The Magic Moscow Daniel M. Pinkwater,1984 **The Magic Moscow** Daniel Manus Pinkwater,1993-04-01 Relates the adventures of Edward grandson of a famous television sled dog with his owner Steve who manages a Hoboken ice cream stand **The Magic Moscow [kit]** Daniel Manus Pinkwater,1985 *Desperate Magic* Valerie A. Kivelson,2013-11-15 In the courtrooms of seventeenth century Russia the great majority of those accused of witchcraft were male in sharp contrast to the profile of accused witches across Catholic and Protestant Europe in the same period While European courts targeted and executed overwhelmingly female suspects often on charges of compacting with the devil the tsars courts vigorously pursued men and some women accused of practicing more down to earth magic using poetic spells and home grown potions Instead of Satanism or heresy the primary concern in witchcraft testimony in Russia involved efforts to use magic to subvert mitigate or avenge the harsh conditions of patriarchy serfdom and social hierarchy Broadly comparative and richly illustrated with color plates *Desperate Magic* places the trials of witches in the context of early modern Russian law religion and society Piecing together evidence from trial records to illuminate some of the central puzzles of Muscovite history Kivelson explores the interplay among the testimony of accusers the leading questions of the interrogators and the confessions of the accused Assembled they create a picture of a shared moral vision of the world that crossed social divides Because of the routine use of torture in extracting and shaping confessions Kivelson addresses methodological and ideological questions about the Muscovite courts equation of pain and truth questions with continuing resonance in the world today Within a moral economy that paired unquestioned hierarchical inequities with expectations of reciprocity magic and suspicions of magic emerged where those expectations were most egregiously violated Witchcraft in Russia surfaces as one of the ways that oppression was contested by ordinary people scrambling to survive in a fiercely inequitable world Masters and slaves husbands and wives and officers and soldiers alike believed there should be limits to exploitation and saw magic deployed at the junctures where hierarchical order veered into violent excess **Magic Universe** Nigel Calder,2005-10-13 This is a marvellously engaging tour covering the whole of modern science from transgenic crops to quantum tangles Written by one of the most experienced and well known names in science writing it is also assuredly reliable science Although arranged for convenience and quick reference as a collection of topics in alphabetical order it is very different from any conventional encyclopedia Each topic tells a story making the book eminently browsable Packed with information yet carrying its immense learning lightly this is a book that would appeal to anyone with the slightest interest in how the world works **Four Hoboken Stories** Daniel Pinkwater,2017-08-21 Collected for the first time four funny and imaginative tales for kids by an acclaimed storyteller include Looking for Bobowicz A Hoboken Chicken Story The Magic Moscow Attila the Pun and Jolly Roger A Dog of Hoboken Patriarchy and Power in Magical Realism Maryam Ebadi Asayesh,2017-08-21 Although the term magic al realism appeared in 1925 in pictorial art in Germany it became well known with the boom of magical realist fiction in Latin

America in the 1960s Since the 1980s it has become one of the popular modes of writing worldwide Due to its oxymoronic and hybrid nature it has caught the attention of critics Some have called it a postcolonial form of writing because of its prominence in postcolonial countries while others have called it a postmodern mode because of the time of its emergence and the techniques applied in these kinds of novels This book discusses how magical realism was used in the works of three contemporary female writers Indigo or Mapping the Waters 1992 by the British Marina Warner The House of the Spirits 1982 by the Latin American writer Isabel Allende and Fatma a novel of Arabia 2002 by the Saudi Arabian Raja Alem It shows how by applying magical realism these writers empowered women Using revisionary nostalgia these works changed the process of history writing by the powerful showed the presence of women and gave voice to their unheard stories Even the techniques applied in these novels presented the clash with patriarchy and power Attila the Pun Daniel M. Pinkwater,1994-05-31 When the mystic seer of Hoboken and the employees of the Magic Moscow summon the ghost of a famous person they get a punster with a collection of 1500 year old jokes *Studies in the Syriac Magical Traditions* Marco Moriggi,Siam Bhayro,2021-10-25 The study of the Syriac magical traditions has largely been marginalised within Syriac studies with the earliest treatments displaying a disparaging attitude towards both the culture and its magical practices Despite significant progress in more recent scholarship in respect of the culture its magical practices and their associated literatures remain on the margins of the scholarly imagination This volume aims to open a discussion on the history of the field to evaluate how things have progressed and to suggest a fruitful way forward In doing so this volume demonstrates the incredible riches contained within the Syriac magical traditions and the necessity of their study A Guide to Physics Problems Sidney B.
