Loved And Envied:

Jealousy and Envy Léon Wurmser, Heidrun Jarass, 2011-02-25 Jealousy and envy permeate the practice of psychoanalytic and psychotherapeutic work New experience and new relevance of old but neglected ideas about these two feeling states and their origins warrant special attention both as to theory and practice Their great complexity and multilayered nature are highlighted by a number of contributions the very early inception of the triangular jealousy situations the prominence of womb envy and hatred against femininity rooted in the envy of female procreativity the role of shame and the core of both affects the massive effects of the embodiment of these feelings in the conscience i e the envious and resentful attacks by the inner judge against the self the attempt to construct a cultic system of sacrifices the would countermand womb envy by an all male cast of killing rebirth redemption and blissful nourishment and finally the projection of envy jealousy and their context of shame and self condemnation in the form of the Evil Eye Taken together the contributions to the stunning and insightful volume form a broad spectrum of new insights into the dynamics of two central emotions of rivalry and their clinical and cultural relevance and application

The Philosophy of Envy Sara Protasi, 2021-07-15 Envy is almost universally condemned But is its reputation warranted Sara Protasi argues envy is multifaceted and sometimes even virtuous

Nietzsche's Teaching Laurence Lampert, 1986-01-01 The first comprehensive interpretation of Nietzsche's Thus Spoke Zarathustra an important and difficult text and the only book Nietzsche ever wrote with characters events setting and a plot Laurence Lampert's chapter by chapter commentary on Nietzsche's magnum opus clarifies not only Zarathustra's narrative structure but also the development of Nietzsche's thinking as a whole An impressive piece of scholarship Insofar as it solves the riddle of Zarathustra in an unprecedented fashion this study serves as an invaluable resource for all serious students of Nietzsche's philosophy Lampert's persuasive and thorough interpretation is bound to spark a revival of interest in Zarathustra and raise the standards of Nietzsche scholarship in general

Daniel W Conway Review of *Metaphysics* A book of scholarship filled with passion and concern for its text

Tracy B Strong Review of *Politics* This is the first genuine textual commentary on Zarathustra in English and therewith a genuine reader's guide It makes a significant and original contribution to its field

Werner J Dannhauser Cornell University This is a very valuable and carefully wrought study of a very complex and subtle poetic philosophical work that provides access to Nietzsche's style of presenting his thought as well as to his passionately affirmed values Lampert's commentary and analysis of Zarathustra is so thorough and detailed that it is the most useful English language companion to Nietzsche's edifying and intriguing work

Cinderella and Her Sisters - The Envied and the Envyng Ann Ulanov, Barry Ulanov, Seated in her nest of ashes Cinderella embodies human misery The essence of inner and outer nobility she is the envy of her cruel stepmother and her ugly sisters Using this familiar story Ann and Barry Ulanov explore the psychological and theological aspects of envy and goodness In their interpretation of the tale they move back and forth between internal and external issues from how feminine

and masculine parts of persons fit or do not fit together to how individuals conduct their lives with those of the same and opposite sexes how they conflict compete or join harmoniously The Cinderella tale so simple and so profound offers a direct road into and through the thickets of envying and being envied Envy between sisters between mothers and daughters between the sexes between nations between different parts of our own psyche even of God these are the multiple places of wounding we touch in this book The central role of envy in determining the very nature of our society its politics for example is we think crucial After considering this rarely discussed human emotion the authors focus on the nature of goodness as it surfaces in the envy experience They reflect on its abundance ability to unite disparate parts its abiding presence and its joy then conclude with a glossary of terms and a brief review of the psychological literature on envy

The Loved and Envied Enid Bagnold,1951 At fifty three Lady Ruby Maclean had not lost her beauty for which she had been loved by many men and envied by her colorless daughter Miranda her friend Cora and her women relatives Through flash backs the life of each character is related A curious detachment presents a depressing picture of people whose fruitful years are over and who face old age with varying degrees of hopelessness

Chiron in Love: The Astrology of Envy, Rage, Compassion and Wisdom Liz Greene,2023-09-20 This book is based on a seminar originally given by Liz Greene in 2005 entitled Chiron in Love because Chiron s story is most clearly and poignantly enacted in our most personal exchanges with the people closest to us It includes a background of mythic material about Chiron that can help to shed light on the interaction between Chiron in one horoscope and the planets and angles in another In 2020 during the height of the Covid pandemic Liz gave three further online seminars to explore the relationship between Chiron and the global outpouring of helplessness fear rage polarisation and apparently obsessive determination to find scapegoats that has emerged as a result of the pandemic and its psychological consequences Sections of these more recent seminars have been amalgamated with the original seminar resulting in a broad spectrum of themes all related to the central core of Chiron s myth and meaning Ways of permanently healing Chiron s wound and saving the world are not included Instead the emphasis is on the individual and the necessity of working as honestly and insightfully as possible with the feelings of envy rage bitterness and potential wisdom and compassion reflected by Chiron s complex story Astrology students of all levels will find Liz Greene s insights invaluable in working with this paradoxical and challenging astrological symbol
