fame in the television series 21 Jump Street in 1987 and his subsequent transition to film acting Johnny Depp has received constant criticism for his choice of roles at least until his popular turn in the Pirates of the Caribbean series This book aims to reveal the ways in which Depp s choices of film roles though often considered eccentric allowed him to develop into the representative film actor of his time It organizes all of Depp s films chronologically narrating in the process his transition from underestimated teenage pretty boy to bona fide Hollywood hotshot Along the way the book addresses Depp s relationship to earlier film actors especially to Marlon Brando and the silent comics the influence of Depp s androgynous sexuality on both his choice of roles and his acting and his relationships with directors Terry Gilliam and Tim Burton **The**

Disney Middle Ages T. Pugh,S. Aronstein,2012-12-10 For many the middle ages depicted in Walt Disney movies have come to figure as the middle ages forming the earliest visions of the medieval past for much of the contemporary Western and increasingly Eastern imagination The essayists of The Disney Middle Ages explore Disney s mediation and re creation of a fairy tale and fantasy past not to lament its exploitation of the middle ages for corporate ends but to examine how and why these medieval visions prove so readily adaptable to themed entertainments many centuries after their creation What results is a scrupulous and comprehensive examination of the intersection between the products of the Disney Corporation and popular culture s fascination with the middle ages *Hollywood and the Baby Boom* James Russell,Jim Whalley,2017-12-28

Between 1946 and 1964 seventy five million babies were born dwarfing the generations that preceded and succeeded them At each stage of its life cycle the baby boom s great size has dictated the terms of national policy and public debate While aspects of this history are well documented the relationship between the baby boom and Hollywood has never been explored And yet for almost 40 years baby boomers made up the majority of Hollywood s audience and since the 1970s boomers have dominated movie production *Hollywood and the Baby Boom* weaves together interviews with leading filmmakers archival research and the memories of hundreds of ordinary filmgoers to tell the full story of Hollywood s relationship with the boomers for the first time The authors demonstrate the profound influence of the boomers on the ways that movies were made seen and understood since the 1950s The result is a compelling new account that draws upon an unprecedented range of sources and offers new insights into the history of American movies Key Concepts in Theme Park Studies Florian

Treasure Neverland Neil Rennie, 2013-09-12 *Treasure Neverland* is about factual and fictional pirates Swashbuckling eighteenth century pirates were the ideal pirates of all time and tales of their exploits are still popular today Most people have heard of Blackbeard and Captain Kidd even though they lived about three hundred years ago but most have also heard of other pirates such as Long John Silver and Captain Hook even though these pirates never lived at all except in literature The differences between these two types of pirates real and imaginary are not quite as stark as we might think as the real historical pirates are themselves somewhat legendary somewhat fictional belonging on the page and

the stage rather than on the high seas Based on extensive research of fascinating primary material including testimonials narratives legal statements colonial and mercantile records Neil Rennie describes the ascertainable facts of real eighteenth century pirate lives and then investigates how such facts were subsequently transformed artistically by writers like Defoe and Stevenson into realistic and fantastic fictions of various kinds historical novels popular melodramas boyish adventures Hollywood films Rennie's aim is to watch in other words the long dissolve from Captain Kidd to Johnny Depp There are surprisingly few scholarly studies of the factual pirates properly analysing the basic manuscript sources and separating those documents from popular legends and there are even fewer literary historical studies of the whole crew of fictional pirates although those imaginary pirates form a distinct and coherent literary tradition *Treasure Neverland* is a study of this Scots American literary tradition and also of the interrelations between the factual and fictional pirates pirates who are intimately related as the nineteenth century writings about fictional pirates began with the eighteenth century writings about supposedly real pirates What I want is the best book about the Buccaneers wrote Stevenson when he began *Treasure Island* in 1881 What he received rightly was indeed the best book the sensational and unreliable *History of the Pyrates 1724* [The Fun Guide to Walt Disney World for Kids!](#) Jessie Sparks, 2022-09-01 Updated September 1 2022 Includes Lightning Lanes Genie Now with puzzles and games Get your entire family excited and involved in the planning of your Walt Disney World vacation With this unique book designed especially for kids your children can help decide what to do on your trip While we designed the book for kids adults also love the great information contained in it Use it with our comprehensive Disney Made Easy guide book to plan an amazing family vacation you will never forget **A Reader in Themed and Immersive Spaces** Scott A.
