Jackson-Houlston,2016-12-05 As a book on allusion this has interest for both the traditional literary or cultural historian and for the modern student of textuality and readership positions It focuses on allusion to folksong and more tangentially to popular culture areas which have so far been slighted by literary critics In the nineteenth century many authors attempted to mediate the culture s of the working classes for the enjoyment of their predominantly middle class audiences In so doing they took songs out of their original social and musical contexts and employed a variety of strategies which consciously or unconsciously romanticised falsified or denigrated what the novels or stories claimed to represent In addition some writers who were well informed about the cultures they described used allusion to song as a covert system of reference to topics

such as sexuality and the criticism of class and gender relations which it was difficult to discuss directly The Publishers' Trade List Annual ,1985 **Children's Books in Print** R R Bowker Publishing,Bowker,1999-12 **Artificial Intelligence and Optimization Techniques for Smart Information System Generations** Aleem Ali,Rajdeep Chakraborty,Nawaf Alharbe,2025-03-28 The text comprehensively focusses on the use of artificial intelligence and optimization techniques for creating smart information systems Focuses on extracting information from blockchain repository using artificial intelligence and machine learning algorithms Presents deep learning models to identify and locate objects within images and videos making it possible for machines to perform tasks such as self driving cars surveillance and robotics Discusses artificial intelligence and optimization techniques for geographic information system GIS generation such as spatial data processing Covers artificial intelligence algorithms such as dimensionality distance metrics clustering error calculation hill climbing and linear regression Illustrates topics such as image recognition natural language processing fraud detection information system security and intrusion detection system
