Magic Of Skye:

The Magic of Skye William Arthur Poucher, 1949 *Ancient Magic* Alexandra Ivy, 2024-07-23 Return to bestselling author Alexandra Ivy's new Magic for Hire series where the witches of a small New Jersey bookstore discover a secret dormant for centuries and one woman unlocks the passion of a solitary heart The Vampire Cabal meets only under the direst circumstances But since Skye Claremont's coven proved wild magic has returned the cabal has gathered in New York City to decide the fate of the powerful mages Skye doubts her oracular powers can help After ten years indentured to a demon gang paying off her father's gambling debts with visions her freedom has come despite her weak abilities not because of them But when her father sends a text to demand a meeting she doesn't need to read the future to know trouble will follow The demons want her to kidnap Micha the reclusive fearsome leader of the New Orleans vampire cabal As if a low voltage witch like her could succeed But when Skye looks into Micha's eyes she sees certain doom if she doesn't take him to their stronghold after all Spellbound more by beauty and intrigue than magic the vampire follows her into the dark of a demon cell When the door slams behind them they'll have to unravel the tangled threads of prophecy and politics that make the way forward immeasurably dangerous But it's desire that could undo them both *Wild Magic* Alexandra Ivy, 2024-01-02 From a Wyoming ranch to a New Jersey bookstore caf when old world demons modern day mages and irresistible attraction collide desire becomes the most powerful and dangerous weapon of all in this spellbinding new series from the New York Times bestselling author There was a time when demons reigned That was before they were forced to retreat to the shadows Today in hidden corners across the globe their evil blood still pools and the authority of their new rulers the Vampire Cabal must never be challenged Leave it to a Jersey girl to change ancient history At sixteen when Peri Sanguis's wild magic first appeared she was forced to flee her Wyoming ranch and her suddenly murderous family to save her own life On the East Coast tutored by mages who run the Witch's Brew bookstore cafe Peri's world seems magically tranquil until her estranged mother and a coven of witches are slaughtered Now to solve the violent mysteries of her past she must put her trust body and soul in a sensual immortal who is every woman's darkest fantasy The golden eyed vampire Valen has never wanted more than to claim an untamed female like Peri Lured into each other's orbit and working together against a resurrected evil brings them intimately closer to danger blood betrayals all consuming passion and to sacrifices that must be made to save themselves and the world *The Magic of Skye* William Arthur POUCHER, 1949 *Kingston* Kathi S. Barton, 2025-08-12 He's hot dangerous and breathes fire literally Kingston Kings Savage never expected his next mission to involve a sharp tongued fiercely independent woman who wants nothing to do with him or the truth about the danger stalking her But when Skye crashes into his world dragging along a brilliant boy with secrets worth killing for Kings knows two things instantly she's his mate and he'll burn the world down to keep her safe Skye's been on the run for years surviving by her wits and trusting no one The last thing she needs is a possessive dragon shifter insisting she belongs to him But between Kings infuriating charm

his unshakable protection and the heat that flares every time they're near resisting him is becoming impossible Skye must decide if she can put her faith in a dragon who swears she's his forever Because in King's arms she just might find the one thing she never thought she'd have again home Kingston is a sizzling paranormal romance filled with danger magic family loyalty and a love that roars as loud as any dragon [Magic Trees of the Mind](#) Marian Diamond, Janet Hopson, 1999-01-01 Cutting edge scientific research has shown that exposure to the right kind of environment during the first years of life actually affects the physical structure of a child's brain vastly increasing the number of neuron branches the magic trees of the mind that help us to learn think and remember At each stage of development the brain's ability to gain new skills and process information is refined As a leading researcher at the University of California at Berkeley Marion Diamond has been a pioneer in this field of research Now Diamond and award winning science writer Janet Hopson present a comprehensive enrichment program designed to help parents prepare their children for a lifetime of learning **Unicorn Academy**
