**Journal of the National Cancer Institute** ,1990     Shanghai Love Catherine Vance Yeh,2006 In this fascinating book Catherine Yeh explores the Shanghai entertainment world at the close of the Qing dynasty Established in the 1850s outside of the old walled city the Shanghai Foreign Settlements were administered by Westerners and so were not subject to the strict authority of the Chinese government At the center of the dynamic new culture that emerged was the courtesan whose flamboyant public lifestyle and conspicuous consumption of modern goods set a style that was emulated by other women as they emerged from the inner quarters of traditional Chinese society Many Chinese visitors and sojourners were drawn to the Foreign Settlements Men of letters seeking a living outside of the government bureaucracy found work in the Settlements burgeoning print industry and formed the new class of urban intellectuals Courtesans fled from oppressive treatment and the

turmoil of uprisings elsewhere in China and found unprecedented freedom in Shanghai to redefine themselves and their profession As the entertainment industry developed publications sprang up to report on and promote it Journalists and courtesans found that their interests increasingly coincided and the Settlements became a cosmopolitan playground Ritualized role play based on novels such as *Dream of the Red Chamber* elevated the status of courtesan entertainment and led to culturally rich interactions between courtesans and their clients As participants acted out the stories in public they introduced modern notions of love and romance that were radically at odds with the traditional roles of men and women Yet because social change arrived in the form of entertainment it met with little resistance Yeh shows how this fortuitous combination of people and circumstances rather than official decisions or acts created the first multicultural modern city in China With illustrations from newspapers novels travel guides and postcards as well as contemporary written descriptions of life in foreign driven fast paced cutting edge Shanghai this study traces the mutual influences among courtesans intellectuals and the city itself in creating a modern market oriented leisure culture in China Historians literary specialists art critics and social scientists will welcome this captivating foray into the world of late nineteenth century popular culture Choice,2007 **Maximum Rocknroll** ,2006 The Publishers Weekly ,2004 *School Library Journal* ,2007 **Proceedings American Association for Artificial Intelligence**,2006 ICMI '06 ,2006 **The Promise and Performance of American Democracy** Jon R.
