Maigret And The Gangsters:

Maigret, Lognon and the Gangsters Georges Simenon, 2017-08-01 A writer as comfortable with reality as with fiction with passion as with reason John Le Carr Inspector Maigret goes up against a group of American gangsters and finds he just might have met his match In Maigret's latest adventure the Inspector learns that his hapless colleague Lognon is being menaced by some notorious American mobsters and he makes it his mission to bring them to justice despite threatening warnings that he is out of his depth As the stakes get higher Maigret must rely on intel from his FBI friend in Washington D C as well as his own ingenuity to smoke the Americans out before they can complete the job and silence his star witness permanently

Maigret and the Gangsters Georges Simenon, 1986 A body that vanishes after it's tossed from a speeding car arouses Maigret's suspicions that mobsters from America are in Paris Beginning his careful investigation the detective relentlessly questions a shady restaurateur but gets no solid leads to the imported criminals or their presumed victim Maigret gradually realizes that friends from the FBI are working behind his back and pride insists that he compete with them to solve the case

Maigret's World Murielle Wenger, Stephen Trussel, 2017-09-13 Georges Simenon's 75 novels and 28 short stories that feature Chief Inspector Jules Maigret provide us with a great deal of information about the French police detective but only in small episodic doses As readers become acquainted with Maigret one detail at a time he slowly takes on a flesh and bone realism not merely a character in a story but someone we would like to meet in real life This book presents all the canonical facts and details about the detective and his world in one place presented with tabulations and analyses that enable a better understanding of the works and of Maigret himself

Investigating Simenon Russell Campbell, 2022-09-21 For nearly a century the work of Belgian crime writer and psychological novelist Georges Simenon creator of Chief Inspector Maigret has captivated readers worldwide This investigation situates Simenon's work in its historical context and interprets it as a reaction to shifting gender relations in Western society Simenon's compelling narratives capture the anxieties of men whose patriarchal position was under threat in an era of insurgent feminist movements These concerns are also evident in Simenon's pervasive preoccupation with sexuality as well as his political stance that stems from his petit bourgeois upbringing This groundbreaking study includes interwoven commentary on all 191 novels Simenon published under his own name including several that have never been translated into English as well as a number of short stories and several pseudonymous works
