The Eartheart Experience Charles Anthony Lallo, 2020-01-16 The Eartheart Experience PLAN ET A Plan called Eartheart The Eartheart Experience is a philosophy transcending all that separate us Based upon our two most basic essential elements our EARTH our home EXternal and our HEART our home INternal these two common denominators to every one of us create a platform for us to all come together in a spirit of love and beauty emanating from Divine Expression It is not happenstance nor coincidence that these two most important elements to our existence happen to have exact same characters in exact same sequence with exact same numerological value It is not mere happenstance that Matthew 12 verse 40 of the Holy Bible King James Version quotes Jesus saying As Jonas lay in the belly of the whale for three days and three nights so shall the Son of man lay in the HEART of the EARTH E A R T H E A R T The Eartheart Experience points us homeward toward our spiritual mystical essence This philosophical perspective gives glimpse to an underlying Truth Reality showing us there is more than meets the eye in life The Eartheart Experience is an expression of the flow of grace This FLOW expresses a FLOWer of higher consciousness and greater awareness A deeper level of reality is that we all come from the same Source of Life It is this Source of Life that awakens each of us into every new day This is a common truth for us all How real do YOU want to get The answer determines how well we get to know ourselves A must do The EARTH is our HOME HOME is where the HEART is A perfect alignment for ENLIGHTENED ILLUMINATED LIVING YOUiverse is the book God is the author Charles Lallo

The Coming New

World Order Thomas J. Mueller, 2015-04-02 This book proposes a step by step blueprint for a better world There is a storm brewing on the horizon A new world order is coming based on all the trends and global pressures that is facing mankind today The question is who's world vision is going to prevail and lead us into the 21st century and beyond Will it be based on Man's vision and his world ruling government that has only produced war or God's vision and Christ's world ruling government that is guaranteed to produce lasting peace The outcome to this vital question and struggle will either bring on the Apocalypse or the prophesied Millennium It is our choice and we need to decide soon before we hit a point of no return Prophecy says the Kingdom of Man is going to face off with the Kingdom of God on the Plains of Megiddo in Northern Israel in the not too distant future for supremacy on earth if we don't heed the warnings and change our ways Our message therefore is simple Christ is returning shortly as King of Kings to establish a new political order His world ruling government of the Kingdom of God on earth His return can either be a forceful one or a peaceful one It is our decision Either way we need to decide soon and get ready for the Second Coming

COSMIC MECHANICS-How We Create Reality With Zero-Point and Quantum Waves Fred Aeilts, 2007-06-20 Recent discoveries in Quantum Mechanics have proved that there is no discrete particle or solid chunk of anything in the whole Physical Universe It is all standing waves arising from the seething zero point field created by cosmic beings like you and me The properties of mass inertia charge and gravity are the result of space resonances produced by zero point scalar waves This book with color pictures details the theory models and mathematics of zero point scalar waves gravity magnetism biophotonics the creation of 200 trillion year old orbs that we take with us between bodies the source of evil the basis of vibrational healing and psychic abilities who you really are how hypnotism works how your personal orb affects you our prison planet and how to photograph orbs Your orb is an insidious and diabolical quantum computer that disables you and ruins your lives If you want to know how things work in this and other universes read this book

God and His Children George Hayes, 2020-12-30 This book is the result of God's mysterious activities on George Hayes's behalf George has been beholden to God throughout his life He continues to return God's love with a second book resuming the exposition of God and the Western World that divulged the works of God as He spread Christianity worldwide The focus here is an understanding of mankind's advance to high intelligence and a comparison of man's technologies to God's technologies God's technologies include dark matter dark energy DNA and RNA Included in this discussion are more details on the creation and sustenance of the universe An example of the information discussed is the interplay of dark matter and dark energy just prior to and during the Big Bang A discussion of the climate change problems we are experiencing is presented including a list of major cities worldwide that may be submerged by a minimum two hundred foot rise in sea level There is a presentation of changes to Earth as Pangea broke up eventually forming the continents we know and how life on Earth changed as God affected evolution to bring mammals upon Earth and then manipulated DNA to give rise to modern man A discussion of mankind's religions is conducted Important findings in the

garden continent of Africa regarding distribution of languages are discussed as well as a finding that may lead to the original language used by God to converse with Adam and Eve as well as used by God to direct dark matter and dark energy when He spoke our universe into existence In conclusion firstly God s works from before the Big Bang until the coming of Jesus Christ is summarized Secondly a briefing on God s march through time is displayed as the word of Jesus Christ is spread worldwide Thirdly the efforts are listed for avoidance of leaving a badly damaged Earth with our coasts and their infrastructures becoming submerged There are two distinct audiences for whom George has developed both books The first is the scientific community The second audience is the average person living on Earth and there may be passages that confuse them due to technical detail You may want to skip those passages and you can You will still have an engrossing read But if you reread them you may develop a complete understanding of the marvels God Almighty has accomplished to bring Earth s human beings to the status we have reached today

The Love Story of Creation Edward Ruetz,Ruetz Edward Ruetz,2010 A man awakens one day in a land of brilliant light Unsure of his surroundings he sees another man woman and their child surrounded by a pure crimson energy of love He soon realizes that the Divine Beings intend to use their energy of love to give birth to new beings And so begins an expanding Universe fueled by diverse particles woven by gravity s power into a massive web The Divine Beings empower atoms to be agents of creativity The first beings Quarkie and Photie join twelve atom friends and quadrillions of other atoms who manage to create billions of suns in billions of galaxies After the Divine Beings take the atom pals on journeys back to the past to visit other atom families the atom friends living in the Milky Way Galaxy are jolted by an exploding supernova and land on planet Earth where they eventually create the first living beings During the next two billion years they engage in a crucial mission the conception of the eukaryote cell which will

determine all future creativity on Earth But just as they are certain of their success a momentous catastrophe threatens to end their creative journey *Brothers* Greg Roseberry,2003-08-21 Charles Everett Roseberry joined the United States Army in 1942 in part because he was single whereas his brother William Chester Roseberry was married Charles served overseas in Africa Italy France and Germany William Roseberry was drafted into the Army in 1944 just months before the birth of his second son on D Day William served in Italy in the North Appenines and Po River campaigns Both brothers wrote regularly to their sister Margaret Roseberry Lawton of Radford Virginia who saved their letters for over 50 years before giving them to their children and grandchildren The letters are not descriptions of the war which would have been censored but the concerns of two young men from a small southwest Virginia town finding themselves overseas and away from their families Topics range from family matters to the capture or deaths of friends and a recurring theme is each brother s concern for the other *INTRODUCTION TO THE SCIENTIFIC STUDY OF POETRY* Mark Harvey Liddell,1902 **An Introduction to the Scientific Study of English Poetry** Mark Harvey Liddell,1902 **The Eden Family; Showing the Loss of Our Paradise Home and Our Infinite Obligations to the Divine Benefactor, for Our Early and Gracious Rescue from Desert Exile ...** Jeremiah Dodsworth,1858 **The God Particle Bible** Michael Mathiesen,2016-10-09 It should be obvious even to the Scientists that discovered the God Particle otherwise known as the Higgs Boson that only some form of God would be the one to send out all of his particles But too many of us are so objective and jaded that we miss the most obvious lessons in Science right in front of our eyes The God Particles were the first of such things created during the Big Bang and we know this because it is only the God Particle that can give all of the other particles their mass Not only in the subatomic world but all of our lives depend on the God Particle Field remaining in effect from the beginning of Time all the way to the end of Time And if it was the first thing to be created in the universe by the Creator of the universe do we not owe this most amazing event in the history of the universe just a little more investigation and perhaps even reverence When you look at the universe both to the outside of us or to the inside of us you see the magnificent footprints and fingerprints of a master Creator Nothing is more obvious than the fact that the way things snap together so perfectly can t possibly be an accident or a random series of events There is an obvious patter to it so God s Particles the ones in the center of the current model of the common understanding of Physics and subatomic physics had to have something in the middle like a keystone for a building something that keeps it all together and in this model we finally have reality cemented together or at least most of it Today they are saying there may be a Fifth Force in the universe and a particle that carries it But in order to understand that fifth force should it prove to be real we need to fully understand the God Particle first This book is for anyone who has ever wondered why major events take place in their lives for which there seems to be no explanation The explanation is clear now thanks to the discovery in Geneva Switzerland in 2012 using the most expensive scientific apparatus in history the Large Hadron Collider to discover the God Particle God is no longer just a myth and part of a mythology no longer is God based on

fairy tales or stories in children's books God is now based on the best Scientific exploration that is possible using the human mind The God Particle it turns out is the most basic fundamental force that makes everything in the universe happen according to a plan Since the discovery of this amazing new energy we now have at our disposal a pathway to finding our source Since the God Particle was the first thing created by the Big Bang and since it gives everything else in the universe its mass the stuff that makes things matter it is simple logic to see that the God Particle Field is the way that God promulgates his will all over the universe That means these particles are constantly working to create all of our life's events in such a way that follows God's laws especially the ones we call the Laws of Physics The good news is that anyone can understand these laws and use them to their own advantage You don't need a Ph.D. in any scientific discipline to fully appreciate these concepts All you need is a little bit of curiosity as to how the universe works and your place in it The God Particle Bible is a new Book that will take you on an adventure in Science where they have proven the existence of God Not only has Science proven the existence of God in the manner of the discovery of the God Particle but they have shown us how God works his miracles in our daily lives This book authored by noted Science Fiction writer Michael Mathiesen is the first of its kind to describe not only how God works but also where God lives The author presents us with an entire new form of Technology that anyone can learn to use to exploit the greatest Force in the universe to alter one's fate or change their own destiny as well as the destiny of our entire civilization The Force mentioned in Star Wars actually exists It has now been proven to exist The God Particle Bible is the first primer on how to use The Force to benefit the individual life as well as the life of the planet and all future generations

Neo-Classical Physics or Quantum Mechanics? Dilip D James, 2016-10-27 There is an uncanny resemblance between Christianity in the middle ages and Physics in the twenty first century Formerly the common man could neither read nor understand the scriptures as they were written in Latin the clergy had to interpret the scriptures for the laity with

predictable results Physics in the twenty first century is similar Only mathematicians with doctoral degree can understand the universe and how it works to the rest of mankind the universe is an area of darkness This is not by any means a desirable development As human beings we are all sentient individuals and as such are expected to enquire about our environment the world around us and the universe we live in On a fundamental philosophical basis it is wrong to believe that such knowledge whether by circumstance or by design is limited to a privileged few This book explains the universe for the first time in a way that is comprehensible to everyone Neo classical physics undertakes the study of the behaviour of the universe as an entity and the physics of sub atomic particles is easy to understand in everyday terms Neo classical physics is the language that sets you free free to see free to comprehend and free to wonder anew
