Karl, 2022-05-05 Over the last few decades and from across a spectrum of centrist political thought a variety of academic disciplines and numerous public intellectuals the claim has been that we need to empathize more with marginalized people as a way to alleviate social inequalities If we all had more skill with empathy so the claim goes we would all be better citizens But what does it mean to empathize with others How do we develop this skill And what does it offer that older models of solidarity don't Why empathy and why now Rereading Empathy takes up these questions examining the uses to which calls for empathy are put in the face of ever expanding economic and social precarity The contributors draw on a variety of historical and contemporary literary and cultural archives to illustrate the work that empathy is supposed to enable and to query alternative models of building collective futures *The Focal Encyclopedia of Photography* Michael R. Peres, 2013-05-29 This volume is a complete revision of the 1996 third edition shares the ever changing breadth of photographic topics with a special emphasis on digital imaging and contemporary issues Produced by an international team of photographic and imaging experts with collaboration from the George Eastman House the world's oldest photography museum this fourth edition contains essays and photographic reproductions sharing information where photography and imaging serve a primary role ranging from the atomic to the cosmic *Modern Psychedelics* Joe Dolce, 2025-08-05 Modern Psychedelics is a judgment free handbook that compiles contemporary research and ancient knowledge to guide adult readers who are interested in the mindful exploration of these misunderstood extraordinary powerful substances We are currently in the midst of a massive psychedelic resurgence Medical and academic research teams all over the world have launched studies into the effective use of psychedelics to treat illnesses which modern medicine can't always effectively address including PTSD addiction and depression At the same time a growing number of adults are interested in experiencing the potentially life changing insight and perspective that psychedelics reputedly provide But those searching for reliable information for how to take and make meaning from these profound experiences have found little available until now Modern Psychedelics covers the history research myths and use of the most popular psychedelics including MDMA Magic Mushrooms Ketamine DMT 5 MeO DMT Ayahuasca LSD Mescaline Payote Huachuma and Ibogaine Iboga In addition it offers essential information on how to set an intentional journey the potential benefits of microdosing how couples can use psychedelics to enhance intimacy and connection and recommendations for responsible use when working with these extraordinary substances Accessibly written and filled with wisdom from many trusted sources no other book offers the depth of information to mindfully guide you into these amazing alternative experiences *The Bulletin*, 2004 *Magnum Photos* Magnum photos, 2006 Parrworld: Postcards Martin
