Nutrition For Living:

PRANIC NOURISHMENT - Nutrition for the New Millennium - Living on Light Series Jasmuheen, 2007-08-01
NEW 2012 UPDATED VERSION Pranic Nourishment also called Living on Light is Jasmuheen's fourth book of metaphysical interest. It is a fascinating story of her personal journey into being physically sustained purely by Light. It also touches on physical immortality, spirituality, and sexuality, new millennium relationships, and mind mastery utilizing the powerful programming of Dimensional Biofield Science. Pioneering new yet ancient pathways, many are now exploring the option of neither being a meat eater, a vegetarian, a vegan, a fruitarian, but rather a liquidarian or an individual sustained and nourished purely by the Light of their own Divine nature. Formerly a state of being reserved for or attributed to the Holy men, Saints, or Sages of the East, the process described in this text offers a practical and spiritual alternative for those wishing to practically begin to embrace physical immortality, cease the aging process, or simply live on Light. **The Art of Raw Living Food**
Doreen Virtue, Jenny Ross, 2009-08-15 Now you can enjoy all of the health benefits of a diet high in fresh produce while still enjoying tasty meals. In this delicious book, Doreen Virtue and Jenny Ross, owner and chef of the popular Southern California raw foods restaurant 118 Degrees, give you hundreds of recipes and tips for creating gourmet meals, all created 100 percent from raw fruits, vegetables, and nuts. You'll enjoy Mexican, Italian, Asian, and other cuisine while deriving all of the physical, spiritual, and emotional benefits of eating one of the healthiest diets available. As you follow these easy-to-prepare recipes, you'll discover why thousands of people have joined the Raw Food Movement and see how to incorporate a living foods diet into your daily life. **Living Dandelions**
Deborah Richmond, 2012-05 Plain and simple to the point, helpful for meal planning with lots of healthful suggestions. There are so many obvious reasons dandelions are so prevalent; available for our use in nature. They are not here just to tick us off; they're there for a reason. If the universe provides for the birds, why would it not for us? I have compiled over 200 tasty recipes you can use in everyday life. Dandelions help increase metabolism, boost your immune system, offer body detoxification for overall health improvement. Dandelions are still free. You should go green; everybody else is. Environmentally, this makes good sense. Grocery bills would be cheaper. You could clear your garden and yard without chemicals and actually use them for something good. Don't forget they reseed. Fresh, local, picked and cleaned, put in the crisper of your fridge. Ready to use in your favorite recipes or mix in with your modern greens. In these recipes, you will find a variety of vegetarian and meat alternative protein and ways to use the whole plant. Dandelions suppress cravings, level blood sugar, ease starvation, increase libido, reverse aging by increasing nutrients. Dandelions assist with elimination, detoxification, and it's a natural diuretic. The stem of the dandelion is like celery, stringy, and it balls up like a pot scratcher, and when it passes through the small intestine, it works to clean it. Dandelions aid in prevention and elimination of many ailments and diseases. Health and wellness is a global issue. My grandfather used to say, if you haven't got your health, you don't have anything. **Spiritual Nutrition**
Gabriel Cousens, M.D., 2009-03-03 When we eat, can we feed the soul as well as the body? Can

a diet have an impact on spirituality Spiritual Nutrition empowers readers to develop personal diets that are appropriate to their lifestyles and spiritual practices Drawing on 14 years of clinical experience and research Dr Gabriel Cousens discusses nutritional issues that can help answer these questions including raw vs cooked food high vs low protein the concepts of assimilation and fasting alkaline acid balance attitudes about food nutrients energy and structure building In addition Cousens shares his new dietary system of spiritual nutrition that is based on the relationship that the color of the food has to corresponding colors of the human chakra system hence the rainbow diet For true nourishment he strongly promotes the connection of diet to meditation fellowship wisdom and love
