Rambles In Ireland And A County By County Guide For Discriminating Travelers:

Rambles in Ireland Monie Begley,1979 *Rhythms of Revolt: European Traditions and Memories of Social Conflict in Oral Culture* Éva Guillot,David Hopkin,William G. Pooley,2017-10-23 The culture of insurgents in early modern Europe was primarily an oral one memories of social conflicts in the communities affected were passed on through oral forms such as songs and legends This popular history continued to influence political choices and actions through and after the early modern period The chapters in this book examine numerous examples from across Europe of how memories of revolt were perpetuated in oral cultures and they analyse how traditions were used From the German Peasants War of 1525 to the counter revolutionary guerrillas of the 1790s oral traditions can offer radically different interpretations of familiar events This is a history from below and a history from song which challenges existing historiographies of early modern revolts

Travel & Tourism Bibliography and Resource Handbook Jeanne Gay,1981 **Catalog of Copyright Entries.**

Third Series Library of Congress. Copyright Office,1979 **Seamus Heaney** Richard Rankin Russell,2016-09-13 The first detailed introduction to the entirety of Seamus Heaneys workThis study will enable readers to gain clearer understanding of the life and major works of Seamus Heaney It considers literary influences on Heaney ranging from English poets such as Wordsworth Hughes and Auden to Irish poets such as Kavanagh and Yeats to world poets such as Virgil and Dante It shows how Heaney was closely attuned to poetry s impact on daily life and current events even as he articulated a convincing apologia for poetry s own life and integrity Discussing Heaney s deep immersion in Irish Catholicism this book demonstrates how faith influenced his belief system poetry and politics Finally it also considers how deeply Heaney s artistic endeavours were intertwined with politics in Northern Ireland especially through his embrace of constitutional nationalism but rejection of physical force republicanism Key FeaturesIncludes sections on biography historical cultural and political contexts poetry and other genres as well as a concluding section on primary works and secondary criticismPays special attention to the marriage of form and content in the poetry and how they work together to express subtle shades of meaningOffers close readings of Heaney s canonical poems throughout his career including the early seminal poems such as Digging the abog poems and his many elegies such as Casualty Station Island and ClearancesDraws on drafts of the poems and prose at the Heaney archives at Emory University and the National Library of Ireland **Ireland of the Welcomes** ,1977 *This Strange Loneliness* Peter Mackay,2021-04-15 This Strange Loneliness is the first comprehensive account of the poetic relationship between Seamus Heaney and William Wordsworth Peter Mackay explores how Heaney repeatedly turns to the Romantic poet s work for inspiration corroboration and amplification and as a model for the fortifying power of poetry itself which offers the fundamental lesson that it is on this earth we find our happiness or not at all Through an in depth look at archival materials and at uncollected poems and prose by Heaney Mackay traces the evolution of Heaney s readings of Wordsworth throughout his career revealing their shared interest in the connections between poetry and education the

possibility of a beneficial understanding of poetic influence the complexities of place and displacement ideas of transcendence and ultimately the importance of late style later poems by Wordsworth might prove a cautionary tale as well as example for any poet Placing Heaney's readings within their political historical and poetic contexts the book also explores how he negotiated the complex relationship between Irish and British culture and identity to claim a persistent form of kinship and forge a strange community with the Romantic poet With illuminating readings that reveal new contexts to and currents in Heaney's work This Strange Loneliness is a powerful evocation of the Irish poet's sense of the uplift that poetry can provide

Derry City Margo Shea,2020-06-25 Derry is the second largest city in Northern Ireland and has had a Catholic majority since 1850 It was witness to some of the most important events of the civil rights movement and the Troubles Derry City examines Catholic Derry from the turn of the twentieth century to the end of the 1960s and the start of the Troubles Plotting the relationships between community memory and historic change Margo Shea provides a rich and nuanced account of the cultural political and social history of Derry using archival research oral histories landscape analysis and public discourse Looking through the lens of the memories Catholics cultivated and nurtured as well as those they contested she illuminates Derry's Catholics understandings of themselves and their Irish cultural and political identities through the decades that saw Home Rule Partition and four significant political redistricting schemes designed to maintain unionist political majorities in the largely Catholic and nationalist city Shea weaves local history sources community folklore and political discourse together to demonstrate how people maintain their agency in the midst of political and cultural conflict As a result the book invites a reconsideration of the genesis of the Troubles and reframes discussions of the problem of Irish memory It will be of interest to anyone interested in Derry and to students and scholars of memory modern and contemporary British and Irish history public history the history of colonization and popular cultural history

The Journal of Irish Literature ,1978 **Forgetful Remembrance** Guy Beiner,2018-11-09 Forgetful Remembrance examines the paradoxes of what actually happens when communities persistently endeavour to forget inconvenient events The question of how a society attempts to obscure problematic historical episodes is addressed through a detailed case study grounded in the north eastern counties of the Irish province of Ulster where loyalist and unionist Protestants and in particular Presbyterians repeatedly tried to repress over two centuries discomfiting recollections of participation alongside Catholics in a republican rebellion in 1798 By exploring a rich variety of sources Beiner makes it possible to closely follow the dynamics of social forgetting His particular focus on vernacular historiography rarely noted in official histories reveals the tensions between professed oblivion in public and more subtle rituals of remembrance that facilitated muted traditions of forgetful remembrance which were masked by a local culture of reticence and silencing Throughout Forgetful Remembrance comparative references demonstrate the wider relevance of the study of social forgetting in Northern Ireland to numerous other cases where troublesome memories have been concealed behind a veil of supposed oblivion
