Ransoming Hector:

Ransoming Hector Shervin Dean, 2000-12 Brain damage Cure it and you cure violent crime Martha Tisseau psychologist extraordinary believes she's found the panacea for healing society's most intractable criminals But crime pays the jailers that is In this case the cure may turn out to be more deadly than the disease **Homer's Iliad: The Real Story** John D. Martin, 2025-07-30 For the nearly three millennia since its creation the Iliad's Real Story has gone undiscovered Homer a blind poet as antiquity believed him to be created a powerful war story which must have enthralled his listening audiences But this story concealed another one far grander in design and immensely more clever in execution which can be discovered only by careful examination of the written text Living in an age where literacy was minimal Homer created this story for the gods and undoubtedly never expected any mortal to understand it Homer's imaginative fantasy radically undermines traditional Trojan War mythology and exposes the speciousness of war's glory the folly of the warriors who supposedly fight for it and the amorality of the gods who help them do so Homer's great war poem great indeed war poem indeed is in its depths antiwar In piecing together the Iliad's web of secret plans deeply hidden motives and subtle lies and deceptions and in the process identifying and discarding post Homeric corruptions to the text we will find an Iliad which is not a prelude to Achilles glorious early death and the Fall of Troy but the opposite In a concealed ending towards which the entire story has been leading Homer's own words will tell us how Achilles as supplicated by Priam chooses a long life without renown and goes home The Greek army unwilling to fight without its greatest warrior leaves also sparing peaceful holy Troy Zeus favorite city and best hope for mankind Homer tells this story with a brilliance that is almost unimaginable until one actually encounters it The Real Iliad is an immense intellectual challenge and an inexhaustible source of surprises Far from a formalistically heroic epic as has long been thought it is an imaginative expression of the full creative powers of Western antiquity's greatest author *Homer's Iliad* Jeffrey Duban, 2025-05-05 The Iliad presents superhuman heroes and superhuman rage brutal death unbounded sorrow the craving for revenge the shortness of life the glory quest and ultimately reconciliation and forgiveness As human nature is unchanging the Iliad's themes concern us as much today as they did Homer's audiences 2 700 years ago Not for nothing did Ezra Pound observe that a civilization was founded on Homer The Iliad is always relevant even as it is timeless Of interest to readers in every generation it is a classic in the root sense Homer was the Bible of the Greeks He was their mythology and history still fairly merged at the time their religion their storehouse of ethics and exempla under an Olympian dispensation And while the Odyssey is the more popular of Homer's epics the Iliad is the more profound This is not merely another new translation of Homer's Iliad It is sooner and foremost Homer's Iliad in a Classical Translation the first ever into a consistently 12 syllable line and at the same time the longest such work in the English language the Iliad consisting of 15 639 lines in Greek This translation by Jeffrey M Duban uses a mildly archaizing style and other poetic devices to suggest the antiquity and flavor of Homeric composition Like the original it is both

alliterative and polysyllabic excessive monosyllabism the scourge of many a modern translation Duban further observes epic decorum with recourse to poetic diction Decorum entails the avoidance of colloquialisms and commonplaces again in contrast to other translations Through its masterful deployment of archaism inversion elevated diction and other techniques of aesthetic distancing Duban's uniquely metered rendering re-Homerizes the Iliad as it were casting its remoteness and peculiarity into sharp relief Robert Pogue Harrison Rosina Pierotti Professor in Italian Literature Stanford University Author *The Body of Beatrice* 1988 While Homer's style can be plain and direct it is also often very grand and even at times ornate You will find plainness in many modern translations of Homer but you will likely search in vain for elevation In his spirited rendering of the Iliad Jeffrey Duban aims high Through a carefully crafted use of heightened poetic diction and a consistent metrical formalism Duban offers us in English verse a singular version of Homer's epic poem Steven Shankman University of Oregon Author *Pope's Iliad Homer in the Age of Passion* 1983 Editor *Pope's Iliad* Penguin ed 1996 Like the campfires scene concluding Book 8 Duban's Iliad with the antique luster of burnished bronze glints smartly across the plain Think what you will of the contemporary or new translations a flood the market this one classically conceived and executed is special Duban does not merely translate but conveys his vision for the Iliad C J Mackie La Trobe University Author *Rivers of Fire Mythic Themes in Homer's Iliad* 2008

Renaissance Suppliants Leah Whittington, 2016-06-02 *Renaissance Suppliants* studies supplication as a social and literary event in the long European Renaissance It argues that scenes of supplication are defining episodes in a literary tradition stretching back to Greco-Roman antiquity taking us to the heart of fundamental questions of politics and religion ethics and identity sexuality and family As a perennial mode of asymmetrical communication in moments of helplessness and extreme need supplication speaks to ways that people live together despite grave inequalities It is a strategy that societies use to regulate and perpetuate themselves to negotiate conflict and to manage situations in which relationships threaten to unravel All the writers discussed here Vergil Petrarch Shakespeare and Milton find supplication indispensable for thinking about problems of antagonism difference and hierarchy bringing the aesthetic resources of supplicatory interactions to bear on their unique literary and cultural circumstances The opening chapters establish a conceptual framework for thinking about supplication as facilitating transitions between states of feeling and positions of relative status beginning with Homer and classical literature Vergil's Aeneid is paradigmatic instance in which literary and social structures of the ancient past are transformed to suit the needs of the present and supplication becomes a figure for the act of cultural translation Subsequent chapters take up different aspects of Renaissance supplicatory discourse showing how postures of humiliation and abjection are appropriated and transformed in erotic poetry drama and epic The book ends with Milton who invests gestures of self-abasement with unexpected dignity

Memory in Vergil's Aeneid Aaron M. Seider,2013-09-12 Tracing the path from Troy s destruction to Rome s foundation the Aeneid explores the transition between past and future As the Trojans struggle to found a new city and the narrator sings of his audience s often painful history memory becomes intertwined with a crucial leitmotif the challenge of being part of a group that survives violence and destruction only to face the daunting task of remembering what was lost This book offers a new reading of the Aeneid that engages with critical work on memory and questions the prevailing view that Aeneas must forget his disastrous history in order to escape from a cycle of loss Considering crucial scenes such as Aeneas reconstruction of Celaeno s prophecy and his slaying of Turnus this book demonstrates that memory in the Aeneid is a reconstructive and dynamic process one that offers a social and narrative mechanism for integrating a traumatic past with an uncertain future
