**Messiah in Lukan Christology** Arie W. Zwiep, 2014-04-09 Building on the form critical assessment of the Lukan ascension story LK 24 50 53 Acts 1 1 12 as a rapture story and motivated by the consideration that the monotheistic principle almost inevitably must have led to a reestimate of the meaning and function of rapture in comparison with heathen rapture stories immortalisation and deification the present study seeks to investigate the Lukan ascension story in the light of the first century Jewish rapture traditions Enoch Elijah Moses Baruch Ezra etc The author argues that first century Judaism provides a more plausible horizon of understanding for the ascension story than the Graeco Roman rapture tradition and that Luke develops his rapture christology not as a reinterpretation of the primitive exaltation kerygma G Lohfink but as a response to the eschatological question i e the delay of the parousia so as to secure the unity of salvation history *Calling All*

**Faith and Fiction** Anita Gandolfo,2007-08-30 In recent years there has been an explosion in the market for fiction on religious topics and themes most notably Dan Brown s The Da Vinci Code The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives Gandolfo examines Christian

literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available. The phenomenon surrounding Dan Brown's *The Da Vinci Code* has led to a cottage industry of interpretations, attacks, and commentaries, but one thing is certain: the book has had an enormous impact on American society, culture, and religious understanding, not to mention the publishing industry, which scrambles to find similar religious books to feed to an eager public. But *The Da Vinci Code* is not the only book of its type on the market today. In recent years, there has been an explosion in the market for fiction on religious topics and themes, with an entire series devoted to the impending Rapture as described in the *Left Behind* series. Some fiction does not take an explicitly religious theme as these books do. Instead, writers like Andre Dubus and Ron Hansen imbue their creative work with spiritual and religious themes embedded in the everyday lives and concerns of their characters. Regardless of the specific approach, what is not in doubt is that American readers have made the authors of these works wealthy, as bookstores cannot stock their shelves with enough copies. Why the recent surge of interest in Christian fiction? How does it reflect trends in our culture and our lives? How has it changed our society and our understanding of spirituality and religion? How accurate are these books in terms of the theology they espouse? The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications; it is emblematic of the contemporary American Zeitgeist. Traditionally, literature is both mirror and lamp, reflecting the society that produces it and illuminating the values and interests of that society. Recognizing both of those perspectives, *Faith and Fiction* examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available.
