## **Raising Great Kids For Parents Of Preschoolers Leaders Guide:**

**Raising Great Kids for Parents of Preschoolers** Henry Cloud, John Townsend, John Sims Townsend, 2000-04-25 Raising kids of character is a daunting task so there's no better time to start than when they're young. The first few years of life is the most critical period of growth and development. Infants start the process of trusting the love of Mom and Dad and God. Toddlers begin experiencing freedom and responsibility and children start understanding how to function in the real world. In short, this is the period in which a child's soul is developed. As a parent, you are right at the center of that process. It's impossible to overestimate how important a role you play in rearing your child. As the Bible teaches, God shows us how to trust in him even at my mother's breast. Psalm 22:9. But most parents feel overwhelmed by the complexity of the job. With so many things to worry about, how do you know the real tasks and goals of parenting? Many moms and dads become discouraged or don't know where to start. We wrote **Raising Great Kids** and developed this curriculum to help you. In this video curriculum, just as in the book, we offer you a structure for approaching parenting. We provide a road map for creating character in your children, the ability to function as God designed them to function in the world. The biblical principles set forth in the book apply to all ages and stages of kids so you can use them as a guide for all the years you parent. This video curriculum, however, deals specifically with infants, toddlers, and preschoolers. It addresses in a practical, hands-on manner situations and issues you encounter with children five years old and younger. Our goal is to help empower parents of these children, moms and dads like you, to become intentional and effective in your parenting. We're glad you've decided to invest the time and effort in your children by working through **Raising Great Kids for Parents of Preschoolers**. We pray that God will use this study to help your parenting be the successful and worthwhile relationship he designed it to be. We appreciate your labors as a parent and may God bless you.

**Boundaries with Kids Leaders Guide** Henry Cloud, John Townsend, 2003-02 When to say yes, when to say no, to help your children gain control of their lives. **Safe House** Joshua Straub, PhD, 2015-10-20 Parenting isn't rocket science; it's just brain surgery. And Dr. Joshua Straub has good news for you. You can do it. You don't need to do all the right things as a parent. Both science and the Bible show us that the most important thing we can provide for our kids is a place of emotional safety. In other words, the posture from which we parent matters infinitely more than the techniques of parenting. Emotional safety more than any other factor is scientifically linked to raising kids who live, love, and lead well. Learn how to use emotional safety as a foundation from which you parent and make a cultural impact that could change the world. In **Safe House**, Dr. Straub draws from his extensive research and personal experience to help you foster healthy identity and social development in children of any age. Win the war without getting overwhelmed in the daily battles. Discipline in a way that builds relationship. Understand how the culture is affecting your child and what you can do about it. Cultivate responsible self-regulating behavior in your kids. Establish an unshakeable sense of faith, morality, and values in your home. Feel more confident and peaceful as a parent. Find a greater perspective on parenting than what you

might see on a daily basis Also includes a Safe House Parenting Assessment      *Raising Great Kids* Henry Cloud, John Townsend, 2009-09-01 What does it take to raise great kids If you've read any books on parenting conflicting opinions have probably left you feeling confused Get tough Show acceptance Lay down the rules Lighten up already There's got to be a balance and there is Joining their expertise with the wisdom of MOPS International Mothers of Preschoolers Drs Henry Cloud and John Townsend help you provide both the care and acceptance that make grace real to your child and the firmness and discipline that give direction Avoiding the twin extremes of permissiveness and over control Drs Cloud and Townsend show how you can help your child cultivate six necessary character traits attachment responsibility reality competence morality and worship spiritual life At last here is an effective middle ground for raising up children who will handle life with maturity and wisdom Raising Great Kids will help you equip your son or daughter to accept life's responsibilities grow from its challenges and freely and fully explore all that it has to offer      *Boundaries in Marriage* Henry Cloud, John Townsend, John Sims Townsend, 2002-07-23 Improve your relationship with your spouse Gain life changing insights on What boundaries are why they're vital to a healthy marriage and how each partner can establish them How values form the structure and architecture of marriage How to protect your marriage from intruders whether other people or personal idols How to work with a spouse who understands and values boundaries and a spouse who doesn't It Takes Two Individuals to Become One Flesh Only when a husband and wife know and respect each other's needs choices and freedom can they give themselves freely and lovingly to one another Boundaries in Marriage gives the couples in your group the tools they need By applying the powerful biblical and relational principles presented in this Zondervan Groupware™ couples can make a good marriage better and even save one that's headed for disaster This leader's guide gives you the clear step by step instructions you need to maximize interaction support and insights within your group Most of the preparation has been done for you just follow the easy to use lesson plan complete with helpful tips Because this book includes the full text of the participant's guide it's the only guidebook you need to track page for page with your group Sidebar Boundaries in Marriage sessions 1 What's a Boundary Anyway 2 Applying the Ten Laws of Boundaries to Marriage 3 Setting Boundaries with Yourself 4 Values One and Two Love of God and Love of Spouse 5 Values Three and Four Honesty and Faithfulness 6 Values Five and Six Compassion and Forgiveness and Holiness 7 Resolving Conflict in Marriage 8 Some Warning Signs to Help Your Marriage Boundaries in Marriage kit includes 1 105 minute VHS DVD included use either one 1 Leader's guide 1 Participant's guide 1 Boundaries in Marriage softcover book Also sold separately      **The Parent's Journal Guide to Raising Great Kids** Bobbi Conner, 1997 The Parent's Journal Guide to Raising Great Kids is a comprehensive book of ingredients for raising children It is based upon Bobbi Conner's experience as a mother and upon the ten years of research and broadcast interviews Bobbi has conducted in putting together The Parent's Journal her award winning public radio show that reaches 1.4 million parents a week The Parents Journal Guide identifies the most important things every child needs in order to develop and thrive and presents easy

**Parents Who Think Too Much** Anne Cassidy,2010-10-06 With the baby boom generation came the genre of parenting books that told parents how to teach their kids everything from toilet training to developing self esteem Generally the message has been go easy on your child but hard on yourself It is starting to become apparent especially in the best of families that giving your kids lots of choices validating their feelings at great peril to your own and providing enough individual attention for each child is creating a generation of kids over whom we have no control Cassidy argues that this comes from over thinking our role as parents We ve pondered every step so much that the juice the joy and worst of all our confidence is gone The reasons are clear We have fewer children later in life so we ve had more time to ponder We ve grown up just as research on infant and child development has come of age so there s no shortage of material to think about As a generation we ve prided ourselves on self improvement and we bring the same zeal to child improvement We re less likely to live close to our families and so are more likely to seek out expert solutions To counter this thinking Cassidy will suggest keeping the big picture in mind what kind of people do you really want your kids to be Honest kind cooperative empathetic It may mean losing sight of whether enough play dates are scheduled for the week and if you ve positively reinforced the latest creative endeavor but it will bring back your instincts about what is important to your family as a whole and to your kids to become decent people
