This foodborne disease outbreak prevention manual is the first of its kind for the retail food service industry Respected public
health professional Hal King helps the reader understand design and implement a food safety management system that will
achieve Active Managerial Control in all retail food service establishments whether as part of a multi restaurant chain or for
multi restaurant franchisees According to the most recently published data by the Centers for Disease Control and
Prevention CDC retail food service establishments are the most commonly reported locations 60% leading to foodborne
disease outbreaks in the United States every year The Food and Drug Administration FDA has reported that in order to
effectively reduce the major foodborne illness risk factors in retail food service a food service business should use Food
Safety Management Systems FSMS however less than 11% of audited food service businesses in a 2018 report were found
using a well documented FSMS Clearly there needs to be more focus on the prevention of foodborne disease illnesses and
outbreaks in retail food service establishments The purpose of this book is to help retail food service businesses implement
FSMS to achieve Active Managerial Control AMC of foodborne illness risk factors It is a key resource for retail professionals
at all levels of the retail food service industry and those leaders tasked to build and manage food safety departments within
these organizations *Health Planning Reports: Subject index. 4 v* United States. Health Resources Administration,1978
