**Turning the Wheel** Wim van den Dungen, **The Origins and Diversity of Axial Age Civilizations** Shmuel N. Eisenstadt, 2012-02-01 This book presents a new and original analysis of the great ancient civilizations focusing on the breakthroughs and their institutionalization in Greece Israel China and India The conditions under which these civilizations developed are systematically explored For comparative purposes the civilization of Assyria where such a breakthrough did not take place is analyzed Attention is given to the transformation of modes of thought and symbolism Special focus is brought to the development of the great religions and the perception of tension between the transcendental and mundane orders and between rulers and other elites

Ritual Embodiment in Modern Western Magic Damon Zacharias Lycourinos, 2017-11-15 In the Western world magic has often functioned as an umbrella term for various religious beliefs and ritual practices that seek to influence events by harnessing supernatural power The definition of these myriad occult and esoteric traditions have however usually come from those that are opposed to its practice notably authorities in religious legal and intellectual spheres This book seeks to provide a new perspective directly from the practitioners of modern Western magic by exploring how a distinctive mode of embodiment and consciousness can produce a transition from an ordinary to a magical worldview Starting with an introduction to the study of magic in the Western academy the book then presents the author s own participant observation of five ethnographic case studies of modern Western magic The focus of these ethnographic case studies is directed towards ideas and methods the informants employ to self legitimise and self represent as magicians It concludes by discussing the phenomenological implications and issues around embodiment that are inherent to the contemporary practice of magic This is a unique insight into the lived experience of practitioners of modern magic As such it will be of keen interest to scholars of the Occult and New Religious Movements as well as Religious Studies academics examining issues around the embodiment and the anthropology of

religion     **The Many Faced Jewel, vol. 1, Traditional Witchcraft** Frater Sabellicus, John Madziarczyk, 2024-05-01 The Many Faced Jewel deals with the primal transcendental reality of the witches Sabbath It outlines how the individual can hook into this reality as well as how this basic reality has been recognized by a variety of mystical religious traditions throughout the ages These include Christian Gnostic Islamic and Pagan mysticism It examines the fundamental unity between these esoteric traditions based on their partaking of the Primal Vision of the Sabbath Next it looks at 19th century influences on 20th century traditional witchcraft This includes themes such as the megalithic tradition in Europe Gerald Massey's work the concept of the Cabiri and Neo Druidism It documents an example of the influence of Freemasonry on the Craft Finally it presents practical instructions and theory These include treatments of the thought of Austin Osman Spare and Andrew Chumley It includes a grimoire with cosmology descriptions of gods advice on ritual as well as a ritual framework It also contains a treatment of the Toadstone in relation to the Sabbath and witchcraft and outlines a system of esoteric anatomy and practice The Many Faced Jewel complements The Magicians Discovered volumes 1 and 3 and clarifies and deepens themes in these works relating them to traditional witchcraft     **Neoplatonism and Contemporary Thought** R. *Awakening of the Watchers* Timothy Wyllie, 2016-02-18 Writing together with Timothy Wyllie the angel Georgia details the events of Earth's ancient history from 16 500 BC to 8 000 BC Chronicles the disappearance of Lemuria the rise of Atlantean technology and piracy and the first wave of rebel angels incarnating as Atlantean slaves Explains the 3 eras of Atlantis and how the island was finally destroyed in 1198 BC Interwoven throughout with observations about Timothy Wyllie's current and previous lives such as his years of involvement with the Process Church After 200 millennia of celestial quarantine in the wake of Lucifer's angelic revolt Earth and the rebel angels isolated here are being welcomed back into the benevolent and caring Multiverse Writing together with Timothy Wyllie Georgia a rebel angel who took on the role of Watcher after the rebellion provides her personal account of Earth from 16 500 BC to 8 000 BC a period that encompasses the first two eras of Atlantis Georgia shares her experiences being present for the final disappearance of Lemuria and the loss of their spiritual system She describes advanced Lemurian technology that was designed for the betterment of the Earth and its people and was then lost and the aggressive piracy of the Atlanteans who preyed on the Lemurian survivors Detailing the three eras of Atlantis and how the island's final destruction was in 1198 BC she explains the rise of Atlantis as a technological power She reveals the quarrels between the Pleiadians and the Sirians during this period and explores the myths of the Anunnaki reputed to have arrived on Earth to mine for gold Georgia interweaves her story with observations about Timothy Wyllie's current and previous lives focusing here on his involvement with the Process Church as well as his experiences with bizarrely orchestrated orgies psychometrics and psychedelic culture in Europe in the 1970s Georgia shares her words in part to awaken some of the more than 100 million

rebel angels currently living their human lives most unaware of their angelic heritage and struggling with their sense of being different She reveals how a mortal incarnation for a rebel angel is an opportunity to redeem the past and help prepare the way for the transformation of global consciousness now beginning as the rebel held planets including Earth are being welcomed back into the Multiverse

*Passion Driven* Xena Mindhurst, 2025-01-05 *Passion Driven* delves into the science of human motivation and fulfillment presenting a comprehensive framework that combines cutting edge neuroscience with established psychological theories The book uniquely integrates three fundamental pillars motivational neurochemistry meaningful engagement and purposeful goal setting supported by compelling evidence from a decade long study of 5 000 individuals across diverse backgrounds and cultures Through a masterful blend of academic research and practical application the book progresses from understanding basic motivational drivers to creating environments that promote flow states culminating in strategies for sustainable happiness A particularly fascinating insight reveals that lasting satisfaction stems from aligning daily activities with intrinsic motivations rather than external rewards supported by both brain imaging research and behavioral studies The work skillfully bridges theoretical concepts like Csikszentmihalyi's flow theory and Seligman's PERMA model with recent neuroscientific discoveries about reward pathways The book's structure guides readers through three main sections Understanding Your Drivers Engagement Architecture and Sustainable Joy each building upon the previous to create a comprehensive approach to well being What sets this work apart is its evidence based yet accessible presentation featuring practical exercises and case studies that help readers apply complex concepts to their daily lives The content acknowledges individual differences while providing measurable tools for enhancing personal motivation and life satisfaction across professional personal and social domains

**The Nature of Magic** Susan Greenwood, 2020-06-03 This book examines how and why practitioners of nature religion Western witches druids shamans seek to relate spiritually with nature through magical consciousness Magic and consciousness are concepts that are often fraught with prejudice and ambiguity respectively Greenwood develops a new theory of magical consciousness by arguing that magic ultimately has more to do with the workings of the human mind in terms of an expanded awareness than with socio cultural explanations She combines her own subjective insights gained from magical practice with practitioners in depth accounts and sustained academic theory on the process of magic She also tracks magical consciousness in philosophy myth folklore story telling and the hi tech discourse of postmodernity and asks important questions concerning nature religion's environmental credentials such as whether it is inherently ecological as many of its practitioners claim
