## **Mans Religions:**

*Man's Religions* John Boyer Noss, 1980      World Religions and Cults Volume 1 Bodie Hodge, Roger Patterson, 2015-08-13

Religions in today's culture seem to be multiplying. Have you ever wondered why certain religions believe and practice what they do? Or how they view the Bible? This volume delves into these and other engaging questions such as: How can a Christian witness to people in these religions? Do these other religions believe in creation and a Creator? How do we deal with these religions from a biblical authority perspective? Many religions and cults discussed in this first volume openly affirm that the Bible is true, but then something gets in their way. And there is a common factor every time man's fallible opinions in one way or another the Bible gets demoted, reinterpreted, or completely ignored. Man's ideas are used to throw the Bible's clear teaching out the window while false teachings are promoted. This book is a must for laymen, church leaders, teachers, and students to understand the trends in our culture and around the world where certain religions dominate, helping you discern truth and guard your faith. When you understand a religion's origins and teachings, you are in a better position to know how to proclaim the gospel of Jesus Christ as you take the good news to those in false religions.

**World Religions Through a Christian Worldview** Pat Zukeran, 2008-08

Do Jews, Muslims, and Christians worship the same God? Should Christians participate in Yoga or the martial arts? Christians today are constantly interacting with individuals, concepts, and practices from the world's religions. To be an effective witness and avoid embracing false ideas, it is essential for Christians to understand and evaluate the various religions from a biblical perspective. This book is designed to equip Christians for that task. Section one gives an overview of the major religions followed by a biblical critique. Section two presents an overview and biblical critique of popular religious ideas and practices such as alternative medicine, martial arts, and yoga. Section three addresses the challenges of religious pluralism and presents the author's defense for the unique and exclusive truth of Christianity. This is a needed resource for all who want to be an effective witness for Christ in a pluralistic world. This is a handy, helpful handbook for witnessing to unbelievers from various and sundry religious perspectives.

Dr. Norman Geisler, Christian scholar, apologist, author, and founder of Southern Evangelical Seminary, *World Religions Through a Christian Worldview* offers another excellent resource for learning about the beliefs of various religious groups and how they compare with the Bible. It will be helpful for Christians who want to understand and witness to members of these groups. Non-Christian readers will learn why Christianity is different from other religious claims.

John Ankerberg, Author and Host of *The John Ankerberg Show*, Patrick Zukeran earned a Master of Theology from Dallas Theological Seminary, a Doctorate of Ministry from Southern Evangelical Seminary, and serves on staff with Probe Ministries. He is a researcher, author, radio talk show host, and a national and international speaker on apologetics. evidenceandanswers.org      **The Origin of Religions** B. K. Karkra, 2012 THE BOOK The book is an open eyed journey through the mystic world of faith It is an intellectually stimulating account of the birth of religions As animal for definite have no religions and intelligence is the dividing line between man and animal it should be amply clear that religions have risen out the thinking faculty of man These are about God and His creation alright but not from God though human brain itself is a gift from God The book traces the story of religions from the earliest times and tries to reach to the core of all major belief systems of the world Towards the end it draws a sort of balance sheet of the religions to form an idea what good and bad these have done to the mankind An effort has also been made to have a peep into their future      *A Man's Religion* William Fraser McDowell, 1913      The World's Living Religions Archie J. Bahm, 1992 The World s Living Religions is an authoritative study of comparative religion Oriental and Occidental by one of the foremost scholars in the field It differs from other similar works on the subject in that in addition to a detailed study of the five major religions Hinduism Buddhism Judaism Christianity and Islam the book also offers an insight into the lesser known religions such as Jainism Vedantism Taoism Confucianism and Shintoism      **Comparing Religions: A Limitative Approach** J. G. Platvoet, 2011-11-30 No detailed description available for Comparing Religions A Limitative Approach      **Following the Human One** Robert L. Montgomery, 2017-10-03 Jesus Christ is the most famous person in human history His favorite name for himself was the Son of Man or the the Human One Rarely did his followers call him that but it must have had great significance for him This book describes why this name was so important and what it means for us now Along with this favorite name this book shows how Jesus Christ fulfills human longing but at the same time is resisted by his own followers to this day Nevertheless his call to follow him has sounded down the centuries and been heeded by millions The book leads to an exploration of the Way that is found in Jesus Christ who called himself the Human One      The Power of God Unto Salvation Benjamin Breckinridge Warfield, 1930      The Inner Evolution of Man John Brokaar, 2022-05-04 TO FIND ONESELF IN THE DUALITY OF CONTRADICTIONS ONE MUST FIRST LEARN TO KNOW ONESELF THIS HOWEVER IS NOT A NATURAL PROCESS As contemporary human beings we exist in a one and two dimensional world of fearful desire for food wealth sex recognition and immortality Unaware of its illusory state where perception manifests our reality we are equally unaware of our own hybrid state As beings of physical and metaphysical features for which the attainment of the Higher Dimensions is our very birthright This attainment does not come naturally though it requires our awareness of the conceptual world as well as the acceptance of our conditioned mechanicalness within it These observations and contemplations aim to offer such awareness and to enhance the Seeker of Truth with the means to discover understand and accept his or her undivided Self This book combines philosophy including gnostic thought religion as well as the observed psychology and sociology of contemporary ways within the arenas of politics geopolitics and corporatism through the lens of spirituality and magic It is this that defines the supernatural wonders into which the Seeker of Truth must cross his or her own threshold As with all things of substance

the answer to these mysteries will not be found in selected subjects or even the sum of their parts as in such one only finds Chaos It is only in knowing the Whole of the Self that complete acceptance of All can emerge      **Myth, Ritual And Religion Vol. 1** Andrew Lang,2023-12-01
