Right Wing Women The Politics Of Domesticated Females:

Right-Wing Women Andrea Dworkin, 2025-02-25 With a new foreword by Moira Donegan this long awaited reissue of Dworkin's iconic study of women in American conservatism is paired with a bold modern package to match Dworkin's visionary perspective and style Andrea Dworkin wrote *Right Wing Women* in 1983 a crucial and deeply illuminating analysis of the right's position on abortion homosexuality antisemitism female poverty and antifeminism Forty years later the book feels more vibrant clear eyed and visionary than ever especially as these issues get relitigated in both legal and public forums In addition to her revelatory and nuanced portraits of figures like Anita Bryant and Phyllis Schlafly and an examination of the roots of a distinctly woman led brand of American conservatism *Right Wing Women* will give readers the thrill of rediscovering the force and elegance of Dworkin's arguments and her skill as one of our most adept and prophetic feminist thinkers

Right-Wing Women Paola Bacchetta, Margaret Power, 2013-01-11 An oft neglected subject right wing women are an important component in understanding the many racist fascist and anti feminist movements of the 20th century Providing original research on an array of right wing groups around the world the contributors paint a disturbing and complicated portrait of the women involved in these movements From Mussolini supporters to Klanswomen this collection provides an eye opening look at extremist women

Rethinking right-wing women Clarisse Berthezène, Julie Gottlieb, 2017-12-12 *Rethinking Right Wing Women* explores the institutional structures for and the representations mobilisation and the political careers of women in the British Conservative Party since the late 19th century From the Primrose League est 1883 to Women2Win est 2005 the party has exploited women's political commitment and their social power from the grass roots to the heights of the establishment Yet although it is the party that extended the equal franchise had the first woman MP to sit Parliament and produced the first two women Prime Ministers the UK Conservative Party has developed political roles for women that jar with feminist and progressive agendas Conservative women have tended to be more concerned about the fulfilment of women's duties than the realisation of women's rights This book tackles the ambivalences between women's politicisation and women's emancipation in the history of Britain's most electorally successful and hegemonic political party

Right-wing women Andrea Dworkin, 1988 Feminist Theory and Literary Practice Deborah L. Madsen, 2000-08-20 An accessible account of the varieties of feminist thought within the context of the key American texts including Kate Chopin Alice Walker and Ann Beattie

Desperately Seeking Sisterhood Magdalene Ang-Lygate, Chris Corrin, Henry Millsom, 2020-04-15 First Published in 1997 A collection of contributions from feminist researchers who attended the annual Women's Studies Network WSN conference in June 1995 Emphasizing theory practice and campaigning chapters seek to address contemporary issues from different perspectives theoretical practical and strategic

Karl Mannheim and the Contemporary Sociology of Knowledge Brian Longhurst, 1989-01-16 *Feminism and Sexuality* Stevi Jackson, Sue Scott, 1996 A comprehensive overview of feminist debates surrounding sexuality identifying the main theoretical positions

and trends Contributors include Judith Butler bell hooks Luce Irigaray Catherine MacKinnon Adrienne Rich Gayle Rubin Judith Walkowitz and Monique Wittig Down Girl Kate Manne,2018 Down Girl is a broad original and far ranging analysis of what misogyny really is how it works its purpose and how to fight it The philosopher Kate Manne argues that modern society s failure to recognize women s full humanity and autonomy is not actually the problem She argues instead that it is women s manifestations of human capacities autonomy agency political engagement is what engenders misogynist hostility

Political Philosophy Jean Hampton,2018-02-12 In this sophisticated yet accessible text Hampton neatly synthesizes the classical tradition the giants of the modern period the dominant topics of the 20th century as well as the new questions and concerns that are just beginning to rewrite contemporary political philosophy Political philosophy perhaps even more than other branches of philosophy calls for constant renewal to reflect not just re readings of the tradition but also the demands of current events In this lively and readable survey Jean Hampton has created a text for our time that does justice both to the great traditions of the field and to the newest developments In a marvelous feat of synthesis she links the classical tradition the giants of the modern period the dominant topics of the twentieth century and the new questions and concerns that are just beginning to rewrite contemporary political philosophy Hampton presents these traditions in an engaging and accessible manner adding to them her own views and encouraging readers to critically examine a range of ideas and to reach their own conclusions Of particular interest are the discussions of the contemporary liberalism communitarianism debates the revival of interest in issues of citizenship and nationality and the way in which feminist concerns are integrated into all these discussions Political Philosophy is the most modern text on the topic now available the ideal guide to what is going on in the field It will be welcomed by scholars and students in philosophy and political science and it will serve as an introduction for readers from outside these fields **Men In The Public Eye** Jeff Hearn,2006-05-11 Men in the Public Eye reveals why men s domination in and of the public sphere is a vital feature of gender relations in patriarchy It also shows how public domains dominate private domains contributing to the intensification of public patriarchies Jeff Hearn explores these important issues by focusing on the period 1870 1920 when there was massive growth and transformation in the power of the public domains He demonstrates that these historical debates and dilemmas are still relevant today as men search for new postmodern forms of masculinities **Governing America** Robert Singh,2003 Governing America is an innovative edited textbook designed for first time students of American politics Written by an international team of experts this volume offers an accessible and comprehensive examination of American politics both before and after September 11 Divided into four parts the volume opens with an introduction to the main theoretical and historical surveys of American politics and foreign policy Part Two analyzes the key institutions of American government Part Three examines a range of public policies and Part Four assesses a series of contemporary issues and controversies Intimate Citizenship Ken Plummer,2011-10-01 Solo parenting in vitro fertilization surrogate mothers gay and lesbian families cloning and the prospect of designer babies Viagra and the morning

after pill HIV AIDS the global porn industry on line dating services virtual sex whether for better or worse our intimate lives are in the throes of dramatic change In this thought provoking study sociologist Ken Plummer examines the transformations taking place in the realm of intimacy and the conflicts the intimate troubles to which these changes constantly give rise In surveying the intimate possibilities now available to us and the issues swirling around them Plummer focuses especially on the overlap of public and private Increasingly our most private decisions are bound up with public institutions such as legal codes the medical system or the media What impact does the increasingly public character of personal life have on our sense of ourselves and on how we view our own intimate choices To navigate our way through a world in which people's private lives are so often subject to public scrutiny and debate and in which the public sphere is increasingly pluralized and contested we must broaden our understanding of what it means to be a citizen Through the idea of intimate citizenship Plummer sets an important agenda for the years to come

Narratives of Nostalgia, Gender, and Nationalism Jean Pickering, Suzanne Kehde, 1996 Most Americans think of Betsy Ross as she was depicted in Charles Weisberger's popular painting The Birth of Our Nation's Flag a motherly figure sewing at the hearth In fact as Jo Ann Menezes's analysis in Nostalgia Gender and Nationalism points out Ross was a widowed businesswoman who ran an upholstery shop out of her house In Weisberger's painting all signs of economic industry are erased and Ross's house is transformed into a home rather than the site of cottage industry Ross is constructed as the perfect heroic mother worthy of sacred creation thus our flag was born Ross's transformation into an icon neatly illustrates the conjunction of soaring nationalism and the establishment of woman as a fixed domestic presence and serves as an excellent example of the master narratives revealed in Nostalgia Gender and Nationalism The essays in this provocative anthology explore the connections between nation and gender and the ways in which nostalgia functions to bind these two presumably unrelated constructions together Collectively they suggest that women pay a special fee on behalf of the nation even though it is traditionally represented as an honorarium given to them and that in fact the nation state takes as a foundational principle the subordination of women

Gendered Moods Elizabeth Ettorre, Elianne Riska, 2012-11-12 Tranquillisers are prescribed to almost twice as many women as men yet very little gender based research has been carried out on the social context of their use Gendered Moods offers the first feminist analysis of the gendered character of psychotropic drug use based on studies of long term psychotropic drug users and the content of drug advertising The authors argue that gender differences in psychotropic drug use are manifestations of the gendered construction of society as a whole and that as a result women are particularly susceptible to being channelled into a state of dependency on prescribed drugs Exploring current social scientific debates relating to drug users and providers Gendered Moods also provides a critical review of previous research It is a much needed introduction to a neglected area of study

The Industrial Vagina Sheila Jeffreys, 2008-11-19 The industrialization of prostitution and the sex trade has created a multibillion dollar global market involving millions of women that makes a substantial contribution to national and

global economies The Industrial Vagina examines how prostitution and other aspects of the sex industry have moved from being small scale clandestine and socially despised practices to become very profitable legitimate market sectors that are being legalised and decriminalised by governments Sheila Jeffreys demonstrates how prostitution has been globalized through an examination of the growth of pornography and its new global reach the boom in adult shops strip clubs and escort agencies military prostitution and sexual violence in war marriage and the mail order bride industry the rise in sex tourism and trafficking in women She argues that through these practices women s subordination has been outsourced and that states that legalise this industry are acting as pimps enabling male buyers in countries in which women s equality threatens male dominance to buy access to the bodies of women from poor countries who are paid for their sexual subservience This major and provocative contribution is essential reading for all with an interest in feminist gender and critical globalisation issues as well as students and scholars of international political economy

The Routledge Encyclopedia of Jewish Writers of the Twentieth Century Sorrel Kerbel,2004-11-23 Now available in paperback for the first time Jewish Writers of the Twentieth Century is both a comprehensive reference resource and a springboard for further study This volume examines canonical Jewish writers less well known authors of Yiddish and Hebrew and emerging Israeli writers includes entries on figures as diverse as Marcel Proust Franz Kafka Tristan Tzara Eugene Ionesco Harold Pinter Tom Stoppard Arthur Miller Saul Bellow Nadine Gordimer and Woody Allen contains introductory essays on Jewish American writing Holocaust literature and memoirs Yiddish writing and Anglo Jewish literature provides a chronology of twentieth century Jewish writers Compiled by expert contributors this book contains over 330 entries on individual authors each consisting of a biography a list of selected publications a scholarly essay on their work and suggestions for further reading

Feminist Theory Today Judith Evans,1995-06-28 This stimulating text presents a concise and accessible introduction to feminist theory today Covering all the major variants of feminist political thought it offers a unique examination of the archive of modern feminist theory from the publication of The Feminine Mystique in 1963 to current postmodernist and legal feminist texts It provides both an intellectual history and a political critique of contemporary feminism in the United States and in the United Kingdom Judith Evans focuses on the divergence within as well as between feminist schools and on protests from women marginalized by the movement including those who are lesbian and those who are black Feminist Theory Today contends that the early feminist demand for radical equality has gone contributing to its drastic undertheorization While brilliantly reconceptualizing this concept the author documents the changes in socialist feminism from its revolutionary origins to its current focus on modifying liberal democratic forms

Traditions and Difference in Contemporary Irish Short Fiction Tsung Chi (Hawk) Chang,2020-12-17 This book focuses on traditions and transformations in contemporary Irish short fiction covering pivotal issues such as gender sexuality abortion the body nostalgia identity and migration In separate chapters it introduces readers to important writers such as Maeve Binchy Colm T ib n Edna O Brien Emma Donoghue Gish Jen and Donal Ryan Given its

focus the book benefits researchers and students who are interested in Irish literature and culture especially those who want to learn about important traditions in Irish literature the changing face of these conventions and the implications The book which received the First Book Prize 2019 awarded by The Hong Kong Academy of the Humanities offers a unique window on Irish culture and a good read for fans of these acclaimed writers who want to learn about interesting issues concerning their short fiction

Iris Murdoch, Gender and Philosophy Sabina Lovibond, 2011-04-15 Iris Murdoch was one of the best known philosophers and novelists of the post war period In this book Sabina Lovibond explores the tangled issue of Murdoch's stance towards gender and feminism drawing upon the evidence of her fiction philosophy and other public statements As well as analysing Murdoch's own attitudes Iris Murdoch Gender and Philosophy is also a critical enquiry into the way we picture intellectual and especially philosophical activity Appealing to the idea of a social imaginary within which Murdoch's work is located Lovibond examines the sense of incongruity or dissonance that may still affect our image of a woman philosopher even where egalitarian views officially hold sway The first thorough exploration of Murdoch and gender Iris Murdoch Gender and Philosophy is a fresh contribution to debates in feminist philosophy and gender studies and essential reading for anyone interested in Murdoch's literary and philosophical writing

Whispering the Strategies of Language: An Psychological Quest through **Right Wing Women The Politics Of Domesticated Females**

In a digitally-driven world where screens reign supreme and immediate interaction drowns out the subtleties of language, the profound techniques and mental subtleties concealed within words usually move unheard.
