Shades of Murder Ann Granger,2007-04-01 Since the end of the nineteenth century the Oakley family of Bamford England has lived in the shadow of tragedy In 1889 Cora Oakley died by inhaling a poisonous gas in her sleep and her husband William was put on trial for the murder Although the case was dismissed Oakley s reputation was ruined and he fled the country never to be heard from again Over a hundred years later the only remaining members of the Oakley family are two elderly sisters living in Bamford who exist in poverty in their rambling ancestral home Fourways Unable to maintain their mansion the sisters have decided to sell the house and live comfortably on the proceeds But a young Polish man named Jan appears claiming to be William Oakley s great grandson and brandishing what he alleges is Oakley s will which entitles him to half the profits from the sale The sisters panic knowing that although Jan s claims don t stand up a court case could drag on for years and time is not on their side When Jan is found dead poisoned by the same substance used to kill his great grandmother so many years ago it seems that murder has returned to haunt the Oakley family once again and Superintendent Markby must unravel two mysteries one from a hundred years ago to find the killer In Shades of Murder Ann Granger has crafted another tough case for Mitchell and Markby

Riley,2016-07-27 A collection of essays and some related poems by almost 30 contemporary poets who have worked for years outside the mainstream of British publishing Many are or have been small press publishers and editors too **Little Resilience** Eli MacLaren,2020-10-22 The Ryerson Poetry Chap Books were a landmark achievement in Canadian poetry Edited by Lorne Pierce the series lasted for thirty seven years 1925 62 and comprised two hundred titles by writers from Newfoundland to British Columbia over half of whom were women By examining this editorial feat Little Resilience offers a new history of Canadian poetry in the twentieth century Eli MacLaren analyzes the formation of the series in the wake of the First World War at a time when small presses had proliferated across the United States Pierce s emulation of them produced a series that contributed to the historic shift in the meaning of the term chapbook from an antique of folk culture to a brief collection of original poetry By retreating to the smallest of forms Pierce managed to work against the dominant industry pattern of the day agency publishing or the distribution of foreign editions Original case studies of canonical and forgotten writers push through the period s defining polarity modernism versus romanticism to create complex portraits of the author during the Depression the Second World War and the 1950s The stories of five Ryerson poets Nathaniel A Benson Anne Marriott M Eugenie Perry Dorothy Livesay and Al Purdy reveal poetry in Canada to have been a widespread vocation and a poor one as fragile as it was irrepressible The Ryerson Poetry Chap Books were an unprecedented initiative to publish Canadian poetry Little Resilience evaluates the opportunities that the series opened for Canadian poets and the sacrifices that it demanded of them **The Ultimate Authorware Attain Tutorial** Richard S. and Rub n Dar o Reynolds argues that extra textual elements such as temporality the material formats of the newspaper and book and editorial influence animate the modernista movement s literary ambitions and aesthetic ideology Thus instead of being stripped of an esteemed place in the literary sphere due to participation in the market based newspaper industry journalism actually brought modernismo closer to the writers desired artistic autonomy Reynolds uncovers an original philosophical and sociological dimension of the literary forms that govern modernista studies situating literary journalism of the movement within historical economic and temporal contexts Furthermore he demonstrates that journalism of the movement was eventually consecrated in book form revealing modernista intentionality for their mass produced seemingly utilitarian journalistic articles *The Spanish American Cr nica Modernista Temporality and Material Culture* thereby enables a better understanding of how the material textuality of the cr nica impacts its interpretation and readership [The American Printer](#) ,1925

British Poetry 1964 to 1984 Martin

Booth, 2025-05-30 First published in 1985 British Poetry presents a personal and political account of British poetry from 1964 to 1984 Martin Booth himself a poet poetry publisher critic and editor and the participant in poetry readings in Britain and overseas shows that British poetry underwent a renaissance in the ten years from around 1964 poetry became a major popular art form shaking off its shackles of elitism and academicism poetry readings flourished whether live or on the air and audiences increased many new poets found willing publishers He looks at the manner in which British poetry rose only to fall back into a morbid sleek artiness where he sees it laying today once again a narrow art for the literary educated and the initiated The book aims to reverse this change of direction so that British poetry may once again have the impact it briefly had in its recent heyday Martin Booth also provides a general guide to the period with much comment included from those who were involved in the act of keeping British poetry going in those exciting years He deals with the poets themselves with the publishing of poetry and poetry magazines and his non literary non academic approach will appeal to all those who have an interest in modern British verse
