Ali K. Kamrani, Emad Abouel Nasr, 2006-06-18 Rapid prototyping techniques have been increasingly used by industry to reduce product development cycles A large number of processes have been developed allowing the use of various materials ranging from plastics to metal for the development of prototypes Rapid Prototyping Theory and Practice provides a comprehensive collection of the latest research and technical work in the field with an emphasis on both rapid tooling and rapid manufacturing Drawing upon the collective knowledge of renowned experts in the industrial engineering field Ali Kamrani and Emad Abouel Nasr have assembled a wide ranging treatise on rapid prototyping that includes Up to date documentation on the current scope of research on rapid prototyping tooling and manufacturing Methodologies and technologies to support a customer focussed and mass customization approach to production Detailed analysis and case studies of the application of rapid prototyping rapid tooling and rapid manufacturing in fields such as medical and biomedical manufacturing aerospace industry and automotive industry **The Transition to Agile Manufacturing** Joseph C. Montgomery, Lawrence O. Levine, 1996 Staying competitive in today s manufacturing climate keeps getting tougher and often middle to upper managers are told to do more with less Manufacturers must be able to develop and produce customized products rapidly to meet ever changing customer needs In The Transition to Agile Manufacturing experts from Battele Pacific Northwest National Laboratories describe how manufacturing companies can quickly mobilize their resources to gain a competitive edge Discover how agile manufacturing can rapidly develop new products and produce fast and flexible responses to customer needs Practical tips on organizational alignment and agility are offered in down to earth terms Beneficial for all organizations this low cost approach to agile manufacturing is especially helpful for small to mid sized manufacturers with limited resources The authors of The Transition to Agile Manufacturing have built for small manufacturers a road map into the world of agile manufacturing a world that will define manufacturing and the competitive environment of the future Kevin Carr Director Manufacturing Extension Partnership National Institute of Standards and Technology **Research Centers Directory** , 2010 Research institutes foundations centers bureaus laboratories
