Rape Of Occult:

The power of the magician is inversely related to his worldly interests Eliphas Levi, 2022-07-07 Occult philosophy is the key to all divine obscurities and the absolute queen of society in those ages when it was reserved exclusively for the education of priests and kings The multitude never conspires except against real powers it possesses not the knowledge of what is true but it has the instinct of what is strong Emperor Julian was the Don Quixote of Roman Chivalry Julian and Socrates were put to death for the same crime Why do priests and potentates tremble What secret power threatens tiaras and crowns Magic as a science is the knowledge of the metaphysical principles and of the way by which the omniscience and omnipotence of the spirit and its control over nature's forces may be acquired by the individual while still in the body Magic as an art is the application of this knowledge in practice True Magic is the intimate knowledge of nature within the sanctuaries known as the worship of the Light and diligent research into those occult laws which constitute the ultimate essence of every element True Magic being divine and spiritual wisdom it can only be exercised by the pure in heart Occultism is vastly different from magic a term often confounded the occult sciences including the black arts and the worship of Darkness The Sphinx is the living palladium of humanity and the imagination lighting up our blind senses She is the eternal enigma of the vulgar the granite pedestal of Divine Wisdom the voracious and silent monster whose invariable form expresses the one dogma of the great universal mystery By lifting the veil of Isis and balancing the twin opposing powers spirituality and animalism ever reacting upon each other the Kabbalah affirms the eternal struggle of being reconciles reason with faith power with liberty and science with mystery The seeker of Truth must be fearless and forgiving brave dangers dishonour and give up all expectation Divine knowledge must be conquered by defiant intensity and virtue before she opens the portals of her secret chambers Unsullied by the hand of matter she shows her treasures only to the Eye of Spirit What is faith except the audacity of a will which does not tarry in darkness but moves on towards the light in spite of all ordeals surmounting all obstacles It is action that proves life and establishes will therefore we must act in order to be Mysteries are disdained by modern science Their primary benefit is that they forestall absolute brutality among men Miracles are natural phenomena from occult causes Admission of miracles implies ignorance of their causes By providential law the true alchemist can only exercise omnipotence in inverse proportion to his material interests the more resigned is he to privations and the more he esteems that poverty which protects the secrets of the magnum opus the more gold he makes He must be cool dispassionate and utterly unconcerned with self yet ever ready to sacrifice himself for the welfare of others He has no right to use his magnetic power to lessen his personal suffering as long as there is a single creature that suffers and whose physical or mental pain he can lessen if not heal Passion forcibly projects the astral light and impresses unforeseen and uncontrollable movements on the universal agent The more we restrain ourselves for an idea the greater is the strength we acquire within the scope of that idea Indolence and forgetfulness are the enemies of will and for this reason all religions have

multiplied their observances and made their worship minute and difficult In order to do a thing we must believe in the possibility of our doing it and this confidence must forthwith be translated into acts Faith does not even try it begins with the certitude of completing and proceeds calmly as if omnipotence were at its disposal and eternity before it True magicians are normally found in rural areas often uninstructed folks and simple shepherds Those who live in harmony with nature are wiser than doctors whose spiritual perception is trammelled by the sophistries of their schools While poverty has no natural tendency to bring forth selfishness wealth requires it Hardship and poverty are so favourable to spiritual progress that the greatest masters have preferred it even when the wealth of the world was at their disposal In poverty is benevolence assayed and in the moment of anger is a man's truthfulness displayed By truth alone is man's mind purified and by the right discipline it does become inspired We should always remember that we are dethroned sovereigns who consent to existence in order to reconquer our crowns Therefore we must avoid hideous objects and uncomely persons must decline eating with those whom we do not esteem and must be mild and considerate to all The disciple by following his inner light will never be found judging and far less condemning those weaker than himself The lamp of truth guides his learning the mantle which enwraps him is his discretion the staff is the emblem of his strength and daring Let us then learn diligently and when we know let us have the will to act in unison with the Cosmic Will He who has silenced lusts and fears is a king among the wandering mass Fragments of relative truths can be communicated orally by the Sage to the disciple but not the complete everlasting Truth Therefore Sages speak sparingly not to disclose but to lead the pure in heart to discover Energetic ecclesiastical mediocrity has managed to supplant modest superiority misunderstood because of its feigned modesty A man who is truly man can only will that which he should reasonably and justly do so does he silence lusts and fears that he may hearken solely to reason Such a man is a natural king and a shepherd for the wandering multitude Life is aspiration and respiration Creation is the assumption of a shadow to serve as a bound to light of a void to serve as space for the plenitude of a passive fructified principle to sustain and realise the power of the active generating principle Movement is the outcome of a preponderance of one over the other force positive and negative as determined by the laws of affinity and antipathy If both forces are absolutely and invariably equal the world will come to a stand still If the two forces are expanded and remain so long inactive as to equal one another and so come to a complete rest the condition is death Man can produce two breathings at his pleasure one warm and the other cold he can also project either the active or passive light at will Will is the offspring of Divinity desire the motive power of animal life Miracles are the inexplicable effects of natural causes They are commonly regarded as contradictions of nature or sudden vagaries of the divine mind not seeing that a single causeless effect would reduce the universe to chaos Anthropomorphism is the parent of materialism and author of black magic God operates by His works in heaven by angels and on earth by men But in the heaven of human conceptions it is humanity that creates God and men think that God has made them in His image because they have made Him in theirs The man who has come to fear

Helena Petrovna Blavatsky, Paracelsus,2022-07-03 Materialism is moral and spiritual blindness Shall we let the blind lead the blind Before Alchemy existed as a Science its quintessence alone acted in Nature s correlations The virtuous man can produce external perceptible phenomenal results by invoking Kriyashakti his own inherent power of creative thought and become a co worker with Nature in her higher departments Like the lightning conductor that directs the electric fluid the force of Kriyashakti conducts the quintessence of life and gives it direction led haphazardly it can kill directed by the potency of human will and magnetic force it can create according to a predetermined plan Poor alchemy Star of the morning daughter of the dawn how fallen from thine high estate That which once was still is and forever shall be even to the end of time Words change and their meaning becomes quickly disfigured But eternal ideas remain and shall not pass away The ass skin is congenial to the tastes of today s philosophicules and materialistic alchemists who sacrifice the living soul for the dead form than revering Princess Nature in all her nakedness With so many would be alchemists around even Hermes himself would lose his way Only High Initiates are able to unravel the jargon of Hermetic

philosophers and divulge their secrets pertaining to all seven realms of nature To the practical alchemist whose object is the production of wealth by the special rules of his art studying their metaphysical basis was a secondary consideration while the Sage who had ascended to the plane of metaphysical contemplation would reject the material objectives of these studies as unworthy of any further consideration The origin of alchemy is lost in the remotest antiquity of the Far East The Chaldeans were only the heirs first to antediluvian and later to the alchemy of the Egyptians The Wisdom of the East no longer exists in the West it died with the three Magi Hermes never was the name of a man but a generic title just as the term Neo Platonist was used in former times and Theosophist is being used in the present Even in the time of Plato Hermes was already identified with the Thoth of the Egyptians Thoth Hermes is simply the personification of the Voice of the sacerdotal caste of Egypt the Voice of the Great Hierophants Alchemy is as old as tradition itself The Golden Fleece was a treatise written on animal skin explaining how gold could be made by alchemical means There still remain underground a large number of such alchemical works written on papyrus and buried with mummies ten millennia old The whole secret lies in the ability to recognise in such works what appears to be only a fairy tale as in the golden fleece and the romances of the earlier Pharaohs Explicit instructions do not come from the sanctuaries of Egypt Most are fractionally correct interpretations of the allegorical stories of the alchemical green blue and yellow dragons and the rose tigers of the Chinese Alchemy was imported to Europe from China transformed into Hermetic writings which were then fabricated by the old Greeks and the Arabs and refabricated in the Middle Ages now jumbled up and distorted beyond recognition The two objects of the Chinese system and the Hermetic Sciences in making gold and prolonging life are identical But the Eastern Adept Initiates despising gold and having a profound indifference for life care very little about such selfish pursuits which in most cases are acts black art The third object of alchemy i e transmutation has been wholly neglected by Christian adepts who being satisfied with their belief in the immortality of the soul they never properly understood the meaning of this object The transmutation of the real alchemist is the occult process by which his debased nature and brute energy are conquered and thus ennobled by his highest intellectual faculties his soul is infused into the spiritual dynamics of the Divine Will Woe to those who seek to obtain magical powers for selfish ends and money making under the cloak of alchemy Alchemy is a noble philosophy purely metaphysical The transmutation of base metals into gold was merely an allegory for freeing man of his ancestral evils and infirmities by redeeming the flesh below and regenerating the soul above It is incorrect to think that there exists any special powder of projection or philosopher s stone or elixir of life The latter lurks in every flower in every stone and mineral throughout the globe it is the ultimate essence of everything on its way to higher and higher evolution And as there is no good or evil so there is neither elixir of life nor elixir of death nor poison as such but all this is contained in one and the same Universal Essence this or the other effect or result depending on the degree of its differentiations and various correlations The light side of that Essence produces life health bliss divine peace and so forth the dark side brings death disease sorrow and strife

This is demonstrated by knowing the nature of the most deadly poisons of some of them even a large quantity will produce no ill effect whereas a grain of the same poison will kill with the rapidity of lightning yet exactly the same grain when altered by a certain combination will heal Seek not the secrets of nature in nature Know your self first and foremost The treasure of treasures lies in the innermost chamber of your heart where the sunlight of truth shines with unfading glory How can those who are fools in nature hope to profit from alchemical works the timeless testimonies to creative powers of Nature Let the seeker of Truth be wary of things that are readily understood especially mystical names and secret operations for Truth lies hid in obscurity Pearls of Truth cannot be given to the profane less so today than when the Apostles were advised not to cast pearls before swine The chemist imitates nature the alchemist surpasses nature herself Chemistry decomposes and recombines material substances it purifies simple substances of foreign elements but leaves the primitive elements unchanged Alchemy changes the character of things and raises them up into higher states of existence As all the powers of the universe are potentially contained in us our body and its organs are the representatives of the powers of nature and a constellation of the same powers that formed the stars in the sky The physician who knows nothing of alchemy can only be a servant of nature but the alchemist is her lord *Satan's Den Exposed* Bill Johnson,2008-02 The horrifying story of a young woman who escaped an Elephant Butte residence wearing only a padlocked collar and chain around her neck after being kidnapped from Albuquerque and sexually tortured for three days in March 1999 opened perhaps one of New Mexico s largest criminal investigations in years This book is the story of the sadist and his crew and how his guilt was slowly determined in the local newspaper The Desert Journal **The Occult** Josh McDowell,Don Stewart,1992-04 In this revised and updated edition the authors reveal the truth about astrology witchcraft satanism and other threats to Christian beliefs and tell why the key weapon in the battle against the dark powers must be the authority of the believer Discerning and Exposing the Spirit of Deceit of Antichrist ETAN BRUNO, **Encyclopedic Dictionary of Cults, Sects, and World Religions** Larry A. The Sex Thieves Julien Bonhomme, 2016-11-15 While working in Africa anthropologist Julien Bonhomme encountered an astonishing phenomenon people being accused of stealing or shrinking the genitals of strangers on the simple occasion of a handshake on the street As he soon discovered these accusations can have dramatic outcomes the sex thieves are often targeted by large crowds and publicly lynched Moreover such rumors are an extremely widespread practice having affected almost half of the African continent since the 1970s In this book Bonhomme examines the story of the penis snatcher asking larger questions about how to account for such a phenomenon unique in its spatial and temporal scale without falling prey to the cliché of Africa as an exotic other Bonhomme argues that the public belief in sex thieves cannot be considered a superstition or form of mass hysteria Rather he brings to light multiple factors that explain the rumor s success and shows how the cultural dynamic can operate on a vast scale Analyzing the rumor on both transnational and local levels he demonstrates how it arises from the ambiguities and dangers of anonymity and thus that it reveals an occult flipside to everyday social interaction Altogether this book provides both richly ethnographic and theoretical understandings of urban sociality and the dynamics of human communication in contemporary Africa and beyond
