In *Afterzen* van de Wetering provides unorthodox solutions to a collection of classical koans found in Walter Nowick s *The Wisteria Triangle* Van de Wetering gives them his own distinctive touch of humor down to earth reality and tough spirituality in the context of meeting and adventures with personalities collaged from bits and pieces of teachers and fellow students who kindly came my way In this third book of the trilogy van de Wetering is at his accessible honest funny and genuinely spiritual best Handbook of UFO Religions ,2021-03-08 The Handbook of UFO Religions edited by esteemed scholar of new religions Benjamin E Zeller offers the most expansive and detailed study of the persistent popular and global phenomenon of religious engagements with ideas about extraterrestrial life The present work considers not only new religions founded on ideas about extraterrestrials and UFOs but how those within more mainstream religions have responded to the science scientific speculation and popular culture involving extraterrestrials UFOs and related concepts Global in reach it includes chapters considering South and East Asia Europe and North and South America and draws on several interdisciplinary methods In addition the handbook traces connections between UFO religiosity and cultural patterns such as science and scientism esoterism and occultism millennialism and popular culture Anarchy in the Pure Land Justin Ritzinger,2017-08-31 *Anarchy in the Pure Land* investigates the twentieth century reinvention of the cult of Maitreya the future Buddha conceived by the reformer Taixu and promoted by the Chinese Buddhist reform movement The cult presents an apparent anomaly It shows precisely the kind of concern for ritual supernatural beings and the afterlife that the reformers

supposedly rejected in the name of modernity This book shows that rather than a concession to tradition the reimagining of ideas and practices associated with Maitreya was an important site for formulating a Buddhist vision of modernity Justin Ritzinger argues that the cult of Maitreya represents an attempt to articulate a new constellation of values integrating novel understandings of the good clustered around modern visions of utopia with the central Buddhist goal of Buddhahood In Part One he traces the roots of this constellation to Taixu s youthful career as an anarchist Part Two examines its articulation in the Maitreya School s theology and its social development from its inception to World War II Part Three looks at its subsequent decline and contemporary legacy within and beyond orthodox Buddhism Through these investigations Anarchy in the Pure Land develops a new framework for alternative understandings of modernity in Buddhism *Incipio* Holger H. Haack, 2024-07-09 Ninth century AD The Nova Corbeia monastery is commissioned to missionise pagans in Saxony The young Benedictine monk Johannes from Franconia sets off on a dangerous journey into pagan territory as a courier under escort On the way however he not only has to brave the dangers of unruly nature and wild animals Brother Johannes also learns a lot he steers a wagon and a boat soon speaks several pagan dialects and familiarises himself with the healing powers of plants It is not long before the young monk leaves the safe harbour of the monastery to make his home on the high seas of life A missionary assignment sends him to a pagan village settlement in inhospitable territory **Maitreya on the Image of God** Elizabeth Clare Prophet, 1990 **Path of the Swan: The Maitreya Chronicles** Charu Singh, 2014-04-15 A moment of intense silence followed and then the Rigden spoke up his voice even You have all been called today before the sacred court and from now in every breath in every heartbeat in the shadow of every moment in the intensity of the thoughtless state in life and in not life in physical or subtle form we declare you our emissaries our sacred envoys to the world of men Shambala has a task for you Lama Ozer and his novitiate Tashi leave the hidden monastery where they have lived all their lives in answer to a call from the legendary kingdom of Shambala received by the lama while deep in trance Battling the freezing cold and snow of high mist laden mountain passes and the many evil forces that thwart their progress they trek through Sikkim and Tibet to arrive at the Silver Fortress Here they meet a host of divine and dark celestial beings including the golden dakini Yeshe Nam Lha daughter of the Goddess Tara Prince A KarO heir to the Lha Empire and Prince Narasimha heir to the Rigdens and the Shambala legacy Both the princes are Yeshe s guardians and suitors and she must travel with them to Earth where it is decreed that her child Maitreya the saviour will be born But before that happens they have the Asur forces to combat and the dark prince Arden who holds Yeshe captive enthralled by his brooding menace bewitched by his spell Drawing richly from the vast pantheon of otherworldly beings that populate the myths of the Mahayana school of Buddhism Path of the Swan the first part of the surreally beautiful Tibetan Buddhist fantasy series The Maitreya Chronicles is a mesmerizing saga of the battle between celestials and dark forces and the descent of the celestials to Earth
