their mothers and aunts married or single in the workplace or the home had never known Diary and letters pages and problem pages in Irish produced magazines in the 1950s and 60s enabled women from all walks of life to express their opinions and to seek guidance on the social changes they saw happening around them This book by examining these communications gives a new insight into the history of Irish women and also contributes to the ongoing debate about what women's magazines mean for women's history

Cataloging Policy and Support Office, 2009 **Becoming My Mother's Daughter** Erika Gottlieb, 2008-03-14 *Becoming My Mother's Daughter* A Story of Survival and Renewal tells the story of three generations of a Jewish Hungarian family whose fate has been inextricably bound up with the turbulent history of wartime Europe The emotional centre and narrative voice of the story belong to Eva an artist dreamer and writer whose riveting recollection of the last months of World War II in Budapest seen through a child's eyes is reminiscent in its power of scenes in Joy Kogawa's *Obasan* Exploring the bond between generations of mothers and daughters the book illustrates the struggle between the need for independence and the search for continuity the significant impact of childhood on adult life the reshaping of personality in immigration the importance of dreams in making us face reality and the redemptive power of memory Book Jacket

Wives of Catholic Clergy Joseph Henry Fichter, 1992 The Catholic women about whom we know the least historically were the wives of the clergy starting with the Apostles bishops presbyters and deacons of early Christianity Even though prelates and priests continued for more than a thousand years to marry and to father children we know little or nothing about the wives whose life experience and even their names have been erased from history Now they are coming back into prominence mainly as the wives of noncanonical priests some as wives of convert Episcopal priests and many as the wives of ordained permanent

deacons In America as elsewhere the role and status of Catholic women are changing in significant directions Their official acceptance by the institutional Church helps to offset traditional sexism and clericalism **The Official Catholic Directory and Clergy List** ,1906
