## Rapture Of Politics:

*Poetics of Politics* Sebastian M. Herrmann, Carolin Alice Hofmann, Katja Kanzler, Stefan Schubert, Frank Usbeck, 2015-04-22 This volume proposes the poetics of politics as an analytic angle to interrogate contemporary cultural production in the United States As recent scholarship has observed American literature and culture around the turn of the millennium while still deeply informed by the textual self consciousness of postmodernism are marked by a rekindled interest in matters of social concern This revived interest in politics is frequently read as a grand epochal transition Sidestepping such a logic of periodization this book points to the interplay between the textual and the political as a dynamic always locally specific that affords unique insights into the characteristics of the contemporary moment The sixteen case studies in this book explore this interplay across a wide range of media genres and modes Together they make visible a broad cultural concern with negotiating social relevance and textual self awareness that permeates and structures contemporary US popular culture

**Christotainment** Shirley R. Steinberg, Joe L. Kincheloe, 2018-04-17 For more than two thousand years Christian expansion and proselytizing was couched in terms of defending the faith Until recently in the United States much of that defense came in the form of reactions against the liberal influences channeled through big corporate media such as popular music Hollywood movies and network and cable television But the election of Ronald Reagan as a Hollywood President introduced Christian America to the tools of advertising and multimedia appeals to children and youth to win new believers to God's armies Christotainment examines how Christian fundamentalism has realigned its armies to combat threats against it by employing the forces it once considered its chief enemies the entertainment media including movies television music cartoons theme parks video games and books Invited contributors discuss the critical theoretical frameworks of top selling devices within Christian pop culture and the appeal to masses of American souls through the blessed marriage of corporatism and the quest for pleasure

**Rapture's Witness** Tim LaHaye, Jerry B. Jenkins, 2009 Three nonbelievers and a pastor search for answers when people suddenly disappear and three quarters of the world fall to disease and natural disaster as a world leader who might be the Antichrist comes to power

*Evangelical Millennialism in the Trans-Atlantic World, 1500-2000* C. Gribben, 2015-12-04 This book offers the first complete overview of the intellectual history of one of the most significant contemporary cultural trends the apocalyptic expectations of European and American evangelicals in an account that guides readers into the origins its evolution and its revolutionary potential in the modern world

Apocalypse When? Leah D. Schade, Jerry L. Sumney, 2020-09-09 Apocalyptic texts are often seen as either frightening or irrelevant a tool for fearmongering and manipulation or for the lucrative doomsday industry But *Apocalypse When: Interpreting and Preaching Apocalyptic Texts* equips readers to understand these texts as sources of encouragement and strength for the church As the world faces threats of war poverty climate and environmental crises and political upheaval churches can draw on the wisdom and courage of our biblical ancestors who faced their own calamities and persecutions

Their struggles against powerful economic militaristic cultural and social forces drew them closer to God We have much to learn from their faith ethical integrity and dedication to the promises of God that engender hope in the midst of turmoil and terror With solid historical exegesis thought provoking ideas for preaching and examples of sermons that creatively and compellingly proclaim God's word this book provides much needed guidance for the church in tumultuous times *The Politics of Civil Society* Fred Powell, 2013-04-24 In this fully revised edition of his groundbreaking book Fred Powell looks behind the mirror of power to discover the real civil society or Big Society that lies beneath it Articulating three forms of civil society radical liberal and conservative he examines a complex interplay between state and community arguing that citizens contend for power via civil society This is both a historic pursuit dating to antiquity and a contemporary democratic struggle between competing visions of modernity the stakes of which are no less than real politics themselves as experienced by everyday citizens The second edition includes a new concluding chapter on practical and policy implications **The Case for Biblical Antichrist, Global Government, and the Man Chosen to Save America** Luis Munoz, 2024-11-04 The godfather of the global mafia Rockefeller indicated that he and other globalists are relying on the right major crisis and the nations will accept the New World Order Moreover the renowned globalist and Obama's advisor Strobe Talbott said In the next century 21st nations as we know it will be obsolete all states will recognize a single global authority National sovereignty wasn't such a great idea after all And James Paul Warburg said We shall have World Government whether or not we like it The only question is whether World Government will be achieved by consent or conquest Who are America's true enemies How are they operating inside America How are they plotting to destroy America's democracy and sovereignty Robert F Kennedy Jr on April 1 2024 told CNN I can make the argument that President Biden is a much worse threat to democracy than Trump Again Robert on April 2 2024 told Fox News President Biden has done something no other president has done which is to order media particularly social media Facebook Instagram to censor his political opponent President Biden is a much worse threat to democracy and the reason for that is President Biden is the first candidate in history the first president in history that has used the federal agencies to censor political speech to censor his opponent And he added that Biden is a genuine threat to our democracy Keep in mind that Robert K is a liberal Democrat Former president Barack Obama and his wife Michael are using their Netflix Predictive Programming movie *Leave the World Behind* to reveal how he and the global gang intend to put the US government under a global dictatorship Their ploy includes A simple three stage maneuver that could topple a country's government from within That country's government is no other but the US government which will be the real target for a coup d'etat and civil war The first maneuver to destroy America is Isolation By that they mean disabling the sectors of communication and transportation making the target as deaf dumb and paralyzed as possible The second maneuver consists of creating a synchronized chaos to terrorize the American people with covert attacks and misinformation overwhelming their defense capabilities and leaving their weapon system vulnerable to extremists and

their own military Without a clear enemy or motive people would start turning on each other If done successfully the third stage would happen on its own The Obama Netflix civil war movie describes the globalists plot to create the right major crisis that they have envisioned to establish a global government The plot seems to include widespread use of state terrorism to attack America from within with tens of thousands of radical Muslim terrorists that are already in America The goal is to topple the US government declare martial law change the Constitution and put the country under a global tyranny I am using this book to show that Obama and Biden have been working in league with the evil global mafia to cement America's transition from democracy to dictatorship Also this book shows the globalists plot for world government and the man with the call and vision to lead it Barack H Obama the biblical Antichrist and awaited Mahdi of Islam Therefore Americans have a critical choice to make choose Obama's radicalized democrat gang and you will destroy America's democracy and sovereignty Choose Donald Trump and you will empower the man called to defeat the enemies of humanity and tyranny Trump is the man destined to vindicate God's name and restore America to its rightful place before God takes His people in the rapture

Swatos, Jr., Theologically conservative Protestants have entered the

political arena with an agenda that is at once political and religious Assessing the current impact of this New Christian Right NCR on American politics the contributors to this new book present provocative and diverse perspectives on a phenomenon that has despite its pervasiveness in American culture been too little examined While some contributors show a disdain for the NCR others evince genuine sympathy for the movement Steve Bruce takes aim at sociologists of religion who in his estimation have exaggerated the strength of the NCR Clyde Wilcox believes the NCR attracts only a limited electoral following and will have little success at the state and national levels Stephen Johnson reports on voting patterns of Catholics mainline Protestants and conservative Protestants in Muncie Indiana And Phillip Hammond and his associates observe that the main fault line between conservatives and liberals is now over family values John Simpson singles out debates over abortion and homosexuality as the most potent cultural divisions arising out of the 1980s Lyman A Kellstedt and colleagues mark the 1992 presidential election as a watershed event beginning a dramatic new cleavage in the two party system James M Penning and Matthew C Moen address issues related to NCR organizations and their place in the political arena It is clear that the NCR will remain a part of the religious and political landscape for some time though there is little consensus over where the NCR will be located in that landscape The Rapture of Politics will be of interest to political scientists theologians sociologists and scholars of American culture

**An Elegant Ending** Samuel Cocar, 2022-11-30 Millions of Christians the world over hold strong convictions about what happens to humankind at the end of history Jesus will rapture the church away Non Christians will suffer eternal conscious torment in hell We will play harps on clouds forever But what if conventional Christian ideas don't align with what the Bible actually teaches By scrutinizing the faulty assumptions and shaky exegetical foundations found in dispensationalism *An Elegant Ending* offers believers an eschatological vision that is simpler clearer and more strongly grounded in the biblical canon
