La poesía española del siglo XX en Italia Davide Mombelli, Davide Savio, 2021-12-03 La poesía española del siglo XX en Italia no propone una mera catalogación de autores obras publicaciones secundarias o traducciones de esa materia hispánica en Italia durante el siglo XX sino una propuesta menos aparatosa y de mayor eficacia orientadora aunque menos taxonómica Se trata de una visión de conjunto y la mecánica de su proceso el estudio de la recepción poniendo además de relieve las líneas de tendencia y procediendo a subrayar aquellos fenómenos más significativos Estos fenómenos significativos son justamente los que han permitido a la poesía española contemporánea penetrar en la cultura italiana así como por otra parte se hace preciso observar los fenómenos que la han obstaculizado El encuentro con la poesía española del siglo XX ha representado en varios momentos un espejo en que mirarse para los literatos italianos también en un sentido social y político La comparación entre la poesía española e italiana obliga por tanto a replantear las coordenadas historiográficas habituales en los estudios de las respectivas áreas un ejercicio que como hemos intentado demostrar supera con creces el ámbito del simple estudio de la comparación para adquirir significados más amplios y penetrantes en el ámbito de la Historia de la Cultura y la Comparatística
