Longman Twentieth Century History Series Stalin And The Soviet Union:

Forthcoming Books Rose Arny,1999 *Paperbound Books in Print* ,1992 Karl W. Ryavec,2005 This unique study provides an original nitty gritty view of the true nature and operation of Russia s state bureaucracy from the imperial period to the present including the Putin presidency The only book length exploration of the problems and deficiencies of Russian bureaucracy since tsarist times this detailed work sheds important new light on Russian public administration an often overlooked but key barrier to Russian normalization and democratization **Soviet Politics** Richard Sakwa,2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwas successful textbook Soviet Politics an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev s attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader *Economic History of Warfare and State Formation* Jari Eloranta,Eric Golson,Andrei Markevich,Nikolaus Wolf,2016-09-19 This edited volume represents the latest research on intersections of war state formation and political economy i e how conflicts have affected short and long run development of economies and the formation or destruction of states and their political economies The contributors come from different fields of social and human sciences all featuring an interdisciplinary approach to the study of societal development The types of big issues analyzed in this volume include the formation of European and non European states in the early modern and modern period the emergence of various forms of states and eventually modern democracies with extensive welfare states the violent upheavals that influenced these processes the persistence of dictatorships and non democratic forms of government and the arrival of total war and its consequences especially in the context of twentieth century world wars One of the key themes is the dichotomy between democracies and dictatorships namely what were the origins of their emergence and evolution why did some revolutions succeed and other fail and why did democracies on the whole emerge victorious in the twentieth century age of total wars The contributions in this book are written with academic and non academic audiences in mind and both will find the broad themes discussed in this volume intuitive and useful *Twentieth-Century War and Conflict* Gordon Martel,2014-07-28 TWENTIETH CENTURY WAR AND CONFLICT With rich entries that highlight the

political context strategic significance and tactical detail of each conflict this encyclopedia is an essential reference for students of military history and strategic studies Theo Farrell King's College London Drawn from the award winning five volume Encyclopedia of War Choice Outstanding Academic Title 2013 the single volume Twentieth Century War and Conflict provides an essential guide to the conflicts and concepts that shaped warfare in the twentieth century and up to the present day This concise reference contains a range of entries from 1 000 to 6 000 words long each written by a leading international scholar This concise encyclopedia provides full coverage of global conflicts and themes in twentieth century war World Wars I and II are covered by 10 separate entries Lesser conflicts are also incorporated in this volume including the Russo Japanese War the Greco Turkish War the Falklands War the Soviet War in Afghanistan the Gulf Wars and more Issues such as chemical warfare ethnic cleansing psychological warfare and women and war also receive substantial treatment making this an invaluable resource for students and general readers alike

The Rise and Fall of the Soviet Union Richard Sakwa, 2005-08-17 Through sources and documents The Rise and Fall of the Soviet Union by Richard Sakwa places the Soviet experience in historical and comparative context The author introduces each source in this volume fully and provides commentary and analysis Using eye witness accounts official documents and new materials which have just come to light Richard Sakwa gives an historical overview of the Soviet Union from the revolution of 1906 to the fall of the regime

Events That Formed the Modern World Frank W. Thackeray, John E. Findling, 2012-05-31 This comprehensive five volume set contains readable essays that describe and interpret the most important global events since the European Renaissance some accompanied by related document excerpts and primary source materials What were the effects of the Age of Exploration on today's ethnic groups and social structure How did the development of moveable type pave the way for Facebook and Twitter Why is the Reformation so critical for understanding today's religious controversies This set will help readers answer these questions by exploring the most significant historical events of the modern world This five volume set covers times from the Renaissance to the present Each volume focuses on a specific historic period and examines 12 events within those time frames that changed the world Each entry provides an introduction that lays out factual material in a chronological manner an in depth essay interpreting the event's significance and an annotated bibliography of the most important current works on the topic Select entries are followed by primary sources pertaining to the event under consideration such as diary entries Targeted to both general readers as well as entry level university students this book also directly supports high school and undergraduate curricula allowing students to identify and contextualize events in order to think critically about their causes aftermath and legacy

AQA A-level History: Tsarist and Communist Russia 1855-1964 Chris Corin, Terry Fiehn, 2015-07-31 Exam Board AQA Level AS A level Subject History First Teaching September 2015 First Exam June 2016 AQA approved Enhance and expand your students knowledge and understanding of their AQA breadth study through expert narrative progressive skills development and bespoke essays from leading historians on key

promoted the democratization of European society and a more equitable division of wealth. At the same time he illustrates how conflicts over the means of achieving their aims divided them into rival socialist and communist currents, a rift that undercut the struggle against fascism and helped lay the groundwork for Europe's division during the Cold War. Although many predicted the demise of socialism as a potent force after the end of the Cold War, the Soviet Union's dissolution and the rise of neo-liberal ideology, recent developments show that such a judgment was premature. The author argues that the growth of new socialist parties across Europe indicates that socialist ideas remain vibrant in the face of capitalism's failure to solve chronic social and economic problems, especially following the deep global crisis that began in 2008. Combining an analytical narrative with a selection of primary texts and visual images, this book provides undergraduate students with a brief, readable history including an overview of how socialist political movements have evolved over time and stressing the rich diversity that has characterized socialism's foundations from its beginning. This new edition brings this text up to date and examines the European socialist movement in the face of 21st century challenges. It includes a new preface including the 2017 American election, updated bibliographies, two new chapters, and an afterword.

Mobilizing Soviet Peasants Mary Buckley, 2006-04-27 Exploring the story of rural shock work and Stakhanovism in the Soviet countryside in the late 1930s, this book tries to contextualise Stakhanovism considering historical context, changing party priorities, propaganda, the press, the nature of farm leaderships, shortages, peasant attitudes, gender, purges, and local organisations.

From German Königsberg to Soviet Kaliningrad Jamie Freeman, 2020-11-10 This book explores how the Soviet Union, after capturing and annexing the German East Prussian city of Königsberg in 1945 and renaming it Kaliningrad, worked to transform the city into a model of Soviet modernity. It examines how the Soviets expelled all the remaining German people, repopulated the city and region with settlers from elsewhere in the Soviet Union, destroyed the key remaining German buildings, and began building a model Soviet city, a physical manifestation of the societal transformation brought about by communism. However, the book goes on to show that over time many of the model Soviet buildings were uncompleted and that the citizens, aware of their Polish and Lithuanian neighbours to both the east and the west and appreciating their place in the wider Baltic region, came to view themselves as something different from other Soviet and Russian citizens. The book concludes by assessing present developments as the people of Kaliningrad increasingly rediscover the city's pre-Soviet past and forging a new identity for themselves on their own terms.

Stalin's Wars Geoffrey Roberts, 2006-01-01 This breakthrough book provides a detailed reconstruction of Stalin's leadership from the outbreak of the Second World War in 1939 to his death in 1953. Making use of a wealth of new material from Russian archives, Geoffrey Roberts challenges a long list of standard perceptions of Stalin: his qualities as a leader, his relationships with his own generals and with other great world leaders, his foreign policy, and his role in instigating the Cold War. While frankly exploring the full extent of Stalin's brutalities and their impact on the Soviet people, Roberts also uncovers evidence leading to the stunning conclusion that Stalin was both the greatest military

leader of the twentieth century and a remarkable politician who sought to avoid the Cold War and establish a long term detente with the capitalist world By means of an integrated military political and diplomatic narrative the author draws a sustained and compelling personal portrait of the Soviet leader The resulting picture is fascinating and contradictory and it will inevitably change the way we understand Stalin and his place in history Roberts depicts a despot who helped save the world for democracy a personal charmer who disciplined mercilessly a utopian ideologue who could be a practical realist and a warlord who undertook the role of architect of post war peace Russia in World History Barbara Alpern Engel, Janet Martin, 2015-05-01 Over the course of twelve centuries Russia's peoples overcame the constant challenges posed by geography climate availability of natural resources and devastating foreign invasions to become the world's second largest land empire and the largest in modern history This energetic introduction to Russia's history follows the development of local tribes into a federation of principalities centered at Kiev the shift of power to Moscow and the centralization of the state and Russia's pursuit of imperial ambitions It examines the circumstances that led to the foundation of the world's first communist society in 1917 and traces the global consequences of Russia's extensive confrontation with the United States Russia's arduous and costly climb to great power gains a personal dimension through the stories of individual women and men pivotal figures as well as common people illuminating the human consequences of sweeping historical change Peoples of many ethnicities became part of the Russian empire and suffered or benefitted from its leaders efforts to meld a multiethnic polity into a coherent political entity This book examines how Russia served as a conduit for people ideas and commodities owing between east and west north and south and how it came to play an increasingly important role on a global scale Subject Guide to Books in Print, 2001 Enlivening Secondary History Peter Davies, Rhys J. Davies, 2012 Enlivening Secondary History 50 Classroom Activities for Teachers and Pupils **Language Policy in the Soviet Union** L.A. Grenoble, 2006-04-11 Soviet language policy provides rich material for the study of the impact of policy on language use Moreover it offers a unique vantage point on the tie between language and culture While linguists and ethnographers grapple with defining the relationship of language to culture or of language and culture to identity the Soviets knew that language is an integral and inalienable part of culture The former Soviet Union provides an ideal case study for examining these relationships in that it had one of the most deliberate language policies of any nation state This is not to say that it was constant or well conceived in fact it was marked by contradictions illogical decisions and inconsistencies Yet it represented a conscious effort on the part of the Communist leadership to shape both ethnic identity and national consciousness through language As a totalitarian state the USSR represents a country where language policy however radical could be implemented at the will of the government Furthermore measures such as forced migrations were undertaken that resulted in changing population demographics having a direct impact on what is a central issue here the very nature of the Soviet population That said it is important to keep in mind that in the Soviet Union there was a difference between stated policy and actual practice

There was no guarantee that any given policy would be implemented even when it had been officially legislated
