Adding trouble and temptation to Mel's job is Luce Iblis, the damnably hot CEO who has set his smouldering eyes on the new office angel and he's determined to claim her body and soul. Can ultimate evil and angelic perfection escape a limbo of desire and find a paradise of their own? A tiny taste of what's in store. Do you know how long you've made me wait? Luce lifted his chin. Close the door. Mel turned and kicked the door shut with the sole of one shoe. The click of it closing coincided with her eyes meeting Luce's once more. Now strip and get your arse on the desk. Luce instructed. Mel stared at him. He couldn't be serious, could he? Every other girl in this building knows how to do as she's told. Do you know how many girls I've had on this desk? You should consider yourself lucky. The last one I had in here was so quick getting undressed that I managed to give her a full fifteen minutes of my time. At this rate you'll be lucky to have five. Mel became transfixed by the timber desktop. Did you wipe it clean afterwards? What? Luce's face reddened. Building on children's natural inclinations to pretend and reenact, play therapy is widely used in the treatment of psychological problems in childhood. 101 Favorite Play Therapy Techniques incorporates methods developed to elicit the best responses from children by therapists representing cognitive behavioral, psychodynamic, and other orientations and selected for their practicality, specificity, and originality. Arranged for easy reference, each bearing a succinct description and targeted application, the interventions illustrated—including Fantasy, Storytelling, Expressive Arts, Game Play, Puppet Play, Play Toys and Objects, and Group Play—have been used with success to address such common problems as low self-esteem and unresolved fear and anger, as well as more serious difficulties arising from loss, abuse, and sexual trauma. All the contributors share the enthusiasm and respect of editors Kaduson and Schaefer for the special value of play therapy in reaching and healing young patients. Together they have created an eclectic, accessible, and comprehensive resource for students and professionals that will also support parents seeking to open new lines of communication with their children.
