Pioneer Memories:

Pioneer Memories Meda Deubler Stanley, 1980 **The Big Idea Book of Heritage Memories** Jesse Lee Young, 2001

Pioneers Rick Steber, Mountain men and fur traders were the first to travel the route that would one day become the Oregon Trail In their wake came missionaries who wrote letters and reports describing the far side of the continent and praising the mild climate healthful conditions and the deep fertile soil Historians recognize 1843 as the official beginning of the Oregon Trail That spring a group of a thousand land hungry pioneers with 120 wagons and 5 000 head of cattle departed from Elm Grove Missouri Some of their wagons were abandoned along the Snake plateau but other were brought to the Columbia River where flat bottomed boats were built and floated through the dangerous rapids of the Columbia Gorge to the Willamette Valley It took the pioneers from early spring until late fall to reach the far west They threw together shelters and subsisted that first winter on fish game and the generosity of their neighbors both white and Indian Come spring they cleared ground tilled the virgin soil and planted crops The heyday of the Oregon Trail occurred after gold was discovered in California in 1848 it is estimated one quarter million pioneers traveled overland on the Oregon Trail From these early emigrants the social fabric of the West was woven Within a few years communities were established and schools and churches were built Then came stage lines mail deliveries railroads telegraph wires and the other trappings of the white man's civilization *Transactions of the ... Annual Reunion of the Oregon Pioneer Association* Oregon Pioneer Association, Oregon Pioneer Association. Reunion, 1895 *We Are What We Remember* Laura Mattoon D'Amore, Jeffrey Meriwether, 2013-01-16 Commemorative practices are revised and rebuilt based on the spirit of the time in which they are re created Historians sometimes imagine that commemoration captures history but actually commemoration creates new narratives about history that allow people to interact with the past in a way that they find meaningful As our social values change race gender religion sexuality class our commemorations do too *We Are What We Remember The American Past Through Commemoration* analyzes current trends in the study of historical memory that are particularly relevant to our own present our biases our politics our contextual moment and strive to name forgotten overlooked and denied pasts in traditional histories Race gender and sexuality for example raise questions about our most treasured myths where were the slaves at Jamestowne How do women or lesbians protect and preserve their own histories when no one else wants to write them Our current social climate allows us to question authority and especially the authoritative definitions of nation patriotism and heroism and belonging How do we un commemorate things that were mis commemorated in the past How do we repair the damage done by past commemorations The chapters in this book contributed by eighteen emerging and established scholars examine these modern questions that entirely reimagine the landscape of commemoration as it has been practiced and studied before *Report of the Pioneer Society of the State of Michigan* , 1884 *Pioneer Memories* Earl Elezar Harris, 1974 **Wyoming Folklore** Federal Writers' Federal Writers' Project, 2010-12-01 In 1935 in the depths of the

Great Depression Franklin Roosevelt issued an executive order creating the Federal Writers Project FWP Out of work teachers writers and scholars fanned out across the country to collect and document local lore This book reveals the remarkable results of the FWP in Wyoming at a time when it was still possible to interview Civil War veterans and former slaves homesteaders and Oregon Trail migrants soldiers of the Great War and Native Americans who remembered Little Big Horn The work of the FWP in Wyoming collected and edited here for the first time comprises a rich repository of folklore and history and a firsthand look at the Old West in the process of becoming the new American frontier Wyoming Folklore presents the legends local and oral histories and pioneer stories that defined the state in the early twentieth century

Pioneer Collections ,1884 The Daughters of the American Revolution and Patriotic Memory in the Twentieth Century Simon Wendt,2020-09-01 In this comprehensive history of the Daughters of the American Revolution DAR one of the oldest and most important women s organizations in United States history Simon Wendt shows how the DAR s efforts to keep alive the memory of the nation s past were entangled with and strengthened the nation s racial and gender boundaries Taking a close look at the DAR s mission of bolstering national loyalty Wendt reveals paradoxes and ambiguities in its activism While the Daughters engaged in patriotic actions long believed to be the domain of men and challenged male centered accounts of US nation building their tales about the past reinforced traditional notions of femininity and masculinity reflecting a belief that any challenge to these conventions would jeopardize the country s stability Similarly they frequently voiced support for inclusive civic nationalism but deliberately shaped historical memory to consolidate white supremacy Using archival sources from across the country Wendt focuses on the DAR s most visible work after its founding in 1890 its commemorations of the American Revolution western expansion and Native Americans He also explores the organization s post World War II history a time that saw major challenges to its conservative vision of America s imagined community This book sheds new light on the remarkable agency and cultural authority of conservative white women in the twentieth century
