coordinator director of studies supervisor or teacher trainer **FIGHTING FOR FAIRNESS** Greg Lewis, Sometimes we have to battle through barriers to achieve our dreams These are the stories of men and women who fought for fairness From the first black footballer to appear for Wales to the first Welsh woman to become a doctor and the slave s daughter who worked to help others Inspiring stories of people who followed their hearts and made life better not only for themselves but for others The book features a bonus section on Wales connections with slavery helping teachers to tackle this difficult and important subject Teacher Feedback We used Eric Ngalle s story to explain some of the reasons why people come to Wales from all around the world and to show what migration and asylum mean It helped our children understand the experiences of some of their classmates The section on Wales and slavery was very helpful Recommended I linked the Chapter on Frances Batty Shand to the ebook Sweet Clara and the Freedom Quilt as part of planning on an Expressive Arts Topic I took the class to the Picton Reframed Exhibition in the National Museum in Cardiff We were able to touch on enslavement in a way which was appropriate but did not shy away from the realities and the learners responded with passion and emotion to the story I think there is huge potential for delving even deeper into these difficult topics with the help of books like these *Dinosaurs*

and Other Extinct Saurians Richard Moody,2010 The discovery of dinosaurs and other large extinct saurians a term under which the Victorians commonly lumped ichthyosaurs plesiosaurs pterosaurs and their kin makes exciting reading and has caught the attention of palaeontologists historians of science and the general public alike The papers in this collection go beyond the familiar tales about famous fossil hunters and focus on relatively little known episodes in the discovery and interpretation from both a scientific and an artistic point of view of dinosaurs and other inhabitants of the Mesozoic world They cover a long time span from the beginnings of modern scientific palaeontology in the 1700s to the present and deal with many parts of the world from the Yorkshire coast to Central India from Bavaria to the Sahara The characters in these stories include professional palaeontologists and geologists some of them well known others quite obscure explorers amateur fossil collectors and artists linked together by their interest in Mesozoic creatures *Foundations of Atlantis, Ancient Astronauts and Other Alternative Pasts* Jason Colavito,2015-03-06 Did aliens visit ancient civilizations Could Jesus have fathered a dynasty Did people of the ancient world visit the Americas centuries before Columbus The public enjoys such questions which have spawned countless books movies and television series but very rarely is any actual evidence produced According to

many eager writers and television hosts evidence for long ago astronauts or early transatlantic voyages can be found in ancient texts But too often sources remain obscure and some writers have altered or fabricated texts to make their case for extraterrestrials and lost civilizations This book examines more than 130 very old texts used to make the case for Atlantis aliens fallen angels the Great Flood giants transatlantic voyagers ancient high technology and many other mysteries English translations are presented with explanatory notes showing how these texts have been used and abused to make entertaining claims about prehistory
