## Rare Creature:

*Mystic Quests* Dominic Skinner, 2011-06-24 Three thousand years in the future humans descended on the planet Sarax. Over the next fifty years they created technologically advanced cities that were not just cities but beautiful works of art in themselves. Then the creatures came: Goblins, Orcs, Elves, and things far worse. Now, after untold horrors, disasters, sacrifices, and isolation, humanity has reverted back to a medieval state, desperately fighting to stay alive. Play as adventurers questing to save the world of Sarax from destruction. This game requires one or more players; also, unlike many other role-playing games, it requires no gamesmaster or minatures. *Strange, Fantastical and Unusual Creatures* Abrach Adonay Moonpaw, 2018 *Dinosaur and Other Prehistoric Creatures Atlas* DK, 2021-10-19 Journey back in time and find out where dinosaurs roamed. This unique children's atlas explores each continent, revealing fossil sites and stories on every map. This atlas is packed with maps of early Earth and more than 40 profiles of dinosaurs and other prehistoric animals. Stare down a T-Rex in North America. Watch out for Velociraptors slashing claws in the Gobi Desert. Trek across the Siberian tundra and discover a woolly mammoth. This stunning book uses breathtaking computer-generated imagery to make every animal come to life. Using specially created maps, this dinosaur atlas also shows you what the world looked like millions of years ago. A modern 3D globe next to each map helps you understand the arrangement of the continents over time and why we find fossils where we do. You can see what paleontologists have dug up on each continent and learn how they put together a picture of the past from a puzzle of ancient clues. *Dinosaur Atlas* reveals the prehistoric world as never before and is an essential addition to the library of every young dinosaur expert. *Animal World*, 1923 *Vorclaw* Jason Kalinowski, 2022-03-31 Spurred on by the unexpected loss of his wife, the military officer Baltus Blackpool plans to enact his revenge by dismantling the decadent ruling council of Vorclaw by building his own cult, The Black Masks. Meanwhile, his son Dru bonds with others and delves into a less respectable career path that his father is forced to embrace. Magnus Foehammer, the infallible right hand of Baltus, rears an orphaned elf he names Leif. The elf, raised as a human alongside his adopted brother Bjorn, has no memory of his past but has an uncanny propensity towards good. Leif and Bjorn bond with Dru Blackpool, and all three follow their own fathers' footsteps into the army. However, they get caught up in Baltus Blackpool's plans to overtake the Vorclaw while falling into their own misfortunes involving deceit, magic, and a quest to save Leif from the vampiress and her arch-goblin hoards. *Our vanishing relative* Rijkssen, 2013-12-01 The orang utan is a superb representative of a major sector of the structure of biological diversity in Sumatra and Borneo. Conservation of the living conditions of the orang utan implies maintaining the integrity of the entire natural ecosystem of indigenous plant and animal species known as the West Malesian rainforest, i.e. the natural tropical evergreen forests of distinctive floral composition which stretch from the isthmus of Kra in Thailand across peninsular West Malaysia south and eastwards, including Sumatra, Borneo, and Java. The main question behind this study is: What is the current status of the orang utan? Or, in other words, what is the current geographical distribution?
